Contemporary American Stories of Masculinity, Domesticity and Kinship* Helena Wahlström,2010-10-12 What do novels such as Annie Proulx s *The Shipping News* Michael Cunningham s *A Home at the End of the World* and Jayne Anne Phillips *MotherKind* have in common with films such as *Smoke* and *Mrs Doubtfire* This study explores the intersection of masculinity and domesticity in contemporary film and literature It argues that these texts produced since the 1990s address with some urgency the notion of new fatherhood in the United States They offer explorations of the idea that American fatherhood around the turn of the twenty first century is changing and they problematize the legitimacy of new fathers and alternative families in a national culture where the old patriarch and the nuclear family still often loom large in the imagination of many Americans **Fatherhood** Ross D. Parke,1996 In this new book Parke considers the father child relationship within the family system and the wider society Using the life course view of fathers he demonstrates that men enact their fatherhood in a variety of ways in response to their particular social and cultural circumstances **The Fatherhood of God and the Sonship of Man** Lenneapós Kugler-Hunt,2004-03 Kugler Hunt explains to readers that a profound destiny is waiting for them and urges them to come and hear that fathering is bound to the nature of love and that an amazing inheritance awaits those who will fight for it **Papa's Baby** Browne Lewis,2012-07-03 When a child is conceived from sexual intercourse between a married heterosexual couple the child has a

legal father and mother Whatever may happen thereafter the child's parents are legally bound to provide for their child and if they don't they're held accountable by law But what about children created by artificial insemination When it comes to paternity the law is full of gray areas resulting in many cases where children have no legal fathers In Papa's Baby Browne C Lewis argues that the courts should take steps to insure that all children have at least two legal parents Additionally state legislatures should recognize that more than one class of fathers may exist and allocate paternal responsibility based again upon the best interest of the child Lewis supplements her argument with concrete methods for dealing with different types of cases including anonymous and non anonymous sperm donors married and unmarried women and lesbian couples In so doing she first establishes different types of paternity and then draws on these to create an expanded definition of paternity

Craving Jamie Emma Darcy, 2011-07-15 Who was she She stood out from the crowd and Jim Neilson his sexual curiosity piqued was drawn to her side The air sizzled between them Who was he Did Jim still carry traces of the young Jamie she had known and loved as they had grown up together in the valley Beth Delaney sensed a man who had distanced himself from all emotion She craved more than a physical union with this seductive man even though he had obviously forgotten their childhood bond If she could reach the vulnerable boy inside might the Jamie she remembered reappear Or was one night in Jim's arms all she could hope for Emma Darcy with more than 60 million books in print is one of the world's favorite romance authors

August Wilson's Fences Ladrica Menson-Furr, 2013-06-06 Fences represents the decade of the 1950s and when it premiered in 1985 it won the Pulitzer Prize Set during the beginnings of the civil rights movement it also concerns generational change and renewal ending with a celebration of the life of its protagonist even though it takes place at his funeral Critics and scholars have lauded August Wilson's work for its universality and its ability especially in Fences to transcend racial barriers and this play helped to earn him the titles of America's greatest playwright and the African American Shakespeare

The Metaphysics of Truth Douglas Edwards, 2018-05-31 What is truth What role does truth play in the connections between language and the world What is the relationship between truth and being The Metaphysics of Truth tackles these fundamental philosophical questions and proposes a distinctive metaphysical worldview Douglas Edwards develops a detailed pluralist theory which holds that there are different relationships between language and the world in different subject areas or domains He explains what domains are how different domains are individuated which metaphysical frameworks apply in different domains and how a pluralist view of truth plays a key role The connections between truth and being are explored yielding a form of ontological pluralism the idea that there are different ways of being which increases the explanatory power of the view This project is carried out in a climate where the traditionally central issue of the nature of truth has diminished in significance due to the rise of deflationary and primitivist views which deny that there are interesting and informative things to say about truth Edwards responds to these views and demonstrates the importance of the metaphysics of truth with regard to both the study of truth itself and metaphysical debates more generally Moreover

Edwards pays particular attention to domains which have not been given much consideration in debates about truth namely the institutional and social domains and connects work on the metaphysics of truth and being to key issues in social construction

Manning the Nation. Father Figures in Zimbabwean Literature and Society Z. Muchemwa, Robert Muponde, 2008-01-15

Gender studies in Zimbabwe have tended to focus on women and their comparative disadvantages and under privilege Assuming a broader perspective is necessary at a time when society has grown used to arguments rooted in binaries colonised and coloniser race and class sex and gender poverty and wealth patriotism and terrorism etc The editors of Manning the Nation recognise that concepts of manhood can be used to repress or liberate and will depend on historical and political imperatives they seek to introduce a more nuanced perspective to the interconnectivity of patriarchy masculinity the nation and its image The essays in this volume come from well respected academics working in a variety of fields The ideals and concepts of manhood are examined as they are reflected in important Zimbabwean literary texts However if literature provides a rich vein for the analysis of masculinities what makes this collection so interesting is the interplay of literary analysis with chapters that provide a critical examination of the ways in which ideals of manhood have been employed in for example leadership and the nation as a justification for violent engagement in the field of AIDS and HIV etc Manning the Nation Father figures in Zimbabwean literature and society sets the stage for a fresh and engaging discourse essential at a time when new paradigms are needed
