Fathers Spirit Of Sonship Reconceiving The Trinity:

The Father's Spirit of Sonship Thomas Weinandy, 2011-01-01 This book attempts to reconceive the Trinity Its thesis is that the Father beget the Son in or by the Holy Spirit The Spirit proceeds from the Father as the one in whom the Son is begotten While some contemporary authors have proposed a similar view no one has done so in such a complete and systematic fashion Reconceiving the Trinity in this way has a number of advantages Firstly it is more in keeping with the New Testament proclamation and thus it more closely aligns the economic and immanent Trinity Secondly it overcomes the inadequacies of traditional trinitarian formulations in both Eastern and Western Churches which incorporates erroneous philosophical presuppositions Thirdly it offers a resolution to the filioque controversy which may be acceptable to both the Latin and the Orthodox Churches This book is therefore highly ecumenical in importance Fourthly it gives a more active and essential role to the Holy Spirit within the immanent Trinity something that has been lacking throughout the trinitarian tradition The true subjectivity or personality of the Holy Spirit is more clearly defined This book brings out the spiritual and practical importance of the Trinity for the everyday lives of Christians It defines more clearly how Christians are grafted into the very life of the Trinity how they come to relate to the persons of the Trinity in a manner analogous to the way they relate to one another

The Third Person of the Trinity Zondervan, 2020-12-01 A Fresh Look at the Holy Spirit Recent decades have recognized pneumatology the theology of the Holy Spirit as a critical component in Christian thought worthy of increased attention While scholarly discussion about the Spirit is both creative and lively it does sometimes occur in outlying areas of doctrine and practice rather than within its context of the doctrine of God The Third Person of the Trinity represents the proceedings of the 2020 Los Angeles Theology Conference which examined pneumatology as a core

component of the doctrine of the Trinity offering constructive proposals for understanding the doctrine of the Holy Spirit with theological and historical depth ecumenical scope and analytic clarity The twelve diverse essays in this collection include discussions on Understanding the Holy Spirit's presence in creation The mystery of the Trinity and the procession of the Spirit An exploration of a Black American pneumatology of freedom Exploring pneumatology alongside sorrow and suffering Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future The Father's Spirit of Sonship Thomas Gerard Weinandy,1995 The current rebirth of trinitarian theology is one of the most exciting developments in modern theology Weinandy's book builds on what has been achieved so far but takes it a dramatic stage further offering a reconception of the Trinity that may finally overcome the filioque controversy that has helped to divide Eastern and Western Churches for more than a thousand years

Starting with the Spirit Myk Habets, Gregory J. Liston, 2024-08-22 Trinitarian in its foundation pneumatological in its impetus and comprehensive in its scope Third Article Theology TAT is both a method and a theology As a method TAT intentionally views reality through the lens of the Spirit As a theology the insights that arise from an approach that prioritizes pneumatology are deep and rich offering a penetrating vision into today's central and defining theological issues This volume introduces the reader to the methodology of TAT and some of the many theological insights that have arisen from its utilization Further it provides the tools and techniques to invite and inform the reader to participate in the efficient and pastoral exercise of viewing reality from a pneumatological perspective to catch a vision of the world as infused with the power presence and potential of the Spirit and to lead their lives accordingly Designed for classroom use it includes several pedagogical features such as case studies engaging with critical areas of contemporary concern The Renewal of Trinitarian Theology Roderick T. Leupp, 2008-10-01 Roderick Leupp explores the terrain of contemporary trinitarian theology While his approach is thematic he introduces readers to the essential elements of the important trinitarian theologians of the past half century Trinitarian Theology after Barth Myk Habets, Phillip Tolliday, 2012-05-31 Drawing together scholars whose essays exhibit work after Barth in engaging the doctrine of the Trinity and its related themes Barth's thought as evidenced amongst his most expert commentators allows for a variety of interpretations the details of which are being hammered out on the pages of academic journals and volumes such as this one It is this variety of responses to and interpretations of Barth's theology that gives such vibrancy to the essays in this volume by seasoned Barth scholars and voices new to the conversation Augustine, Rahner, and Trinitarian Exegesis Martin E. Robinson, 2024-05-02 Through close and sustained analysis of Augustine's exegesis of Scripture Robinson argues that Augustine's Trinitarian exegesis offers significant though not inexhaustible support for Rahner's Trinitarian project and particularly his Grundaxiom Firstly he posits that Augustine provides weighty biblically rich support for Rahner's Trinitarian agenda at exactly those points where Rahner

is explicitly critical of Augustine and the Augustinian Western tradition overcoming various weaknesses detected in the later tradition and pre-empting many of Rahner's later solutions. Secondly and consequently Robinson suggests that Augustine offers a scriptural reading strategy that addresses the major exegetical difficulties perceived to emerge from Rahner's Rule. Thus in Augustine's exegesis of Scripture the Augustinian Western tradition has always had the resources at its disposal to avoid or address the most poignant criticisms levelled both by and at Rahner.

Pneumatology: A Guide for the Perplexed Daniel Castelo, 2015-05-21 This guide aims to elaborate and constructively engage some of the ongoing dogmatic challenges within the field of Christian pneumatology. Rather than a strict survey the book largely represents a collection of working proposals on a number of relevant themes including cosmology, mediation, the nature and role of Spirit, baptism and discernment. For those who have found pneumatology frustrating and confusing the book can serve as an aid to clarify some of the most crucial matters at stake in the doctrine of the Holy Spirit and in turn provide some ways forward amidst the morass of possibilities available.

The Trinitarian Christology of St Thomas Aquinas Dominic Legge, 2017 The Trinitarian Christology of St Thomas Aquinas brings to light the Trinitarian riches in Thomas Aquinas's Christology. Dominic Legge O.P. disproves Karl Rahner's assertion that Aquinas divorces the study of Christ from the Trinity by offering a stimulating re-reading of Aquinas on his own terms as a profound theologian of the Trinitarian mystery of God as manifested in and through Christ. Legge highlights that for Aquinas Christology is intrinsically Trinitarian in its origin and its principles, its structure and its role in the dispensation of salvation. He investigates the Trinitarian shape of the incarnation itself, the visible mission of the Son sent by the Father implicating the invisible mission of the Holy Spirit to his assumed human nature. For Aquinas Christ's humanity at its deepest foundations incarnates the very personal being of the divine Son and Word of the Father and hence every action of Christ reveals the Father, is from the Father and leads back to the Father. This study also uncovers a remarkable Spirit Christology in Aquinas. Christ as man stands in need of the Spirit's anointing to carry out his saving work; his supernatural human knowledge is dependent on the Spirit's gift and it is the Spirit who moves and guides him in every action from Nazareth to Golgotha.

The Son-Father Relationship and Christological Symbolism in the Gospel of John Adesola Joan Akala, 2014-07-31 This volume examines Johannine symbolism within the lens of Jesus' relationship with the Father. After demonstrating that the Gospel narrative symbolically portrays Jesus as the Son of God who is relationally inseparable from his Father, the study shows how the Son-Father Relationship (SFR) is at the center of the network of Christological symbols in the Gospel of John. Using an innovative narrative framework, this book unveils the creative and symbolic introduction of the SFR in the Prologue (Jn 1:1-18), its development through the words and actions of Jesus' teaching ministry within the Johannine narrative and its culmination in the Prayer (Jn 17). The SFR motif then concludes in the remainder of the Gospel. This narrative framework reveals how the SFR shapes the literary style and theological strategy of the Gospel and acts as an integrative force by giving structure and cohesion to the Gospel's symbolic system. Two key

features presented in this book are a theory of symbolism and a network of symbols The specially formulated Theory of Johannine Symbolism explains the theoretical and theological underpinnings of the Gospel's symbolic network called John's Christological Symbolology Through the symbolic network the author of the Gospel fulfills the theological purpose stated in Jn 20:31 that hearer/readers believe in Jesus the Christ as the Son of God and thereby experience eternal life

Theological Hermeneutics in the Classical Pentecostal Tradition L. William Oliverio, 2012-08-01 In *Theological Hermeneutics in the Classical Pentecostal Tradition* L. William Oliverio Jr accounts for the development of Classical Pentecostal theological hermeneutics through four hermeneutical types and concludes with a philosophical basis for future Pentecostal theological hermeneutics within the contours of a hermeneutical realism

The Eschatology of Hans Urs von Balthasar Nicholas J. Healy, 2005-06-09 The unifying centre of Nicholas J. Healy's book is an analysis in dialogue with the metaphysics of Thomas Aquinas of Balthasar's understanding of the analogy of being This discussion of analogy is framed by an interpretation of Balthasar's trinitarian eschatology Healy shows that the ultimate form of the end and thus the measure of all that is meant by eschatology is given in Christ's eucharistic and pneumatic gift of himself a gift that simultaneously lays bare the mystery of God's trinitarian life and enables Christ to return to the Father in communion with the whole of creation

Ecumenical Perspectives on the Filioque for the 21st Century Myk Habets, 2014-06-19 The volume presents a range of theological standpoints regarding the filioque With some contributors arguing for its retention and others for its removal still others contest that its presence or otherwise in the Creed is not what is of central concern but rather that how it should be understood is of ultimate importance What contributors share is a commitment to interrogating and developing the central theological issues at stake in a consideration of the filioque thus advancing ecumenical theology and intercommunal dialogue without diluting the discussion Contributors span the Christian traditions Roman Catholic Protestant Eastern Orthodox and Pentecostal Each of these traditions has its own set of theological assumptions methods and politics many of which are on display in the essays which follow Nonetheless it is only when we bring the wealth of learning and commitments from our own theological traditions to ecumenical dialogue that true progress can be made It is in this spirit that the present essays have been conceived and are now presented in this form

Gregory of Nyssa, Augustine of Hippo, and the Filioque Chungman Lee, 2021-08-24 In this volume Chungman Lee offers a concise yet thorough evaluation of the contemporary discussion on the filioque and the remaining issues still at stake Lee examines the trinitarian theologies of Gregory of Nyssa and Augustine of Hippo as representative of respectively the eastern and western patristic traditions He demonstrates that they share similar ideas on the monarchy of the Father and on the role of the Son in the procession of the Holy Spirit notwithstanding their slightly different expressions and perspectives As such the present study seeks to work towards a common patristic foundation for reconciliation between East and West on the problem of the filioque

Theandric and Triune Ty Kieser, 2024-01-25 Describing Jesus as an agent of divine actions or as one who possesses human agency is

commonplace in christological discussions Yet these discussions often wade in a shallow understanding of the terms meanings and the theological implications of such claims For example while many theologians who are committed to the definition of Chalcedon consider Jesus one agent we might ask if this implies that the triune God comprises three agents Or if Christ possesses singular agency how are his divinity and humanity operative in his actions In response this work draws from the theology of John Owen and advancements in philosophy of action in order to offer an account of divine and human agency in christological action from within the Reformed tradition It provides clarity to the christological and trinitarian uses of the language of agent agency in Christ and attends to the theological esp trinitarian entailments therein While at first glance there may appear to be internal inconsistencies with accounts that subscribe to classical trinitarianism and Reformed Christological agency this book argues that Owen helps us recover an understanding of christological agency that is internally coherent and theologically prudent As such the Reformed tradition can articulate Christological agency in a way that is coherent with the testimony of Scripture the ecumenical councils and classical trinitarianism while contributing to contemporary theological discussions The case not only provides terminological clarity and theological coherence but also inclines Christians to appreciate the trinitarian love of God in Christ's action and the human sympathy of Christ for his people

Trinitarian Self and Salvation Scott D. Harrower, 2012-01-13 In 1967 Karl Rahner famously wrote The economic Trinity is the immanent Trinity and vice versa From that time onwards Rahner's Rule has become the norm for conceiving the relationship between the Trinity in the economy of salvation and God's eternal inner life Evangelical theologians currently employ Rahner's Rule in a variety of ways One of the most popular is the Strict Realist Reading whereby trinitarian relationships in salvation history are taken to mirror eternal relationships within God This book brings this norm into conversation with the witness of Scripture in order to assess its viability In doing so it highlights troubling issues that arise from the application of the Strict Realist Reading of Rahner's Rule to the narrative of Luke Acts This book suggests that the Strict Realist Reading can be shown to be a questionable basis for our doctrine of God's inner life *Ex Auditu - Volume 14*

Klyne Snodgrass, 2004-06-23 **God Without Measure: Working Papers in Christian Theology** John

Webster, 2015-11-19 In this two volume collection of essays which forms a companion to *The Domain of the Word* John Webster brings together studies of a range of topics in dogmatic and moral theology This first volume *God and the Works of God* treats the themes of God's inner being and God's outer acts After an overall account of the relation between God in himself and the economy of God's external works there are studies of the divine aseity and of the theology of the eternal Son These are followed by a set of essays on creation out of nothing the relation between God and God's creatures the nature of providence the relation of soteriology and the doctrine of God and the place of teaching about justification in Christian theology Each of the essays explores the relation of theology proper to economy and together they pose an understanding of Christian doctrine in which all theological teaching flows from the doctrine of the immanent Trinity **Faith Seeking**
