The Apostolic Fathers in English Michael W. Holmes, 2006-11-01 The Apostolic Fathers is an important collection of writings revered by early Christians but not included in the final canon of the New Testament Here a leading expert on these texts offers an authoritative contemporary translation in the tradition of the magisterial Lightfoot version but thoroughly up to date The third edition features numerous changes including carefully revised translations and a new more user friendly design The introduction notes and bibliographies have been freshly revised as well *The Apostolic Fathers (The Fathers of the Church, Volume 1)* The Apostolic Fathers, 2010-04 No description available *Reading the Apostolic Fathers* Clayton N. Jefford, 2012-12-01 The Apostolic Fathers is a critically important collection of texts for studying the first century of Christian history Here a leading expert on the Apostolic Fathers offers an accessible up to date introduction and companion to these diverse and fascinating writings This work is easy to use and affordable yet offers a thorough overview for students and others approaching these writings for the first time It explains the context and significance of each document and points to further reading This new edition of a well received text has been updated throughout and includes a new chapter on the fragments of Papias Early Christian Writings, 1987-04-30 The writings in this volume cast a glimmer of light upon the emerging traditions and organization of the infant church during an otherwise little known period of its development A selection of letters and small scale theological treatises from a group known as the Apostolic Fathers several of whom were probably disciples of the Apostles they provide a first hand account of the early Church and outline a form of early Christianity still drawing on the theology and traditions of its parent religion Judaism Included here are the first Epistle of Bishop Clement of Rome an impassioned plea for harmony The Epistle of Polycarp The Epistle of Barnabas The Didache and the Seven Epistles written by Ignatius of Antioch among them his moving appeal to the Romans that they grant him a martyr's death The Apostolic Fathers and the Apologists of the Second Century George Anson Jackson, 1879 It is the design of this volume to provide intelligent persons laymen as well as ministers with the means of acquainting themselves through accurate translations or summaries with the early ecclesiastical writers The present volume covers the interval between the close of the Apostolic Age and the last quarter of the second century Provided by author in preface **The Apostolic Fathers, A New Translation and Commentary, Volume I** Robert M. Grant, 2020-05-14 This is the first in a new six volume translation of and commentary about the works of the Apostolic Fathers The writings of these men which immediately follow the books of the New Testament make up a body of literature that provides indispensable source material for the study of the formation of the Christian Church Interest in the early Church is higher today than ever before Theologians religious authorities students and historians find the initial stages of Church development relevant to the contemporary structure of the Church This introduction to the series provides general information about the Apostolic Fathers and answers such

questions as Who were they What did they do What did they write What influence did they have either personally or through their writings It analyzes the historical and theological significance of the Apostolic Fathers the relationship of their writings to the Bible the historical circumstances surrounding them and what they reflect of the early Church its unity ministry worship and daily life Here too Robert Grant surveys the effects of the writings of the Apostolic Fathers on later Christian scholars and theologians He traces the relationship of their writings to the Church in later times What use was made of these Fathers themselves as symbols of primitive faith What effect did knowledge or ignorance of the writings have upon conceptions of the life and thought of the early Church as later writers looked back to it As an introduction to an important work of religious scholarship and as a survey of the life of the early Church this much needed book gives impetus to and provides a solid foundation for the study and understanding of the formative period of the Christian Church

The Apostolic Fathers Sir James Donaldson, 1874 *The Apostolic Fathers ...* Joseph Barber Lightfoot, 1898 *The Writings of the Apostolic Fathers* Paul Foster, 2007-01-01 The Writings of the Apostolic Fathers refer to a group of miscellaneous Christian writings produced in the first and second centuries The authors of these writings were considered by seventeenth century scholars to be the next generation of Apostles and as a result were named The Apostolic Fathers Perceived by many scholars to be the most important collection of post New Testament writings a number of these texts were in fact considered for the Canon of the New Testament but later rejected Their obvious significance stems from the fact that they are the first Christian writings produced outside the New Testament Canon and as such contain an essential insight into the development of the early Christian Church and Christian thinking Much Christian Doctrine came not from the New Testament but from the writings produced by the early church and in particular the writings of the Apostolic Fathers Therefore these texts are crucial to an understanding of the shaping of Christian thought and Christian doctrine This volume will provide readers with an overview of each of the eleven texts together with a general introduction Communicating the best recent scholarship to a broad audience each chapter offers a treatment of the most controversial aspects of each text and discusses the theology of each of the writings in order to orient readers to the development of Christian thinking in the second century Each article ends with a carefully chosen select bibliography to enable further reading

The Doctrine of Grace in the Apostolic Fathers Thomas F. Torrance, 1996-12-03 T F Torrance aims in this book to discover how and why there came about in the early history of the Christian Church the enormous difference that exists between the faith of the New Testament and that of the second and third centuries He explores how the concept of grace is distinctively characteristic of every doctrine of the New Testament and yet at the same time is the most sensitive to change

The Ante-Nicene Fathers: The apostolic fathers. Justin Martyr. Irenaeus Alexander Roberts, Sir James Donaldson, Arthur Cleveland Coxe, Allan Menzies, 1885

The Ante-Nicene Fathers Alexander Roberts, 2007-05-01 One of the first great events in Christian history was the Council of Nicaea in 325 AD convened to organize Christian sects and beliefs into a unified doctrine The great Christian

clergymen who wrote before this famous event are referred to as the Ante Nicenes and the Apostolic Fathers and their writings are collected here in a ten volume set The Ante Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices But they are also real and flawed men who are more like their fellow Christians than they are like the Apostles making their words echo in the ears of spiritual seekers In Volume I of the 10 volume collected works of the Ante Nicenes first published between 1885 and 1896 readers will find the writings of Clement of Rome the fourth pope who was supposedly martyred by being tied to an anchor and tossed overboard Mathetes an anonymous writer considered the first Christian apologist Polycarp a Christian bishop who was stabbed to death after he failed to burn at the stake Ignatius a student of John the Apostle who was Bishop of Antioch before he was killed Barnabas an anonymous writer given the name of Saint Barnabas Papias author of Interpretations of the Sayings of the Lord a textbook on quotes from Jesus Justin Martyr a Christian apologist and accomplished philosopher and Irenaeus disciple of Polycarp apologist and bishop of Lugdunum
