Fatal Advice How Safe Sex Education Went Wrong:

Fatal Advice Cindy Patton, 1996 The American public responded to the first cases of AIDS with fear and panic Both policymakers and activists were concerned not only with stopping the spread of the disease but also with guiding the public's response toward those already infected *Fatal Advice* is an examination of how the nation attempted with mixed results to negotiate the fears and concerns brought on by the epidemic A leading writer on the cultural politics of AIDS Cindy Patton guides us through the thicket of mass media productions policy and public health enterprises and activist projects as they sprang up to meet the challenge of the epidemic shaping the nation's notion of what safe sex is and who ought to know what about it There is the official story and then there is another involving local groups and AIDS activists Going back to early government and activist attempts to spread information Patton traces a slow separation between official advice and that provided by those on the front lines in the battle against AIDS She shows how American anxieties about teen sex played into the nation's inadequate education and protection of its young people and chronicles the media's attempts to encourage compassion without broaching the touchy subject of sex or disrupting the notion that AIDS was a disease of social and sexual outcasts Her overview of the relationship between shifting medical perceptions and safe sex advice reveals why radical safe sex educators eventually turned to sexually explicit including pornographic representations to spread their message and why even these extreme tactics could not overcome the misguided national teaching on AIDS Patton closes with a stirring manifesto an urgent call to action for all those who do not want to see the hard lessons of AIDS education and activism wasted or with these lessons the loss of so many more lives

Sexual Rhetorics Jonathan Alexander, Jacqueline Rhodes, 2015-10-16 Sexual rhetoric is the self-conscious and critical engagement with discourses of sexuality that exposes both their naturalization and their queering their torquing to create different or counter discourses giving voice and agency to multiple and complex sexual experiences This volume explores the intersection of rhetoric and sexuality through the varieties of methods available in the fields of rhetoric and writing studies including case studies theoretical questioning ethnographies or close and distant readings of texts that help us think through the rhetorical force of sexuality and the sexual force of rhetoric

Queer Christianities Kathleen T. Talvacchia, 2015 Queerness and Christianity often depicted as mutually exclusive both challenge received notions of the good and the natural Nowhere is this challenge more visible than in the identities faiths and communities that queer Christians have long been creating As Christians they have staked a claim for a Christianity that is true to their self understandings How do queer identified persons understand their religious lives And in what ways do the lived experiences of queer Christians respond to traditions and reshape them in contemporary practice Queer Christianities integrates the perspectives of queer theory religious studies and Christian theology into a lively conversation both transgressive and traditional about the fundamental questions surrounding the lives of queer Christians The volume contributes to the emerging scholarly discussion on queer religious experiences as lived both within communities of Christian confession as well as outside of these established communities Organized around traditional Christian states of life celibacy matrimony and what is here provocatively conceptualized as promiscuity this work reflects the ways in which queer Christians continually reconstruct and multiply the forms these states of life take Queer Christianities challenges received ideas about sexuality and

religion yet remains true to Christian self understandings that are open to further enquiry and to further queerness
