**Colonization and Its Discontents** Beverly C. Tomek, 2012-09-24 Pennsylvania contained the largest concentration of early America's abolitionist leaders and organizations making it a necessary and illustrative stage from which to understand how national conversations about the place of free blacks in early America originated and evolved and importantly the role that colonization supporting the emigration of free and emancipated blacks to Africa played in national and international antislavery movements Beverly C Tomek's meticulous exploration of the archives of the American Colonization Society Pennsylvania's abolitionist societies and colonizationist leaders both black and white enables her to boldly and innovatively demonstrate that in Philadelphia at least the American Colonization Society often worked closely with other antislavery groups to further the goals of the abolitionist movement In Colonization and Its Discontents Tomek brings a much needed examination of the complexity of the colonization movement by describing in depth the difference between those who supported colonization for political and social reasons and those who supported it for religious and humanitarian reasons Finally she puts the black perspective on emigration into the broader picture instead of treating black nationalism as an isolated phenomenon and examines its role in influencing the black abolitionist agenda **Outlook** ,2008-12-29 **Jubilee** ,1882
