**Fasting, Longevity, and Immortality** Charles W. Johnson, 1978      **The Use of Classical Spiritual Disciplines in Evangelical Devotional Life** Daniel D. Green, 2008-03-01 This is a presentation of a research project on the effect of classical spiritual disciplines on the spiritual and psychological well being of participants Eighteen persons studied and practiced thirteen different spiritual disciplines over a period of six months Pretests and posttests measured the resultant change Foundational chapters survey the literature of the disciplines and discuss the potential benefits and dangers of the spiritual practices considered Substantial appendices contain the lessons presented on the disciplines themselves as well as the test instruments used to measure results A narrative relating the progress of the project from inception to completion is included      **The Price of Immortality** Peter Ward, 2022-04-19 In the tradition of Jon Ronson and Tim Wu an absorbing and revelatory journey into the American Way of Defying Death As longevity medicine revolutionizes the lives of many older people the quest to take the next step to live as long as we choose has spurred a scientific arms race in search of the elixir of life funded by Big Tech and Silicon Valley Once the stuff of Mesopotamian mythology and episodes of Star Trek the effort to make humans immortal is becoming increasingly credible as the pace of technological progress quickens It has also empowered a wild eyed fringe of pseudo scientists tech visionaries scam artists and religious fanatics who have given their lives over to the pursuit of immortality Starting off at the Church of Perpetual Life in Florida and exploring the feuding subcultures around the cryonics industry Peter Ward immerses himself into an eccentric world of startups scam artists scientific institutions and tech billionaires to deliver this deeply reported nuanced and sometimes very funny exploration of the race for immortality and the potentially devastating consequences should humanity realize its ultimate dream

glorious resurrection to eternal life      *A History of Classical Chinese Thought* Zehou Li,2019-08-15 Li Zehou is widely regarded as one of China's most influential contemporary thinkers. He has produced influential theories of the development of Chinese thought and the place of aesthetics in Chinese ethics and value theory. This book is the first English language translation of Li Zehou's work on classical Chinese thought. It includes chapters on the classical Chinese thinkers including Confucius, Mozi, Laozi, Sunzi, Xunzi, and Zhuangzi, and also on later eras and thinkers such as Dong Zhongshu in the Han Dynasty and the Song-Ming Neo-Confucians. The essays in this book not only discuss these historical figures and their ideas but also consider their historical significance and how key themes from these early schools reappeared in and shaped later periods and thinkers. Taken together, they highlight the breadth of Li Zehou's scholarship and his syncretic approach. His explanations of prominent thinkers and key periods in Chinese intellectual history blend ideas from both the Chinese and Western canons while also drawing on contemporary thinkers in both traditions. The book also includes an introduction written by the translator that helpfully explains the significance of Li Zehou's work and its prospects for fostering cross-cultural dialogue with Western philosophy. *A History of Chinese Classical Thought* will be of interest to advanced students and scholars interested in Chinese philosophy, comparative philosophy, and Chinese intellectual and social history.      *The 10 Principles of Personal Longevity* Martin K.
