Fauna Britannica:

Fauna Britannica Stefan Buczacki, 2005 The definitive encyclopedic reference to British natural history detailing history folklore habitat and characteristics of each species Foreword by His Royal Highness the Prince of Wales An accessible and fascinating text that explores how animals have enriched our culture from the spider that reputedly influenced Robert the Bruce to the superstitions that robins portend death Over 3 000 entries from common snails and earthworms to deer and the golden eagle A luxurious and beautifully illustrated celebration of British wildlife *Fauna Britannica* Duff Hart-Davis, 2002 This volume is a practical encyclopaedia of animals birds and fish reptiles and insects both wild and domestic in Britain It also provides an historic survey from the earliest records when and how species were introduced and died out and how they have flourished or declined There are essays on the interaction with man from outright exploitation to over production Social history folklore and legend are included to give the most magisterial survey of Britain s fauna **Blackwood's Edinburgh Magazine** ,1817 **The Georgian Era: Voyagers and travellers. Philosophers and men of science. Authors** ,1834

The Seasons Nick Groom, 2014-06-01 For millennia the passing seasons and their rhythms have marked our progress through the year But what do they mean to us now that we lead increasingly atomized and urban lives and our weather becomes ever more unpredictable or extreme Will it matter if we no longer hear even notice the first cuckoo call of spring or rejoice in the mellow fruits of harvest festival How much will we lose if we can no longer find either refuge or reassurance in the greater natural and meteorological scheme of things Nick Groom s splendidly rich and encyclopedic book is an unabashed celebration of the English seasons and the trove of strange folklore and often stranger fact they have accumulated over the centuries Each season and its particular history are given their full due and these chapters are interwoven with others on the calendar and how the year and months have come to be measured on important dates and festivals such as Easter May Day and of course Christmas on that defining first cuckoo call on national attitudes to weather our seasonal relationship with the land and horticulture and much more The author expresses the hope that his book will not prove an elegy only time will tell Journal of the Northamptonshire Natural History Society and Field Club ,1911 Life of the Rev. William Kirby ... Rector of Barham John Freeman, 1852 *The Life and Letters of Gilbert White of Selborne* Rashleigh Holt-White (ed), 1901 **Scottish Mammals** Robin Hull, 2012-11-01 Scotland is a treasure chest of natural history but it also offers a wealth of wonderful literature about its wild creatures Delving into Robin Hull s own experience of the mammals in Scotland and drawing on the texts of many of the great Scottish natural history writers this book the first of its kind examines the historical and cultural relationship between humans and mammals in Scotland over the last 10 000 years All the wild mammalian species of Scotland are covered including marine mammals which have been sighted in Scottish waters such as walruses and narwhals Insightful and meticulously researched *Scottish Mammals* is an analysis of the impact of humans on the planet as well as a riveting study of the facts and fictions associated with mammals in Scotland The

Dictionary of Magic and Mystery Melusine Draco,2012-04-16 Every good reference book is both a product and a reflection of its time The Dictionary of Magic Mystery is not just another compendium or dictionary of occultism it is a jumping off point for further research Here the reader will find the ancient and modern interpretation for magical and mystical terms together with explanations for the differences between the varied and often conflicting approaches to magic Anatomy of the World Celia Meade,2024-03-01 Nothing is more meaningful than family life This world can seem a beautiful and loving Eden in one moment and the next you can feel buried alive Your loved ones become sick or they grow into hellions Or they don t even make it into this world at all or they live a long life and then die leaving you behind Life is confusing life is beautiful life is sometimes overwhelming Being a mother is at the center of family life an all consuming role that sometimes is invisible and other times essential This collection is about Meade s world told through the anatomy of family life Celia along with her partner Karl experienced late miscarriage the adoption of two beautiful girls alongside brushes with addiction and loss These poems are based on feelings that sometimes were fleeting and other times endure They reflect the life of a poet at a certain point of time as she is growing older and her children enter into adulthood and continue to evolve **The Stopping Place** Helen Slavin,2017-11-12 A librarian becomes obsessed with a coworker s secrets in this compelling psychological thriller from a highly original talent Beryl Bainbridge Ruby Robinson drifts through life stacking shelves at the library quiet solitary invisible Invisibility makes it easier to notice things though and Ruby has always valued the importance of knowledge She watches the world go by from her place amongst the bookshelves The bored students the domestic dramas and her colleague Martha vivacious wild enchanting Drawn in by Martha s light Ruby finds herself watching observing which is how she spots the cracks in Martha s shiny new relationship before anyone else An unsettling feeling A flinch Forced to intervene Ruby is drawn out of the shadows But all actions have consequences particularly for someone with a past she d rather forget **The Stopping Place** is a smart suspenseful tale by an author who reels you in teases you and rewards you **The Scotsman** **An Introduction to Botany** James Lee,1806 **King's Counsellor** Alan Lascelles,2020-08-06 The diaries of Tommy Lascelles as featured in the Netflix hit THE CROWN Brilliantly entertaining and historically priceless Spectator Fascinating as much a contribution to royal legend as to the history of the war Daily Telegraph As Assistant Private Secretary to four monarchs Tommy Lascelles had a ringside seat from which to observe the workings of the royal household and Downing Street during the first half of the 20th century These fascinating diaries begin with Edward VIII s abdication and end with George VI s death and his daughter Elizabeth s Coronation In between we see George VI at work and play a portrait more intimate than any other previously published This compelling account also includes Princess Margaret s relationship with Peter Townsend and throws an intriguing new light on the way in which King George VI and Winston Churchill worked together during the Second World War Lascelles was a fine writer like most of the best diaries his are a delight to read as well as being invaluable history **Routledge Handbook of Forest Ecology** Kelvin S.-H. Peh,Richard T. Corlett,Yves

Bergeron,2015-10-16 This comprehensive handbook provides a unique resource covering all aspects of forest ecology from a global perspective It covers both natural and managed forests from boreal temperate sub tropical and tropical regions of the world The book is divided into seven parts addressing the following themes forest types forest dynamics forest flora and fauna energy and nutrients forest conservation and management forests and climate change human impacts on forest ecology While each chapter can stand alone as a suitable resource for a lecture or seminar the complete book provides an essential reference text for a wide range of students of ecology environmental science forestry geography and natural resource management Contributors include leading authorities from all parts of the world *Ecocritical Shakespeare* Lynne Bruckner,Dan Brayton,2016-04-29 Can reading writing about and teaching Shakespeare contribute to the health of the planet To what degree are Shakespeare s plays anthropocentric or ecocentric What is the connection between the literary and the real when it comes to ecological conduct This collection engages with these pressing questions surrounding ecocritical Shakespeare in order to provide a better understanding of where and how ecocritical readings should be situated The volume combines multiple critical perspectives juxtaposing historicism and presentism as well as considering ecofeminism and pedagogy and addresses such topics as early modern flora and fauna and the neglected areas of early modern marine ecology and oceanography Concluding with an assessment of the challenges and necessities of teaching Shakespeare ecocritically Ecocritical Shakespeare not only broadens the implications of ecocriticism in early modern studies but represents an important contribution to this growing field *How Nature Matters* Simon P. James,2022 How Nature Matters presents an original theory of nature s value based on part whole relations In so doing it solves the difficult problem of how we should conceptualize nature s cultural values The standard practice of framing them in terms of the provision of cultural ecosystem services is shown to be inadequate When natural things have cultural value they do not have it as service providers that is as means to valuable ends They have it as parts of valuable and meaningful wholes as parts of traditions narratives and cultural identities James develops his theory by investigating twelve real world cases concerning amongst other things the contentious practice of dugong hunting and the religious significance of the site where the Buddha is said to have become enlightened He also analyses some cutting edge policy related topics such as the debate surrounding the concept of relational value and takes a stand on various foundational issues in environmental philosophy including the question of whether anything on earth qualifies as natural This accessible engagingly written book will be essential reading for all those who wish to understand the moral and metaphysical dimensions of environmental issues *An Introduction to Botany, Containing an Explanation of the Theory of that Science, and an Interpretation of Its Technical Terms, Extracted from the Works of Linnæus ... With ... an Appendix Containing Upwards of Two Thousand English Names of Plants ...* By James Lee Carl von Linné,1806 **Woodland Folk Tales of Britain and Ireland** Lisa Schneidau,2020-09-30 Once upon a time most of Britain and Ireland was covered in woodland Many of the trees have been cleared but our connection with the

wildwood remains It is a place of danger adventure and transformation where anything could happen Here is a collection of traditional folk tales of oak ash and thorn of hunting forests and rebellion timber and triumph in battle wild ghosts and woodwoses Lisa Schneidau retells some of the old stories and relates them to the trees and forests in the landscape of our islands today

Pagan Portals - Divination Melusine Draco, 2018-08-31 Divination is only a small part of a witch's stock in trade and although a basic introduction to the subject can be learned from books proficiency will only come through vigorous practice This proficiency comes through the discovery of certain secret matters by a great variety of means correspondences signs and occult techniques Before a witch can perform any of these operations with any degree of success we need to develop the art of seeing and the ability to divine with rod fingers and birds Divination is what could be referred to as the practical element of Craft magic and we don't even have to be witches to be able to read the portents But it helps A companion volume to Pagan Portals By Spellbook Candle and Pagan Portals By Wolfsbane Mandrake Root from popular Moon Books author Melusine Draco
