Egan, 2010-10-01 Called in a special way to listen to

God's whispers the mystics amplify not only what it means to be baptized into the life death and resurrection of Jesus Christ and to having the Trinity living in them but also what is deepest in the human spirit. Mystics experience themselves as an infinite question to which only God is the answer as an immense longing that only Love can quench as a nothing in the face of the No Thing. They are God's fools, troubadours, the great artists and poets of the interior life whose learned ignorance articulates the art of loving God, neighbor, self, the Church and the world. In *Soundings in the Christian Mystical Tradition*, Harvey Egan draws on fifty years of reading and teaching the mystics to sketch the varieties and passion of the mystical life across more than two millennia. Through their stories and words, Egan reveals that all were conscious of the paradox of human identity supremely and unsurpassably manifested in the God-Man, that the genuinely human is disclosed only through surrender to God and that the search for God cannot bypass the genuinely human. Harvey D. Egan, SJ, is the author of numerous works on Christian mysticism and the thought of Karl Rahner. He is currently professor of systematic and mystical theology at Boston College.

*Witness to Hope* George Weigel, 2009-10-13 This definitive biography of Pope John Paul II explores his historic influence on the world stage. Magnificent! A tremendous achievement. *Washington Post*. As head of the Catholic Church from 1978 until his death in 2005, John Paul II was one of the world's most transformational figures. With unprecedented cooperation from the Pope as well as the people who knew and worked with him throughout his life, George Weigel offers a groundbreaking portrait of him as a man, a thinker, and a leader whose religious convictions defined a new approach to world politics and changed the course of history. The Pope played a crucial yet underexplored role in some of the most momentous events of his time, including the collapse of European communism, the quest for peace in the Middle East, and the democratic transformation of Latin America. With an updated preface, this edition of *Witness to Hope* explains how this man from a far country did all of that and much more, and what both his accomplishments and the unfinished business of his pontificate mean for the future of the Church and the world.

**Contemporary Encounters in Gender and Religion** Lena Gemzöe, Marja-Liisa Keinänen, Avril Maddrell, 2016-11-16. The fields of gender and religious studies have often been criticized for neglecting to engage with one another, and this volume responds to this dearth of interaction by placing the fields in an intimate dialogue. Taking a multi-disciplinary approach and drawing on feminist scholarship, the book undertakes theoretical and empirical explorations of relational and co-constitutive encounters of gender and religion. Through varied perspectives, the chapters address three interrelated themes: religion as practice, the relationship between religious practice and religion as prescribed by formal religious institutions, and the feminization of religion in Europe.

**Annual Review of the Sociology of Religion. Volume 4 (2013)**, 2013-11-21. Prayer is a phenomenon which seems to be characteristic not only of participants in every religion but also men and women who do not identify with traditional religions. It can be practised even by those who do not believe either in a God or transcendent force. In this sense

therefore we may assert that the prayer is a typically human activity that has accompanied the development of different civilizations over the course of the centuries Both the material issues of concrete daily life as well as more symbolic elements expressed through words gestures body positions and community celebration are brought together in the act of praying
