the intense pressures of international crisis By examining decision flows military balances and coping mechanisms the book reveals patterns of behavior and stress responses unique to state actors in moments of existential threat Michael Brecher and Benjamin Geist utilize a multidisciplinary approach blending qualitative and quantitative methods within the framework of the International Crisis Behavior ICB Project This comparative analysis provides insights into the broader implications of crisis induced stress on state behavior contributing to the development of general theories in international relations Supported by rigorous research and expert contributions Decisions in Crisis is an essential resource for understanding the complexities of crisis management and decision making in the context of global conflict This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980 *The Grand Mufti* Z Elpeleg, Shmuel Himelstein, 2012-11-12 A former military governor of Arab areas under Israeli occupation chronicles the life and career of Hussaini 1893 1974 from his early days in Jerusalem through his Palestinian nationalist work during the 1920s and 1930s his eclipse after 1948 and his continuing influence on the Palestinian movement *The Politics of Palestinian Nationalism* William Baver Quandt, William B.
