Harry Liebersohn

Fate And Utopia In German Sociology 1870 1923:

Fate and Utopia in German Sociology, 1870-1923 Harry Liebersohn, 1990-08-15 Fate and Utopia in German Sociology provides a lucid introduction to a major sociological tradition in Western thought It is an intellectual history of five scholars Ferdinand Tönnies Ernst Troeltsch Max Weber Georg Simmel and Georg Lukács who created modern German sociology over the course of fifty years from 1870 to 1923 Liebersohn portrays his subjects as thinkers who were deeply immersed in the politics and poetry of their time and whose sociology benefited in unexpected ways from sources as diverse as medieval mysticism and Nietzsche's Birth of Tragedy He maps out their shared sociological discourse shaped in response to the fragmentation they perceived in public life in education and the arts and in Protestant religious life German sociology has generally been interpreted as having a tragic perspective on modern society as implied by the pervasive idiom of fate Liebersohn argues that this sense of fate was matched by an underlying utopian hope for an end to fragmentation rooted for all of his subjects in the Lutheran idea of community The book's five biographical chapters are structured to discuss ideas of community society and personality in the work of the individual discussed while there is a general movement among the chapters from community to society to socialism Many specific texts are discussed and the overall orientation is one of intellectual history rather than sociological analysis German Cosmopolitan Social Thought and the Idea of the West Austin Harrington, 2016-05-19 Harrington draws on neglected sources in early twentieth century German social thought to address core questions in current social science *Mikhail Bakhtin* Ken Hirschkop, 1999 Hirschkop treats Bakhtin not as a metaphysician or a philosopher for the ages but as a writer inevitably drawn into the historical conflicts produced by a modernizing and democratizing Europe **BOOK JACKET** *A Great Place to Raise Kids* Kieran Bonner, 1999 Popular wisdom and many rural centres make the claim that the country is a great place to raise kids But is it To answer this question Kieran Bonner explores the epistemological political and ethical issues involved in the claim Political Theory in Modern Germany Chris Thornhill, 2013-06-10 This book provides an accessible and comprehensive introduction to the major political thinkers of modern Germany It includes chapters on the works of Max Weber Carl Schmitt Franz Neumann Otto Kirchheimer Jürgen Habermas and Niklas Luhmann These works are examined in their social and historical contexts ranging from the period of Bismarck to the present day A clear picture is presented of the connections between individual theoretical positions and the general political conditions of modern Germany Areas of political history covered in particular depth include nineteenth century legal and parliamentary history aspects of German liberalism Weimar social democracy political Catholicism Adenauer and Erhard Brandt's reforms and the Tendenzwende of the late 1970s By closely linking intellectual and political history this work examines how recent German political theory has developed as a set of varying responses to recurring aspects and problems of political life in modern Germany At the same time it addresses the philosophical and political implications of the works which it treats and it critically examines how modern German political theory has contributed to

broader attempts to theorize political legitimacy and politics itself This book will be of interest to students of political theory German studies and European political history *A Companion to Adorno* Peter E. Gordon, Espen Hammer, Max Pensky, 2020-04-21 A definitive contribution to scholarship on Adorno bringing together the foremost experts in the field As one of the leading continental philosophers of the last century and one of the pioneering members of the Frankfurt School Theodor W Adorno is the author of numerous influential and at times quite radical works on diverse topics in aesthetics social theory moral philosophy and the history of modern philosophy all of which concern the contradictions of modern society and its relation to human suffering and the human condition Having authored substantial contributions to critical theory which contain searching critiques of the culture industry and the identity thinking of modern Western society Adorno helped establish an interdisciplinary but philosophically rigorous study of culture and provided some of the most startling and revolutionary critiques of Western society to date The Blackwell Companion to Adorno is the largest collection of essays by Adorno specialists ever gathered in a single volume Part of the acclaimed Blackwell Companions to Philosophy series this important contribution to the field explores Adorno's lasting impact on many sub fields of philosophy Seven sections encompassing a diverse range of topics and perspectives explore Adorno's intellectual foundations his critiques of culture his views on ethics and politics and his analyses of history and domination Provides new research and fresh perspectives on Adorno's views and writings Offers an authoritative single volume resource for Adorno scholarship Addresses renewed interest in Adorno's significance to contemporary questions in philosophy Presents over 40 essays written by international recognized experts in the field A singular advancement in Adorno scholarship the Companion to Adorno is an indispensable resource for Adorno specialists and anyone working in modern European philosophy contemporary cultural criticism social theory German history and aesthetics Resignation and Ecstasy: The Moral Geometry of Collective Self-Destruction Mark P. Worrell, 2020-08-10 Once again for the first time Marx and Durkheim join forces while exploring the moral economy of neoliberalism Resignation and Ecstasy provides a fresh perspective on the immortal vortex of sacred energies pulsating beneath the peculiar logic of modern accumulation Relying on dialectical methods classical sociology and psychoanalysis are reconstituted within an Hegelian social ontology to differentiate the ephemeral from the eternal aspects of social life

Ecumenical and Eclectic Anna M. Robbins, 2007-06-01 Alan Sell is a prolific author producing a vast output of high quality research across many disciplines From philosophy and theology to ethics and history his work has been received with acclaim for its clarity and incisiveness as well as for its relevance to contemporary issues faced by the church Throughout Sell has maintained an unwavering commitment to Reformed faith and the unity of the church universal His work continues to deliver challenges and inspire reflection for those who are interested in thinking deeply about issues of living under the cross of Christ in the world today In this book several colleagues friends and admirers have gathered together to honor Alan Sell's contribution to scholarship and to the life of the church Leading Christian scholars including Gabriel Fackre Clyde

Binfield Keith Clements and Donald McKim here offer reflections on Professor Sell's work and other related themes under the banner of the unity of the church in the contemporary world. The essays explore the foundations of unity, its historical context and some of the challenges of ecumenism today. Together they make a unique contribution to the theme which has occupied so much of Sell's attention over the years and which continues to be of crucial importance to the life of the church in a new era.

Max Weber Alan Sica, 2017-09-08. The most profound and enduring social theorist of sociology's classical period, Max Weber speaks as cogently to concerns of the new century as he did to those of the past. In *Max Weber and the New Century*, Alan Sica demonstrated Weber's preeminent position and lasting vitality within social theory by applying his ideas to a broad range of topics of contemporary concern. *Max Weber: A Comprehensive Bibliography* is a companion volume that offers some 4,600 bibliographic listings of work on Weber, making it the most complete guide to the literature in English and a testament to the continued vitality of Weber's thought. Sica's work supersedes all previous bibliographical efforts covering the Weber literature both in the quantity and accuracy of its references and the clarity and convenience of its format. In order to demonstrate the enormous variety of Weberiana in English, Sica has adopted a liberal criterion for inclusion rather than a critical one, choosing to mix the best with what may be more routine work. Following a preface in which previous bibliographies and bibliographic problems are discussed, the volume opens with a series of five specialized bibliographies. The first lists Weber's works in English translation. The second lists reviews of Weber's major works, including those translated into English, while the third covers reviews of recent books and other work on Weber. The fourth section contains a selection of dissertations and theses relating to Weber or his ideas. The fifth includes primary and secondary sources treating Weber on rationality and rationalization processes. The last and largest section offers a comprehensive Weber bibliography of works in English. This large-scale endeavor attempts to identify with accuracy and completeness the entire universe of Weber scholarship in English. It will be an essential scholarly tool for sociologists, historians, economists, and students of cultural and intellectual history.

A Companion to Western Historical Thought Lloyd Kramer, Sarah Maza, 2008-04-15. This broad survey introduces readers to the major themes, figures, traditions, and theories in Western historical thought, tracing its evolution from biblical times to the present. Surveys the evolution of historical thought in the Western World from biblical times to the present day. Provides students with the background to contemporary historical debates and approaches. Serves as a useful reference for researchers and teachers. Includes chapters by 24 leading historians.

The Lost Debate William David Jones, 1999. Brings to light critiques of modern tyranny written by German socialist intellectuals before and during World War II about the definition, origins, nature, and means of overcoming totalitarianism.

The Social Sciences in Modern Japan Andrew E. Barshay, 2007-11-19. A stunning achievement as the first full account of social science in a non-Western society. Barshay tells an epic story of how a handful of Japanese intellectuals used social science to make sense of the new society into which they were moving. What they did helps us understand not only Japan but

the whole modern world Robert Bellah Professor of Sociology Emeritus University of California Berkeley and author of Tokugawa Religion and Imagining Japan **Passions of the Earth in Human Existence, Creativity, and Literature** International Society for Phenomenology and Literature. Congress,2001 Literature reveals that the hidden strings of the human passional soul are the creative source of the specifically human existence Continuing the inquiry into the elemental passions of the soul and the human creative soul pursued in several previous volumes of this series the present volume focuses on the passions of the earth bringing to light some of the primogenital existential threads of the innermost bonds of the Human Condition and mother earth In the author s words the book s purpose is to unravel the essential bond between the living human being and the earth a bond that lies at the heart of our existence A heightened awareness of this bond should enlighten our situation and help us find our existential bearings *Reluctant Skeptic* Harry T. Craver,2017-02-01 The journalist and critic Siegfried Kracauer is best remembered today for his investigations of film and other popular media and for his seminal influence on Frankfurt School thinkers like Theodor Adorno Less well known is his earlier work which offered a seismographic reading of cultural fault lines in Weimar era Germany with an eye to the confrontation between religious revival and secular modernity In this discerning study historian Harry T Craver reconstructs and richly contextualizes Kracauer s early output showing how he embodied the contradictions of modernity and identified the quasi theological impulses underlying the cultural ferment of the 1920s The History of Commercial Partnerships in the Middle Ages Max Weber,2003 This early book was a prelude to the multi causal and multi dimensional approach that scholars see reflected in Weber s later writings **An Invitation to Social Theory** David Inglis,2024-11-05 Social theory is a crucial resource for the social sciences It provides rich insights into how human beings think and act and how contemporary social life is constructed But often the key ideas of social theorists are expressed in highly technical and difficult language that can hide more than it reveals The new edition of this popular book continues to cut to the core of what social theory is about Wide ranging in scope and coverage it is concise in presentation and free from jargon Covering key themes and schools of thought from the classical thinkers up to the present the third edition features a new chapter dedicated to post colonial sociological theory With updated literature and examples throughout the book also includes refreshed pedagogical features to connect theory to readers own life experiences Showing why social theory matters and why it is of far reaching social and political importance the book is ideal for readers seeking a clear crisp mapping of a complex but very rewarding area

Beginning classical social theory Marcel Stoetzler,2017-07-21 Beginning classical social theory introduces students and educated general readers to thirteen key social theorists by way of examining a single exemplary text by each author ranging from Comte to Adorno It answers the need for a book that helps students develop the skill to critically read theory Rather than learning how to admire the canonical theorists readers are alerted to the flow of their arguments and the texts contradictions and limitations Having gotten under the skin of one key text by each author will provide readers with a solid

starting point for further study The book will be suitable as the principal textbook in social theory modules as much as alongside a more conventional textbook as a recommended additional tool for self study It will appeal to undergraduate and postgraduate students as well as educated lay readers The Vitality of Critical Theory Harry F. Dahms, 2011-05-19 States that the critical theory of the Frankfurt School is as important today if not more so as it was at its inception during the 1930s This title looks at the distinguishing features of this tradition and how it is critical yet also complementary of other approaches in the social sciences especially in sociology *Social Theory for Today* Alex Law, 2014-12-01 This book is distinctive for extending the usual sociological reach reopening territory that has lain fallow set aside from the well ploughed fields of orthodox social theory In doing so Law not only produces fresh insight into familiar theorists but guards against collective forgetting of the sociological canon Professor Bridget Fowler University of Glasgow An excellent book it will be welcomed and read widely by advanced undergraduates postgraduates and scholars in sociology cultural studies social theory and beyond Professor Chris Shilling University of Kent *Social Theory for Today* guides students through the turns of past and present social theory as it attempts to wrestle with a recurring sense of crisis in social relations and social theory Drawing on both classical and contemporary sources Alex Law provides readers with a firm grasp of competing perspectives Too often social theories attempt to dominate the field by casting rival theorists past and present as deluded fools while the more familiar big names in social theory are subject to ever increasing commentary that runs in ever decreasing circles This survey of social theory and crisis lessens the temptation to engage in internal theoretical polemics and esoteric wordplay Social theory must become practical and specific if it is to become a means of orientation for uncertain times This is a must read for upper level undergraduate and postgraduate students looking for a vibrant and extended understanding of social theory **The Golem in German Social Theory** Gad Ya'ir, Michaela Soyer, 2008-01-01 *The Golem in German Social Theory* provides an innovative and bold interpretation of German social theory Authors Gad Yair and Michaela Soyer argue that the mythological story of the Golem rising over its master provides the basic code which animated German social theory from the 19th century until the 21st century Yair and Soyer illustrate how the Golem run mad narrative permeates the history of modern German social thought and how it now provides a convenient literary tool for re reading German critiques of the Enlightenment modernity capitalism and progress *The Golem in German Social Theory* points out a family resemblance that unites German theorists enhancing interpretation of their writings and understanding of their moral vehemence

Fate And Utopia In German Sociology 1870 1923 Book Review: Unveiling the Power of Words

Fate And Utopia In German Sociology 1870 1923 Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Fate And Utopia In German Sociology 1870 1923 free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Fate And Utopia In German Sociology 1870 1923 free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Fate And Utopia In German Sociology 1870 1923 free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure

that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Fate And Utopia In German Sociology 1870 1923. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Fate And Utopia In German Sociology 1870 1923 any PDF files. With these platforms, the world of PDF downloads is just a click away.
