Karnes, 2014-08-01 This edition presents sixty four Jewish folk songs transcribed between 1899 and the 1930s by the Latvian ethnomusicologist Emilis Melngailis 1874 1954 Drawing on manuscript sources and other archival material it makes available for the first time in print a broad selection of Jewish vernacular music performed in the territory of present day Latvia and Lithuania in the decades preceding World War II Accompanying essays introduce Melngailis and his collecting project situating his work within the context of contemporary discourses on Jewish and Latvian folk song nation and identity as they coalesced in Riga St Petersburg and German speaking Mitteleuropa in the early twentieth century <u>Tamizdat</u> Yasha Klots, 2023-05-15 Tamizdat offers a new perspective on the history of the Cold War by exploring the story of the contraband manuscripts sent from the USSR to the West A word that means publishing over there tamizdat manuscripts were rejected censored or never submitted for publication in the Soviet Union and were smuggled through various channels and printed outside the country with or without their authors knowledge Yasha Klots demonstrates how tamizdat contributed to the formation of the twentieth century Russian literary canon the majority of contemporary Russian classics first appeared abroad long before they saw publication in Russia Examining narratives of Stalinism and the Gulag Klots focuses on contraband manuscripts in the 1960s and 70s from Khrushchev s Thaw to Stagnation under Brezhnev Klots revisits the traditional notion of late Soviet culture as a binary opposition between the underground and official state publishing He shows that even as tamizdat represented an alternative field of cultural production in opposition to the Soviet regime and the dogma of Socialist Realism it was not devoid of its own hierarchy ideological agenda and even censorship Tamizdat is a cultural history of Russian literature outside the Iron Curtain The
