Fatal Revenge:

Dracula Marius-Mircea Crişan, 2017-11-11 This volume analyses the role of Bram Stoker's *Dracula* and its sequels in the evolution of the Gothic. As well as the transformation of the Gothic location from castles, cemeteries and churches to the modern urban gothic, this volume explores the evolution of the undead, considering a range of media from the 19th century protagonist to sympathetic contemporary vampires of teen Gothic. Based on an interdisciplinary approach, literature, tourism and film, the book argues that the development of the *Dracula* myth is the result of complex international influences and cultural interactions. Offering a multifarious perspective, this volume is a reference work that will be useful to both academic and general readers.

Fatal Revenge Phil Dunlap, 2007 US Marshal Piedmont Kelly is looking into a year-old murder after a gold watch with an inscription linking it to a dead rancher. Albert Bourbonette is discovered by a constable. Intrigued by the first clue in the murder, Kelly is determined to get to the bottom of it. The watch was found in the pocket of a man killed in a saloon confrontation. Witness descriptions lead Kelly to the two remaining Bourbonette brothers who may be trying to track down and kill every member of the gang of raiders they think robbed and shot Albert. When Kelly rides into the small town of Purdy, he finds evidence that the gang is still operating, working out of a nearby ranch that acts as a front for their illegal activities. But he is puzzled by the disappearance of Bourbonette and why they stuck around just long enough to seek out and shoot only one of the gang.

Fatal Revenge; Or, The Family of Montorio Charles Robert Maturin, 1807

Charles Robert Maturin and the haunting of Irish romantic Fiction Christina Morin, 2017-06-01 A self-described disappointed author, Charles Robert Maturin (1780-1824) has been largely relegated to the margins of literary history since his death in 1824. Yet as this study demonstrates, he exerted a fundamental influence on the development of Irish fiction in the early nineteenth century. In particular, his novels dramatically underscore the continuing presence and deployment of the Gothic mode in Romantic Ireland, an influence now frequently overlooked in critical attention to the national and regional forms popularized in Ireland in the wake of Anglo-Irish Union (1801). Working from Jacques Derrida's influential theory on ghosts, this study positions Maturin as the cornerstone on which to build a new paradigm of Irish Romantic fiction, one which accounts for the spectral traces of the past cultural, social and political evident in early nineteenth-century Irish fiction. As it does so, it calls for renewed critical and popular attention to an author who himself continues spectrally to emerge in the works of his literary successors.
