Goulding, 2011-03-16 MAKE A SOUND INVESTMENT IN CLASSICAL MUSIC Who are the ten most important classical composers Who in the world was Palestrina Why did Stravinsky's Rite of Spring cause a riot Which five of each important composer's works should you buy What is a concerto and how does it differ from a sonata Maybe you don't know the answers to these questions author Phil Goulding certainly didn't When Goulding first tried to learn about classical music he found himself buried in an avalanche of technical terms and complicated jargon so he decided to write the book he couldn't find The result is a complete classical music education in one volume Comprehensive discriminating and delightfully irreverent Classical Music provides such essential information as Rankings of the top 50 composers Bach is 1 Borodin is 50 A detailed and anecdotal look at each composer's life and work The five primary works of each composer and specific recommended CDs for each Further great works of each composer if you really like him Concise explanations of musical terminology forms and periods A guide to the parts and history of the symphony orchestra This book uses every conceivable gimmick to immerse readers in the richness of classical music lists rankings sidebars devoted to lively anecdotes and catchy leads The Washington Post One terrific music appreciation book The information is surprisingly detailed but concisely presented Goulding's writing style is breezy yet mature He has raised music appreciation from a racket to a service The Arizona Daily Star **60 Handel Overtures Arranged for Solo Keyboard** George Frideric Handel, 1993-01-01 The dramatic overture had its beginnings in Renaissance court entertainments which often began with a flourish of trumpets It reached a high point of inspiration in the overtures that George Frideric Handel 1685-1759 composed for his operas and oratorios This volume presents 60 Handel overtures and sinfonias originally scored for orchestra superbly

arranged for solo keyboard They have been reprinted from an extremely rare edition originally printed probably in the 1750s by Handel's London publisher John Walsh Happily these brilliant works have lost nothing in translation of their Handelian vitality and interest Many of them such as the overtures to Messiah Acis and Galatea Alexander's Feast Julius Caesar the second overture in Solomon known as the Arrival of the Queen of Sheba and the so called Water Musick are very familiar to music lovers Some will be fresh discoveries for keyboard players Together they demonstrate Handel's exciting theatrical sense his technical virtuosity in composition and his dazzling mastery of musical forms which he often combined into his own unique creations This edition preserves the original keyboard notation amazingly precise in its elegant execution and of course entirely legible to present day performers

Russian Piano Music Andor Pinter, 2013-01-16 This collection of 44 pieces spotlights the works of important Russian composers who popularized their native folk music Contributors include Michael Glinka Alexander Borodin Modest Mussorgsky Nikolas Rimsky Korsakov Alexander Scriabin and others
