The American Middle Class Lawrence Samuel, 2013-07-18 The middle class is often viewed as the heart of American society the key to the country's democracy and prosperity Most Americans believe they belong to this group and few politicians can hope to be elected without promising to serve the middle class Yet today the American middle class is increasingly seen as under threat In *The American Middle Class A Cultural History* Lawrence R Samuel charts the rise and fall of this most definitive American population from its triumphant emergence in the post World War II years to the struggles of the present day Between the 1920s and the 1950s powerful economic social and political factors worked together in the U S to forge what many historians consider to be the first genuine mass middle class in history But from the cultural convulsions of the 1960s to the stagflation of the 1970s to Reaganomics in the 1980s this segment of the population has been under severe stress Drawing on a rich array of voices from the past half century *The American Middle Class* explores how the middle class and ideas about it have changed over time including the distinct story of the black middle class Placing the current crisis of the middle class in historical perspective Samuel shows how the roots of middle class troubles reach back to the cultural upheaval of the 1960s *The American Middle Class* takes a long look at how the middle class has been winnowed away and reveals how even in the face of this erosion the image of the enduring middle class remains the heart and soul of the United States

For Her Own Good Barbara Ehrenreich, Deirdre English, 2005-01-04 From the bestselling author of

Nickel and Dimed and a former editor in chief Mother Jones this women s history classic brilliantly uncovers the constraints imposed on women in the name of science Since the nineteenth century professionals have been invoking scientific expertise to prescribe what women should do for their own good Among the experts diagnoses and remedies menstruation was an illness requiring seclusion pregnancy a disabling condition and higher education a threat to long term health of the uterus From clitoridectomies to tame women s behavior in the nineteenth century to the censure of a generation of mothers as castrators in the 1950s doctors have not hesitated to intervene in women s sexual emotional and maternal lives Even domesticity the most popular prescription for a safe environment for women spawned legions of scientific experts Barbara Ehrenreich and Deirdre English has never lost faith in science itself but insist that we hold those who interpret it to higher standards Women are entering the medical and scientific professions in greater numbers but as recent research shows experts continue to use pseudoscience to tell women how to live For Her Own Good provides today s readers with an indispensable dose of informed skepticism *Mapping Inequality in an Era of Neoliberalism* Stephen Valocchi,2024-09-20 Offering a unique comprehensive and critical introduction to increasingly visible social inequalities this textbook examines the political and economic causes and cultural consequences of a stratifying system that allocates material resources and human dignity on the basis of private profit and labor exploitation Mapping Inequality in an Era of Neoliberalism foregrounds capitalism as the major source of the power relations in the United States as a class system that serves the dominant vector of inequality and sets the parameters of social mobility The book starts with racialized capitalist power and shows how this power is constituted in structures of opportunity and constraint It also uses ethnographic accounts to flip the script to show how individuals in the class structure construct identities Providing students with tools for understanding Valocchi engagingly introduces many of the crucial concepts in this area of sociology power opportunity structures ideology social and cultural capitals and intersectional class identities connecting them as part of a uniquely critical approach *Can't Even* Anne Helen Petersen,2020 An incendiary examination of burnout in millennials the cultural shifts that got us here the pressures that sustain it and the need for drastic change **Landmark Essays on Writing Program Administration** Kelly Ritter,MELISSA IANETTA,2024-11-01 Leading with the provocative observation that writing programs administration lacks an established set of texts that provides a baseline of shared knowledge in which to root our ongoing conversations and with which to welcome newcomers Landmark Essays on Writing Program Administration focuses on WPA identity to propose one such grouping of texts This Landmark volume is the cornerstone resource for new Writing Program Administrators and graduate students seeking an ever important overview of the literature on Writing Program Administration Drawing broadly across scholarship in writing programs and writing centers Ritter and Ianetta work to historicize theorize and problematize the ever shifting answers offered to the question Who or what is a WPA **Indebted** Caitlin Zaloom,2021-05-04 Indebted takes readers into the homes of middle class families throughout the nation to reveal the hidden consequences of student

debt and the ways that financing college has transformed family life Amazon

Critical Issues in Democratic Schooling Kenneth Teitelbaum, 2020-04-28 Focusing on a wide range of critical issues this book provides a comprehensive analysis of the linkage of different educational ideas policies and practices to a commitment for democratic schooling Informed by significant interdisciplinary research as well as by his own extensive professional experiences as a teacher professor department chair and dean Teitelbaum examines contemporary concerns related to three broad areas 1 teaching and teacher education 2 curriculum studies and 3 multiculturalism and social justice His approach is to integrate the current and the historical the practical and the theoretical the technical and the socio political and the personal and the structural With this volume Teitelbaum considers how schools should be organized and funded what they should teach and to whom the role that teachers students and parents should play in school life and the need and prospects for schools and teacher education programs that foster meaningful learning critical reflection and social justice

Constructing Industrial Pasts Stefan Berger, 2019-09-01 Since the 1960s nations across the developed world have been profoundly shaped by deindustrialization In regions in which previously dominant industries faced crises or have disappeared altogether industrial heritage offers a fascinating window into the phenomenon s cultural dimensions As the contributions to this volume demonstrate even as forms of industrial heritage provide anchors of identity for local populations their meanings remain deeply contested as both radical and conservative varieties of nostalgia intermingle with critical approaches and straightforward apologies for a past that was often full of pain exploitation and struggle

The Way Class Works Lois Weis, 2009-09-10 This collection discusses conditions of social class and the ways in which class is produced in educational institutions and families while simultaneously interrogating and challenging our understandings of social class as it is linked to race gender and nation

Brave New Families Judith Stacey, 1998-07-15 A study of how the traditional nuclear family has been supplanted by a variety of new relationships that are not defined by blood ties and traditional gender roles The text explores the boundaries of the American family and the relationship between family and work

Colonial Legacies Jeremy Adelman, 2012-12-06 More than other Atlantic societies Latin America is shackled to its past This collection is an exploration of the binding historical legacies the making of slavery patrimonial absolutist states backward agriculture and the imprint of the Enlightenment with which Latin America continues to grapple Leading writers and scholars reflect on how this heritage emerged from colonial institutions and how historians have tackled these legacies over the years suggesting that these deep encumbrances are why the region has failed to live up to liberal

capitalist expectations They also invite discussion about the political economic and cultural heritages of Atlantic colonialism through the idea that persistence is a powerful organizing framework for understanding particular kinds of historical processes

Race, Class and Christianity in South Africa Ibrahim Abraham, 2021-07-31 This book explores the relationship between race and class among middle class Christians in South Africa The book provides a theoretically sophisticated and empirically rich study of middle class Christians in contemporary South Africa as they seek to live good lives and build a good society Focused on the city of Cape Town drawing upon ethnographic research in conservative and progressive multiracial Protestant churches furnished with critical analysis of South African literature and popular culture this timely study explores expressions of ambition and anxiety that are both spiritual and material Building upon debates over middle class identity and morality from sociology anthropology and cultural studies this book analyses congregational attempts at social unity through worship music and creative youth ministry discussions on white privilege and shame and the impact of middle class black activism in South African churches and society This book will be of interest to researchers of South African culture and society religion anthropology and sociology

Necessary Trouble Sarah Jaffe, 2016-08-23 We are witnessing a moment of unprecedented political engagement and social activism among them the growth of the Tea Party BlackLivesMatter and the grassroots networks supporting presidential candidates like Bernie Sanders Jaffe leads readers into the heart of these movements explaining what has made ordinary Americans become activists Americans regardless of political alignment are boldly challenging who wields power in this country and are poised to permanently remake politics as we know it

Culture of Prejudice Judith C. Blackwell, Murray E. G. Smith, John S. Sorenson, 2008-09-01 The principal theme of the book is that social science is at its best and most exciting when it confronts and refutes cultures of prejudice intricate systems of beliefs and attitudes that sustain many forms of social oppression and that are themselves sustained by ignorance and fear of the unknown and the unfamiliar

Middle Class Meltdown in America Kevin T Leicht, Scott T Fitzgerald, 2013-12-17 In accessible prose for North American undergraduate students this short text provides a sociological understanding of the causes and consequences of growing middle class inequality with an abundance of supporting empirical data The book also addresses what we as individuals and as a society can do to put middle class Americans on a sounder footing

Harlemworld John L. Jackson Jr., 2010-05-01 Harlem is one of the most famous neighborhoods in the world a historic symbol of both black cultural achievement and of the rigid boundaries separating the rich from the poor But as this book shows us Harlem is far more culturally and economically diverse than its caricature suggests through extensive fieldwork and interviews John L Jackson reveals a variety of social networks and class stratifications and explores how African Americans interpret and perform different class identities in their everyday behavior

The Crisis in the Churches Robert Wuthnow, 1997 At a time when already overworked clergy are being called upon by budget cutting politicians to do more for the poor the sick and the elderly American churches are suffering persistent financial shortfalls Why are American s

churches in financial distress Robert Wuthnow a leading commentator on religious life in America asserts that the steady drop in donations volunteering and personal involvement is a direct result of a spiritual crisis a crisis caused in large part by the clergy's failure to address the vital relationships between faith and money work stewardship giving and economic justice In *The Crisis in the Churches* Wuthnow offers a searching study of this financial crisis and of the spiritual malaise that has silently grown worse during the past decade To do this he lets the churches speak for themselves quoting extensively from interviews with clergy and laity in sixty Protestant and Catholic congregations throughout the U S and drawing from the texts of over 200 sermons from church financial records and a national survey What emerges is that parishioners often feel the church does not care about what they do from Monday to Friday offers no guidance in their most pressing day to day concerns yet always seems to be asking for more money Although the situation is critical Wuthnow finds much cause for hope He points to ideas and programs that some churches have enacted to challenge their members to think differently about work and money and giving Parishioners sometimes respond positively when clergy speak boldly and concretely about matters of faith and finance and some churches have formed small groups whose members meet regularly to discuss issues of spirituality work personal finances and stewardship
