Fathers And Daughters Portraits In Fiction:

Fathers and Daughters Terry Eicher, Jesse D. Geller, 1990 Twenty three superb short stories by celebrated authors that explore how fathers feel about their daughters from tenderness and admiration to jealousy and disapproval *The Portrait in Fiction of the Romantic Period* Joe Bray, 2016-05-26 Beginning with the premise that the portrait was undergoing a shift in both form and function during the Romantic age Joe Bray examines how these changes are reflected in the fiction of writers such as Maria Edgeworth Jane Austen Sir Walter Scott Elizabeth Hamilton and Amelia Opie Bray considers portraiture in a broad sense as encompassing caricature and the miniature as well as the classic portraits of Sir Joshua Reynolds and others He argues that the portrait in fiction often functions not as a transparent index to character or as a means of producing a straightforward likeness but rather as a cue for misreading and a sign of the slipperiness and subjectivity of interpretation The book is concerned with more than simply the appearance of portraits in Romantic fiction however More broadly The Portrait in Fiction of the Romantic Period investigates how the language of portraiture pervades the novel in this period and how the two art forms exert mutual stylistic influence on each other *Daughters and Fathers in Feminist Novels* Barbara H. Sheldon, 1997 Originally presented as the author's thesis doctoral Friedrich Alexander Universiteat Erlangen Neurnberg

Fatherless Daughters Pamela Thomas, 2018-03-27 A moving elegantly written and exhaustively researched account of what it means for a girl to lose a father to death or divorce with advice for fatherless daughters on how to cope People who lose their parents early in life are like fellow war veterans As soon as they discover that they are talking to someone else who has lost a parent they know they are speaking the same language without uttering a word Pamela Thomas gives voice to this unspoken pain in *Fatherless Daughters* Still haunted by her own father's death when she was ten Thomas decided to explore its effects Though her journey began as a personal one she soon felt the need to hear from other women and ended up interviewing more than one hundred fatherless women They ranged in age from nineteen to ninety four they came from all areas of the country as well as Europe and Asia some had lost their fathers to death others to divorce or abandonment Each account was unique but the impact of a father's loss was profound in every woman's life Thomas begins by defining what it means to be a father in our world She discusses the initial shock of his loss exploring the aspects that color how a young girl experiences it her age at the time of her father's death or abandonment her mother's behavior and attitudes her place in the family vis vis siblings and the influence of a stepfather or father surrogates Thomas shows how a father's early death or abandonment affects a woman's emotional health and self esteem her body image her sexual experiences her marriage her family life and her career Perhaps most important Thomas offers compassionate advice for coming to terms with father loss even late in life from actively mourning to healing to starting fresh *Portraiture and British Gothic Fiction* Kamilla Elliott, 2012-10-19 Traditionally kings and rulers were featured on stamps and money the titled and affluent commissioned busts and portraits and criminals and missing persons appeared on wanted posters British writers of the eighteenth and

nineteenth centuries however reworked ideas about portraiture to promote the value and agendas of the ordinary middle classes According to Kamilla Elliott our current practices of picture identification driver s licenses passports and so on are rooted in these late eighteenth and early nineteenth century debates Portraiture and British Gothic Fiction examines ways writers such as Horace Walpole Ann Radcliffe Mary Shelley and C R Maturin as well as artists historians politicians and periodical authors dealt with changes in how social identities were understood and valued in British culture specifically who was represented by portraits and how they were represented as they vied for social power Elliott investigates multiple aspects of picture identification its politics epistemologies semiotics and aesthetics and the desires and phobias that it produces Her extensive research not only covers Gothic literature s best known and most studied texts but also engages with more than 100 Gothic works in total expanding knowledge of first wave Gothic fiction as well as opening new windows into familiar work Jerrold E Hogle University of Arizona

Father-Daughter Incest in Twentieth-Century American Literature
Christine Grogan, 2016-10-03 The first major study to challenge the narrow definition of post traumatic stress disorder PTSD by rereading six American literary texts this book argues for the importance of literature in representing not just circumscribed singular traumatic events as Cathy Caruth argued in the late nineties but for giving voice to chronic and cumulative or complex traumatic experiences This interdisciplinary study traces the development of father daughter incest narratives published in the last hundred years from male authored fiction to female authored memoir bringing new readings to Fitzgerald s Tender Is the Night Ellison s Invisible Man and the Dylan Farrow Woody Allen case This study builds on the work of those ushering in a second wave of trauma theory which has argued that the difficulty of speaking about a traumatic experience is not necessarily caused by neurobiological changes that prevent victims from recalling details Rather it s from social and political repercussions In other words they argue that many who experience trauma aren t unable to deliver accounts they fear the results There is a significant gender component to trauma whose implications along with those of race and class have largely gone unexamined in the first wave of trauma theory Exploring two additional questions about articulating trauma this book asks what happens when the voice of trauma is crying out from what Toni Morrison has called the most delicate most vulnerable member of society a female child and second what happens when the trauma is not just a time limit event but chronic and cumulative experiences Some traumatic experiences namely father daughter incest are culturally reduced to the untellable and yet accounts of paternal incest are readily available in American literature This book is written in part as a response to the psychological community which failed to include complex PTSD in the latest edition of the DSM DSM 5 denying victims many of whom are father daughter incest survivors the validation and recognition they deserve and leaving many misdiagnosed and thereby mistreated

and The Story of O Paper edition unseen 12 95 Annotation copyrighted by Book News Inc Portland OR Men in Wonderland Catherine Robson, 2018-06-05 Fascination with little girls pervaded Victorian culture For many girls represented the true essence of childhood or bygone times of innocence but for middle class men especially writers the interest ran much deeper In Men in Wonderland Catherine Robson explores the ways in which various nineteenth century British male authors constructed girlhood and analyzes the nature of their investment in the figure of the girl In so doing she reveals the link between the idealization of little girls and a widespread fantasy of male development a myth suggesting that men become masculine only after an initial feminine stage lived out in the protective environment of the nursery Little girls argues Robson thus offer an adult male the best opportunity to reconnect with his own lost self Tracing the beginnings of this myth in the writings of Romantics Wordsworth and De Quincey Robson identifies the consolidation of this paradigm in numerous Victorian artifacts ranging from literary works by Dickens and Barrett Browning to paintings by Frith and Millais to reports of the Royal Commission on Children s Employment She analyzes Ruskin and Carroll s high noon of girl worship and investigates the destruction of the fantasy in the closing decades of the century when social concerns about the working girl sexualized the image of young females Men in Wonderland contributes to a growing interest in the nineteenth century s construction of childhood sexuality and masculinity and illuminates their complex interconnections with a startlingly different light Not only does it complicate the narratives of pedophilic desire that are generally used to explain figures like Ruskin and Carroll but it offers a new understanding of the Victorian era s obsession with loss its rampant sentimentality and its intense valorization of the little girl at the expense of mature femininity **Ecocritical Explorations in Literary and Cultural Studies**

Patrick D. Murphy, 2009-07-15 In Ecocritical Explorations Patrick D Murphy explores environmental literature and environmental cultural issues through both theoretical and applied criticism He engages with the concepts of referentiality simplicity the nation state and virtual reality in the first section of the book and then goes on to interrogate these issues in contemporary environmental literature both American and international He concludes his argument with a discussion of the larger frames of family dynamics and unnatural disasters such as hurricanes and global warming ending with a chapter on the integration of scholarship and pedagogy in the classroom with reference to his own teaching experiences Murphy s study provides a wide ranging discussion of contemporary literature and cultural phenomena through the lens of ecological literary criticism giving attention to both theoretical issues and applied critiques In particular he looks at popular literary genres such as mystery and science fiction as well as actual disasters and disaster scenarios Ecocritical Explorations in Literary and Cultural Studies is a timely contribution to ecological literary criticism and an insightful look into how we represent our relationship with the environment **The Father-Daughter Plot** Rebecca L. Copeland, Esperanza

Ramirez-Christensen, 2001-07-31 This provocative collection of essays is a comprehensive study of the father daughter dynamic in Japanese female literary experience Its contributors examine the ways in which women have been placed

politically ideologically and symbolically as daughters in a culture that venerates the father They weigh the impact that this daughterly position has had on both the performance and production of women's writing from the classical period to the present Conjoining the classical and the modern with a unified theme reveals an important continuum in female authorship a historical approach often ignored by scholars The essays devoted to the literature of the classical period discuss canonical texts in a new light offering important feminist readings that challenge existing scholarship while those dedicated to modern writers introduce readers to little known texts with translations and readings that are engaging and original Contributors Tomoko Aoyama Sonja Arntzen Janice Brown Rebecca L Copeland Midori McKeon Eileen Mikals Adachi Joshua S Mostow Sharalyn Orbaugh Esperanza Ramirez Christensen Edith Sarra Atsuko Sasaki Ann Sherif **Eco-man** Mark Christopher Allister, 2004 Many canonical literary works look to the wild as the site for establishing a man's selfhood But nature is just as often subjected to his most violent displays of mastery This tension lies at the heart of Eco Man which brings together two rapidly growing fields men's studies and ecocriticism **Reading Daughters' Fictions 1709-1834** Caroline Gonda, 1996-03-14 It has been argued that the eighteenth century witnessed a decline in paternal authority and the emergence of more intimate affectionate relationships between parent and child In Reading Daughters' Fictions Caroline Gonda draws on a wide range of novels and non literary materials from the eighteenth and early nineteenth centuries in order to examine changing representations of the father daughter bond She shows that heroine centred novels aimed at a predominantly female readership had an important part to play in female socialization and the construction of heterosexuality in which the father daughter relationship had a central role Contemporary diatribes against novels claimed that reading fiction produced rebellious daughters fallen women and nervous female wrecks Gonda's study of novels of family life and courtship suggests that far from corrupting the female reader such fictions helped to maintain rather than undermine familial and social order **The Dangers of Interpretation** Ilona Treitel, 1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company Contemporary African American Literature Lovalerie King, Shirley Moody-Turner, 2021-12-22 Essays exploring contemporary black fiction and examining important issues in current African American literary studies In this volume Lovalerie King and Shirley Moody Turner have compiled a collection of essays that offer access to some of the most innovative contemporary black fiction while addressing important issues in current African American literary studies Distinguished scholars Houston Baker Trudier Harris Darryl Dickson Carr and Maryemma Graham join writers and younger scholars to explore the work of Toni Morrison Edward P Jones Trey Ellis Paul Beatty Mat Johnson Kyle Baker Danzy Senna Nikki Turner and many others The collection is bracketed by a foreword by novelist and graphic artist Mat Johnson one of the most exciting and innovative contemporary African American writers and an afterword by Alice Randall author of the controversial parody The Wind Done Gone Together King and Moody Turner make the case that diversity innovation and canon expansion are essential to maintaining the vitality of African American
