Moral Health Alex J. Stuart,2003 Three important bodies of research on moral health are being ignored by a liberal media The first is basic research on character known as PRAIRIE CITY published in 1960 The second the Roosevelt research on the Fabian socialist led national conspiracy to convert us to socialism and the third Allen Quist s discovery of the socialist scheme to take control of the school curriculum Examination of this data is essential to preserving our republic Once our country accepts modern scientific character theory it will spread world wide Acceptance of these facts in Muslim countries may result in a significant improvement in the level of moral health and may even save the lives of our soldiers in Iraq Alex J Stuart Jr is a retired Army colonel who with two psychologists founded the National Character Laboratory Inc in 1971 He is interested in improving moral health nationally and globally by starting the use of modern character theory and in destroying the Fabian Socialist conspiracy to convert us to socialism by telling the truth about it What If America Were a Christian

Nation Again? D. James Kennedy,Jerry Newcombe,2005-04-10 Some people would gnash their teeth at the idea that America was and can be again a Christian nation They will not be satisfied until they have removed every vestige of our Christian heritage from our minds and from our surroundings Yet in this book D James Kennedy and Jerry Newcombe document the incontrovertible fact that America began as a Christian nation And we can get back on track before it s too late they say What made us great in the first place is our rich Christian heritage It s time to reclaim America **Rescuing a Broken America**

Michael Coffman,2010-11-02 A plan for restoring and protecting freedom based on the United States Constitution There has been a deliberate effort over the past one hundred years to change the worldview of Americans from a liberty and constitutionally focused world view based on the writings of Englishman John Locke to that of government control of the individual based on the writings of Frenchman Jean Jacques Rousseau Rousseau s model of state control now dominates government policy and America s world view and the free market civil liberties and protections guaranteed by the United States Constitution are being destroyed The Rousseau world view dominates our education judicial media and legislative institutions with what is called progressivism This leads to socialism fascism and even communism It is what has inflamed the backlash known as the tea party movement There is hope however Although seriously weakened the Constitution still stands and its protections are still in most laws at the federal and state level that offers protections for local communities that are generally unknown to most people even attorneys The book explains why Americans are so divided how the destruction of liberty occurred who is behind it and how Americans can stop this destruction of our way of life by electing constitutionally based candidates to office and protect their communities from egregious federal and state laws and regulations *Hiding in Plain Sight, 2nd Edition: Unmasking the Secret Combinations of the Last Days* Ken Bowers,2023-02-02 The world is full of
