Moses Story Konrad Schmid,2010-06-30 Konrad Schmid is a Swiss biblical scholar who belongs to a larger group of Continental researchers proposing new directions in the study of the Pentateuch In this volume a translation of his *Erzähler und Exodus* Schmid argues that the ancestor tradition in Genesis and the Moses story in Exodus were two competing traditions of Israel's origins and were not combined until the time of the Priestly Code that is the early Persian period Schmid interacts with the long tradition of European scholarship on the Hebrew Bible but departs from some of the main tenets of the Documentary Hypothesis he argues that the pre Priestly material in both text blocks is literarily and theologically so divergent that their present linkage is more appropriately interpreted as the result of a secondary redaction than as thematic variation stemming from J's oral prehistory He dates Genesis 2 Kings to the Persian period and considers it a redactional work that in its present shape is a historical introduction to the message of future hope presented in the prophetic corpus of Isaiah Malachi Scholars and students alike will be pleased that this translation makes Schmid's important work readily available in English both for the contributions made by Schmid and the summary of continental interpretation that he presents In this edition some passages have been expanded or modified in order to clarify issues or to engage with more recent scholarship The notes and bibliography have also been updated Dr Schmid is Professor of Old Testament and Early Judaism at the University of Zürich

**The Rhetoric of Remembrance** Jerry Hwang,2012-05-09 To whom is Moses speaking in Deuteronomy This question is controversial in OT scholarship Some passages in Deuteronomy indicate that Moses is addressing the first exodus generation that witnessed Horeb Deut 5 3 4 while other passages point to the second exodus generation that survived the wilderness Deut 1 35 2 14 16 Redaction critics such as Thomas R. M. and John Van Seters view the chronological problems in Deuteronomy as evidence of multiple tradition layers Although other scholars have suggested that Deuteronomy's conflation of chronology is a rhetorical move to unify Israel's generations no analysis has thus far explored in detail how the blending of you and the fathers functions as a rhetorical device However a rhetorical approach to the fathers is especially appropriate in light of three features of Deuteronomy First a rhetorical approach recognizes that the repetitiveness of the Deuteronomistic style is a homiletical strategy designed to inculcate the audience with memory The book is shot through with exhortations for Israel to remember the past Second a rhetorical approach recognizes that collective memory entails the transformation of the past through actualization for the present Third a rhetorical approach to Deuteronomy accords well with the book's self presentation as the words that Moses spoke 1 1 The book of Deuteronomy assumes a canonical posture by embedding the means of its own oral and written propagation thereby ensuring that the voice of Moses speaking in the book of Deuteronomy resounds in Israel's ears as a perpetually authoritative speech act The

Rhetoric of Remembrance demonstrates that Deuteronomy depicts the corporate solidarity of Israel in the land promised to the fathers part 1 under the sovereignty of the same God of the fathers across the nation s history part 2 as governed by a timeless covenant of the fathers between YHWH and his people part 3 In the narrative world of Deuteronomy the fathers begin as the patriarchs while frequently scrolling forward in time to include every generation that has received YHWH s promises but nonetheless continues to await their fulfillment Hwang s study is an insightful innovative approach that addresses crucial aspects of the Deuteronomic style with a view to the theological effect of that style Jerry Hwang Ph D Wheaton College serves as Assistant Professor of Old Testament at Singapore Bible College Scripture Bulletin ,1987

to feminist biblical criticism and utilizes methods drawn from the social sciences and psychoanalysis. Alongside careful textual analysis, Johanna Stiebert offers a critical evaluation of the heuristic usefulness of the ethnographic honour/shame model of parallels with Roman family studies and of the application and meaning of patriarchy. Following semantic analysis of the primary Hebrew terms for father and daughter as well as careful examination of interfamily dynamics and the daughter's role vis-à-vis the son's, alongside thorough investigation of both Judges 11 and Genesis 19 and also of the metaphor of God the father of daughters, Eve Wisdom and Zion Stiebert provides the fullest exploration of daughters in the Hebrew Bible to date.

Although many Catholics are familiar with the four Gospels and other writings of the New Testament, for most, reading the Old Testament is like walking into a foreign land. Who wrote these forty-six books? When were they written? Why were they written? What are we to make of their laws, stories, histories, and prophecies? Should the Old Testament be read by itself or in light of the New Testament? John Bergsma and Brant Pitre offer readable, in-depth answers to these questions as they introduce each book of the Old Testament. They not only examine the literature from a historical and cultural perspective but also interpret it theologically, drawing on the New Testament and the faith of the Catholic Church. Unique among introductions, this volume places the Old Testament in its liturgical context, showing how its passages are employed in the current Lectionary used at Mass. Accessible to nonexperts, this thorough and up-to-date introduction to the Old Testament can serve as an ideal textbook for biblical studies. Its unique approach, along with its maps, illustrations, and other reference materials, makes it a valuable resource for seminarians, priests, Scripture scholars, theologians, and catechists, as well as anyone seeking a deeper understanding of the Bible. **Memory and Covenant** Barat Ellman, 2013-10-01. Memory and Covenant applies new insights into the meaning and function of social memory to analyze the two major religions of the Pentateuch, D and P, and their relationship to one another. Ellman shows that for the Deuteronomistic tradition, memory is an epistemological and pedagogical means for keeping Israel faithful to its God and God's commandments, even when Israelites are far from the temple and its worship. The pre-exilic priestly tradition, however, understands that the covenant depends on God's memory, which must be aroused by the sensory stimuli of the temple cult.

Reconsidering Israel and Judah Gary N. Knoppers, J. Gordon McConville, 2000. **Studies in the New Perspective on Paul** Don Garlington, 2008-06-15. This collection of essays follows upon its predecessor, originally entitled *In Defense of the New Perspective on Paul: Essays and Reviews* (Wipf and Stock, 2005). This second edition differs from the first in that five new chapters have been added and one review article has been deleted. The change of the main title to *Studies in the New Perspective on Paul* is due to the conviction that the New Perspective on Paul actually represents a return to the original

context in which Paul proclaimed the gospel of Christ Therefore it is not something to be defended but propounded in the most positive terms possible      *Theology, Politics, and Exegesis* Jeffrey L. Morrow, 2017-11-07 Modern biblical scholars often view the methods they employ as objective and neutral tracing the history of modern biblical scholarship to the eighteenth and nineteenth centuries In this volume Jeffrey Morrow examines some earlier lesser known roots of modern biblical scholarship He explores biblical scholarship from the fourteenth through the seventeenth centuries and then discusses its new place in the Enlightenment of the eighteenth century where such scholarship would flourish Far from merely an objective and neutral method such scholarship was never without philosophical theological and political underpinnings Morrow concludes the volume with a look at the separation of biblical studies from theology using the example of Catholic moral theology in the twentieth century      **The Triumph of Grace** Daniel I. Block, 2017-11-06 The Apostle Paul's negative statements about the law have deafened the ears of many to the grace that Moses proclaims in Deuteronomy Most Christians have a dim view of this book which they consider to be primarily a book of laws However when we read or hear it read orally without prejudice we discover that rather than casting Moses as a legislator he appears as Israel's first pastor whose congregation has gathered before him to hear him preach his final sermons Accordingly Deuteronomy represents prophetic preaching at its finest as Moses seeks to inspire the people of God to a life of faith and godliness in response to God's repeated demonstrations of grace Deuteronomy is a dead book for many because we have not recognized this gospel we have heard only law The essays in this collection arise from a larger project driven by a passion to recover for Christians the life giving message of the Hebrew Scriptures in general and to open their ears to God's amazing grace in Deuteronomy in particular The wide ranging meditations in this volume do not all focus equally on the topic of God's grace but this theme undergirds them all
