Federal Equal Employment Opportunity Policy and Numerical Goals and Timetables J. Edward Kellough,1987

Federal Equal Employment Opportunity Policy and Numerical Goals and Timetables J. Edward Kellough,1989-12-08

Equal employment opportunity EEO and affirmative action have been important and often controversial political issues for more than two decades One of the most hotly debated aspects of the federal government s EEO efforts has been the use of numerical goals and timetables in the internal federal EEO program an approach adopted by the Civil Service Commission in 1971 In this incisive new study Kellough examines the utility of affirmative action in the form of numerical goals and timetables by focusing on EEO efforts in federal employment Writing for students and scholars of ethnic and minority politics as well as for policymakers Kellough identifies factors responsible for inter agency variation in the achievement of EEO goals and illustrates the overall impact goals and timetables have had on minority and female employment trends throughout the government bureaucracy Kellough begins with a discussion of the nature and purposes of goals and timetables After reviewing the history of EEO efforts prior to goals and timetables and to the events that precipitated the move toward this approach Kellough turns to an assessment of the impact of goals and timetables at both the aggregate level and in individual agencies At the aggregate level Kellough examines whether significant changes in employment trends followed the authorization of goals and timetables Turning to an examination of individual agencies the author assesses the extent of inter agency variation develops an index that ranks agencies on the extent to which they reduced the time needed to achieve parity for blacks and women and explores the independent variables that may explain inter agency variation in EEO progress The study finds support for arguments that goals and timetables agency size resources allocated to EEO and the disposition of agency EEO implementers affect rank on the index while indicating that other variables such as agency growth and the structure of agency EEO efforts appear to be less important

Handbook on Gender and Public Sector Employment Hazel Conley,Paula Koskinen Sandberg,2023-05-09 This incisive Handbook offers a timely and critical analysis of the gendered nature of public sector employment Bringing together key theoretical conceptual and empirical research from around the world Hazel Conley and

Paula Koskinen Sandberg examine the ways in which female public sector workers experience intersectional discrimination in the workplace *Military Law Review* ,1996 *The Promise of Representative Bureaucracy: Diversity and Responsiveness in a Government Agency* Sally Coleman Selden,2015-02-24 This text on representative bureaucracy covers topics such as bureaucracy as a representative institution bureaucratic power and the dilemma of administrative responsibility and representative bureaucracy and the potential for reconciling bureaucracy and democracy **Affirmative Action and the University** Kul B. Rai,John W. Critzer,2000-01-01 Affirmative Action and the University is the only full length study to examine the impact of affirmative action on all higher education hiring practices Drawing on data provided by the Equal Employment Opportunity Commission and the U S Department of Education s National Center for Education Statistics the authors summarize track and evaluate changes in the gender and ethnic makeup of academic and nonacademic employees at private and public colleges and universities from the late 1970s through the mid 1990s Separate chapters assess changes in employment opportunities for white women blacks Asians Hispanics and Native Americans The authors look at the extent to which a two tier employment system exists In such a system minorities and women are more likely to make their greatest gains in non elite positions rather than in faculty and administrative positions The authors also examine differences in hiring practices between public and private colleges and universities **Human Capital 2002** Mark A. Abramson,Nicole Willenz Gardner,2002 Human Capital 2002 provides eight studies on the state of human capital in government today From these studies Mark A Abramson Ruby Butler DeMesme and Nicole Willenz Gardner describe the human capital challenge now facing government and how it might best respond to the people and workplace challenge it now faces *Civil Service Reform in the States* J. Edward Kellough,Lloyd G. Nigro,2012-02-01 Civil Service Reform in the States examines the critical importance of civil service systems in modern government and popular efforts to reform those systems The book provides an up to date analysis and assessment of public personnel reforms undertaken by various state governments since 1990 and the extent to which these reforms have been implemented or resisted With chapters written by nationally recognized experts on civil service and civil service reform this book will appeal to public policy makers practitioners and students alike **Justice, Gender, and Affirmative Action** Susan D. Clayton,Faye J. Crosby,2025-10-01 Justice Gender and Affirmative Action by Susan D Clayton and Faye J Crosby offers a deep dive into the complex debates surrounding affirmative action through the lens of gender and social psychology Addressing the persistent gender disparities in the workplace the authors argue for the necessity of affirmative action to combat ingrained biases and structural inequalities that permeate both economic and sociological dimensions They use the theory of relative deprivation to illustrate how societal injustices can be overlooked by both victims and society underscoring the importance of proactive measures like affirmative action The book analyzes various judicial precedents shaping the discourse and application of affirmative action highlighting their impact on women s progress particularly white women who have benefited significantly from these

programs With insights drawn from numerous studies the authors argue that affirmative action is essential and propose strategies for its effective implementation emphasizing that these policies should address systemic biases rather than attempt to compensate for perceived deficiencies within marginalized groups Through a meticulous examination of the controversies and criticisms of affirmative action Clayton and Crosby guide readers towards a nuanced understanding of its necessity in promoting justice and equity in contemporary society *Handbook of Gender and Work* Gary N.

Powell,1999-07-29 The Handbook of Gender and Work provides a comprehensive overview and synthesis of the literature and knowledge about gender and work It equips the reader with a solid understanding of where we stand on gender and work issues and what the next directions for research and assessment will be Under the skilled leadership of editor Gary N Powell an outstanding group of multidisciplinary and international researchers and scholars deliver their summary and analysis of current research and their views on how gender and work intersect along a variety of societal economic interpersonal and organizational paradigms Topics include Gender gap in earnings Sex segregation of occupations Romantic relationships in organizational settings Stress and work Affirmative action Sexual harassment Mentoring Women as leaders The glass ceiling Women entrepreneurs Corporate masculinity Gender and ethnicity Gender bias in hiring and evaluating The Handbook of Gender and Work will be an invaluable resource for students scholars and professionals interested in increasing their understanding of gender related phenomena that occur in the workplace Anyone seeking guidance for dealing with specific situations that arise as a result of the influence of gender or in identifying useful directions for future will want to own a copy of this Handbook Debating Public Administration Robert F. Durant,Jennifer R.S. Durant,2017-09-25 Dialog between practitioners and academics has increasingly become the exception rather than the rule in contemporary public administration circles Bridging the gap between theory and practice Debating Public Administration Management Challenges Choices and Opportunities tackles some of the major management challenges choices and opportunities of the twenty first century facing public managers across various subfields of public administration Informed by contemporary pressures on public managers to reconceptualize purpose redefine administrative rationality recapitalize human assets reengage resources and revitalize democratic constitutionalism the book offers students practitioners and researchers an opportunity to take stock and ponder the future of practice and research in public administration Organized by three sets of major management challenges facing the field Rethinking Administrative Rationality in a Democratic Republic Recapitalizing Organizational Capacity and Reconceptualizing Institutions for New Policy Challenges the book takes an uncommon approach to the study of these topics In it leading practitioners and academics comment on condensed versions of articles appearing in the Theory to Practice feature of Public Administration Review PAR from 2006 through 2011 The authors and commentators focus on some of the best current research draw lessons from that literature for practice and identify gaps in research that need to be addressed They expertly draw out themes issues problems and prospects providing bulleted lessons
