**Fathers, Husbands, and Lovers** Sanford N. Katz, Monroe L. Inker, Melba McGrath, 1979 Fathers, Husbands and Lovers, 1979 **Masculinity, Law and Family** Richard Collier, 2002-11 An incisive exploration of representations in law of male sexuality authority paternity and men's violence in the family This book is of central importance to our understanding of the social and political dimension of masculinity **Men's Changing Roles in the Family** Robert A Lewis, Marvin B Sussman, 2014-05-01 How are men reacting to perceiving and behaving in light of the changes in gender roles Here is an important volume that provides new and interesting reading about contemporary husbands and fathers Men's Changing Roles in the Family offers an overview of the causes and consequences of changes in men's family roles in recent decades Experts introduce you to the issues problems and methods on the cutting edge of those disciplines that study men in the context of their families Until now relatively little has been known empirically about men in contemporary families and even less has been known about husbands and fathers from direct reports of the men themselves This groundbreaking volume successfully closes this gap in the literature with an examination of the effects that fathers growing involvement with their children have on their wives and themselves a clinical assessment of some men's angry reactions to separation and divorce and those special therapeutic goals and strategies that may help reduce their distress examinations of the conflicting demands of the work world and the family upon some contemporary husbands and fathers and the negative effects of nonstandard work schedules upon men's family life and an examination of factors that make many men unhappy in patriarchal family structures Men's Changing Roles in the Family also contributes toward breaking new ground by examining family roles now performed by special groups of men Finally this important volume reports empirical findings about men in family like relationships illustrating evidence for the unique roles that male caregivers can offer children in day care centers and reviewing current empirical studies of men's friendships and their development **The Family in America** Joseph M. Hawes, Elizabeth F. Shores, 2002-05-22 An incisive multidisciplinary look at the American family over the past 200 years written by respected scholars and researchers Family in America offers two powerful antidotes to popular misconceptions about American family life historical perspective and scientific objectivity When we look back at our early history we discover that the idealized 1950s family characterized by a rising birthrate a stable divorce rate and a declining age of marriage was a historical aberration out of line with long term historical trends Working mothers we learn are not a 20th century invention most families throughout American history have needed more than one breadwinner In the exciting new scholarship described here readers will learn precisely what is new in American family life and what is not and acquire the perspective they need to appreciate both the genuine improvements and the losses that come with change **Biomedical Ethics Reviews • 1983** James M. Humber, Robert F. Almeder, 1983-08-01 In the past decade the body of literature in the area of biomedical ethics has expanded at an astounding rate Indeed on every major topic the literature in this area has multiplied

and continues to do so so rapidly that one can easily fall behind important advances in our thinking about and understanding of the problems of contemporary bioethics Awareness of this need to keep apace of developments in the area prompted a recent reviewer of our earlier collection *Biomedical Ethics and the Law Plenum* 2nd edition 1979 to suggest that somebody ought to offer the service of providing a biennial review or update of the literature on the various central topics in bioethics Thomas Lanigan of The Humana Press agreed with this last suggestion and so asked us to edit a series of texts consisting of previously unpublished essays on selected topics a series that would seek to review and update recent literature on the central topics while also striving to advance distinctive solutions to the problems on the topics under discussion Accordingly this first collection of previously unpublished essays focuses on the selected topics and the authors commissioned were charged with addressing the basic problems assigned while also bringing the reader either directly or indirectly up to date on the relevant literature
