Feast Of Fire The Fathers Day Outpouring:

Feast of Fire John Kilpatrick (pastor.),1995 **A Cry After the Heart of God** Thomas Reeves,2014-09-19 We are living in a time when churches seem to be going different directions in order to appease people and gain numbers It is my contention that great deception is occurring while the church is asleep When things get confusing we tend to look to the world for answers when we need to look to God for His direction This book offers my testimony and experience of what I have seen the church accomplish in hard times and yet urge the church with a wake up call to heed the heart of God We need God s power back in our churches and with all of my heart God longs to once again manifest his presence **The New Normal** Mark Wyatt,2011-12-20 Off with the old on with the New Dramatically deals with two of the most relevant components in history the Kingdom of God and the phenomenon of revival The New Normal is a frank and passionate exhortation to live in the atmosphere of daily God moments Such a lifestyle is eminently possible because revival is at its core a continual awareness of the reality and manifestation of the Kingdom of God Personally relevant and biblically sound you will learn What your life would be like if you accepted a new normal About past and present moves of God The difference between church level and Kingdom level living The nature of the rule and reign of God in your life How and why God is still healing people today You will be encouraged and challenged by personal experiences relevant Scripture and credible research about great men and women of God who have cast off religious ideas of success and respectability and forsaken all in pursuit of the fullness of Jesus and His Kingdom The Kingdom of God is truly here and now If you are hungry to develop a continual awareness of the manifested reality of the invisible realm and to live a revived life The New Normal will train you and inspire you into a beautiful future **Souls, Bodies, Spirits** Kerry N. Jacoby,1998-04-23 Jacoby provides a comprehensive social history of the abortion abolition campaign from its beginnings following Roe v Wade through the 1996 elections She explores the abortion abolition effort historically sociologically theologically and politically arguing for a deepened understanding of American abortion opponents The history of the abortion abolition effort in America is examined through three different approaches to the understanding of collective behavior Beginning with the immediate post Roe period the movement is explored as a Catholic moral crusade and Jacoby analyzes why Catholic Americans were particularly prone to such activity as well as why otherwise theologically compatible Protestants were not She then examines the effort as a major social movement beginning around 1980 Finally the late 1980s development of direct action activity most notably in the form of Operation Rescue is viewed in light of its connection to the theology and expectations of religious revivalism In her conclusions Jacoby provides a new model for understanding faith based political action Students teachers and the general public will find this book a thorough comprehensive and accessible examination of the movement **The New International Dictionary of Pentecostal and Charismatic Movements** Stanley M. Poloma,John C. Green,2010-11-23 The Assemblies of God AG is the ninth largest American and the world s largest Pentecostal denomination with over 50 million followers worldwide The AG embraces a worldview of miracles and mystery that makes supernatural experiences such as speaking in tongues healing and prophecy normal for

Christian believers Ever since it first organized in 1916 however the charismata or gifts of the Holy Spirit have felt tension from institutional forces Over the decades vital charismatic experiences have been increasingly tamed by rituals doctrine and denominational structure Yet the path towards institutionalization has not been clear cut New revivals and direct personal experience of God the hallmarks of Pentecostalism continue as an important part of the AG tradition particularly in the growing number of ethnic congregations in the United States The Assemblies of God draws on fresh up to date research including quantitative surveys and interviews from twenty two diverse Assemblies of God congregations to offer a new sociological portrait of the AG for the new millennium The authors suggest that there is indeed a potential revitalization of the movement in the works within the context of the larger global Pentecostal upswing and that this revitalization may be spurred by what the authors call godly love the dynamic interaction between divine and human love that enlivens and expands benevolence The volume provides a wealth of data about how the second largest American Pentecostal denomination sees itself today and suggests trends to illuminate where it is headed in the future
