A Father's Words Richard Stern, 2014-12-16 A tale of the battles between a father and son by an author whose novels are robustly intelligent very funny and beguilingly humane Philip Roth Cy Riemer is the patriarch of a successful and loving Chicago family But not all is copacetic in Cy's world The scientific newsletter he publishes is foundering financially his ex wife still relies on him for money and intimacy and he can never seem to find the time or the wherewithal to relax Much of Cy's stress is caused by the trouble he has with his brilliant and duplicitous son Jack With a mixture of humor grief and astonishment Cy becomes our tour guide to the Riemer family's museum of triumphs and tragedies A comic and clear-eyed portrait of the quintessential worried father and the son who lives to torture him A Father's Words is packed with Richard Stern's trademark wit compassion and insight

The Israeli Defence Forces' Representation in Israeli Cinema Fiammetta Martegani, 2017-06-23 Of all the Biblical heroes the character of King David is perhaps the most paradoxical and also the most difficult to grasp He is the Biblical Man for all seasons a warrior a lover a poet a killer and a restorer This elaborate and fascinating archetypal hero influenced and inspired the representation of the Israeli soldier in Israeli media art and cinema from the establishment of the State of Israel until the present day This book investigates whether Israeli art and film now place a focus on soldiers not as fighters but as victims and the relationship between David as an adult and the State of Israel half a century after its establishment As in gender studies it is only in the last twenty years that research on masculinities has become a prominent part of film studies Although studies of men and masculinity have gained momentum little has been published that focuses on the media and their relationship to men as men In carrying out a study on the representation of the Israeli Defense Force in Israeli cinema the matter of gender becomes fundamental especially in relation to the Motherland of Israel Eretz Israel which is feminine by definition Israeli films are also deeply concerned with territory and territoriality As such the book also carries out an ethnography of Israeli cinema with a focus on the significant relationship between gender and nation and body and space

adequately or meaningfully represent the events of the Holocaust Drawing on philosopher Stanley Cavell's ideas about acknowledgment as a respectful attentiveness to the world Emily Miller Budick develops a penetrating philosophical analysis of major works by internationally prominent Israeli writer Aharon Appelfeld Through sensitive discussions of the novels *Badenheim 1939* *The Iron Tracks* *The Age of Wonders* and *Tzili* and the autobiographical work *The Story of My Life* Budick reveals the compelling art with which Appelfeld renders the sights sensations and experiences of European Jewish life preceding during and after the Second World War She argues that it is through acknowledging the incompleteness of our knowledge and understanding of the catastrophe that Appelfeld's fiction produces not only its stunning aesthetic power but its affirmation and faith in both the human and the divine This beautifully written book provides a moving introduction to the work of an important and powerful writer and an enlightening meditation on how fictional texts deepen our understanding of historical events Jewish Literature and Culture Alvin H Rosenfeld editor **Rust: The Novel** Corbin Bernsen, 2015-10-01
