**Tish Langlois**

### **Fault Lines Sexuality Incest And Catholic Family Culture:**

**Fault Lines** Tish Langlois, 1997 In this courageous book Tish Langlois challenges Catholic liturgy and ideology that benefits men at the expense of women and children Through a gendered division of labour and a rigidly defined sexuality Catholic culture can foster sexual abuse within Catholic families Working from the premise that sexual justice for girls and women is attainable she exposes the power relationships that promote female obedience to the male head within families and the church In conversations with survivors of sexual abuse she traces the fault lines in each of these women's lives that moment of realization when each of them understood that what happened to them was seriously wrong Sexual justice Langlois argues is not an impossibility but something all women and men within Catholicism should strive to achieve

**Taking Back Our Lives** Ann Russo, 2002-06-01 In this groundbreaking book outspoken feminist Ann Russo offers a call to action to the feminist movement to truly become the inclusive progressive and supportive group that it claims to be Russo challenges feminists to address lesbian battering the social implications of lesbian

pornography as well as racism and white privilege in feminist theories and politics. Herself a survivor of sexual assault, Russo argues that if we want the violence against women to end, we must address the issues with honesty and clarity. This is an eye-opening, unflinching look at the women's movement and the violence done to women every day. Push Back the Dark Elizabeth M. Altmaier, 2017-01-09. Adults in your church, small group, or other Christian organization are silently suffering the tragic consequences of having been sexually abused as children or youth. Why aren't they coming forward for help? Their reluctance may be related to wounds given by the faithful religious people they trusted who said things like "well, it wasn't rape" or "it's been thirty years, why is this such a big deal?" Such responses from people with religious authority deepen victims' need to shrink into anxiety, depression, and self-degradation. This book offers you the tools needed to undertake caring ministry to adults suffering in the aftermath of childhood sexual abuse. Once you understand the scientific research on such topics as trauma, memory, consequences of abuse, and forgiveness, you will appreciate how caring collaboration can create hope and healing. In these pages, every reader will find helpful content that will take you from feeling out of your depth to knowing you are empowered to be an effective companion in God's transforming work in the lives of survivors of abuse.

*Canadian Book Review Annual*, 1997. **Brotherhood Economics** Rusty Neal, 1998. Troubling Women's Studies Ann Braithwaite, 2004. The four essays in this collection present a multifaceted conversation about what is at stake in passing on the institutionalized project of Women's Studies at this historic moment. The authors come to this conversation from a diversity of histories, commitments, and investments in Women's Studies. Framed by the argument that Women's Studies is a project fraught with uncertainty, the authors explore what it means to live within this uncertainty and how one might respond to it intellectually, emotionally, politically, institutionally, and pedagogically. In exploring their own responses and taking into consideration responses from other feminist intellectuals, the authors subject their practices to the same kind of academic critique to which they subject the discipline: its location, theories, methods, and pedagogies. The purpose of these essays is not to enact these responses nor to fix a firm direction for the future of the discipline, but rather by looking back and attending to the now, inspire us to grapple with what might be possible. *Whose University is It, Anyway?* Sandra Acker, Anne Wagner, Kimine Mayuzumi, 2008. *Whose University Is It Anyway?* paints a dynamic portrait of what goes on behind the scenes at today's Canadian universities. In compelling accounts, the contributors discuss how equity and gender shape their experiences as they explore the realities they face as professors, reaching assistants, students, contingent faculty, tenured faculty, and administrative staff. This is a timely and important contribution. Book jacket. **Feminism, Law, Inclusion** Gayle Michelle MacDonald, Rachel L. Osborne, Charles Smith, 2005. The contributions to this collection are written by legal advocates, community activists, and legal scholars. While the Introduction and Commentary provide a theoretical overview, the ten essays examine theories of intersectionality to demonstrate how race, class, sexual orientation, gender, and identity have been integrated into legal scholarship and activism in an attempt to shape legal policy and practice. Section 1: Theory in

Action addresses anti racism in community legal practice the legal construction of women s sexuality as deviant the protection of sexual orientation under human rights legislation and the gender and racial characteristics of the judiciary Section 2 Organizations in Action looks at women s place in the legal profession international women s rights and disrupting discriminatory practices in the workplace Section 3 Law in Action discusses the rights of Native women racial bias in legal judgements and the recognition and protection of same sex spousal rights Feminism Law Inclusion is an important contribution to the ongoing development of this critical discourse **Canadian Books in Print.
