## **Federal Government In Nigeria:**

**The Evolution of Federal Government in Nigeria** Nnamdi Azikiwe, 1959      Federal Nigeria, 1958      **Introduction to Nigeria** Gilad James, PhD, Nigeria is a country located in West Africa and is known for its rich cultural heritage and diversity. With a population of over 200 million people, it is the most populous country in Africa and the seventh most populous country in the world. The country is divided into 36 states and one Federal Capital Territory with Abuja being the capital city. Nigeria has a highly diversified economy with a mix of agriculture, industry, and natural resources. It is the largest producer and exporter of crude oil in Africa and has the ninth largest natural gas reserves in the world. The country also has a vibrant music and film industry known as Nollywood that is popular across the continent. However, Nigeria has faced a number of challenges including poverty, corruption, terrorism, and ethnic/religious tensions. Since gaining independence from Britain in 1960, Nigeria has experienced several military coups and a civil war. Nigeria's political system is currently based on a federal republic with a presidential system of government. The country is also a member of the African Union, Commonwealth of Nations, and the United Nations. With its diverse population and rich resources, Nigeria remains an important player in African politics and a key country in global affairs.

**Nigeria** J. Isawa Elaigwu, 2012-06-30 Nigeria has experienced different forms of crises and instability since she became independent on October 1, 1960. The country has also been under different forms of rule from the Westminster system of parliamentary democracy in the First Republic (1960-1966) to prolonged periods of military rule (1966-1979, 1983-1999) to a presidential system of governance (1979-1983, 1999-present). During these periods, there have been several contentious issues that appear to permanently put the country on the precipice. In this collection of essays, Isawa Elaigwu, a professor emeritus of political science, reflects on the country's painful political experiences, arguing that it is necessary for Nigerians to understand the past and actively participate in the present in order to create a brighter future for the country. The essays in the book therefore serve as the links between the country's yesterday and today as foundations for the future.

**Nigeria Investment and Business Guide Volume 1: Strategic and Practical Information** IBP USA, 2013-08 Nigeria Investment and Business Guide: Strategic and Practical Information      **Management of Inter and Intra States Boundary Conflicts in Nigeria: An Empirical Approach**,      **The Transformation of Nigeria** Toyin Falola, 2002 Professor Toyin Falola, a distinguished Africanist and a leading historian of Nigeria, has established an enduring academic legacy.

**Industrialization in an Open Economy: Nigeria 1945-1966** Peter Kilby, 1967      **Problems and Prospects of Sustaining Democracy in Nigeria** Bamidele A. Ojo, 2001 The past few years have been very traumatic ones for many Nigerians. With the exception of those in power or close to the seat of power, the changes of 1998 were a welcome relief given the tyranny and repression that the country had suffered under General Abacha. With many people in prison and more in exile, the death of Abacha was received with a sigh of relief. Many observers have seen the resilience that has come to signify the strength and potential of this once giant of Africa as well as the destruction and the socio-political and economic

decay of the past decades The Nigerian people have endured the exploitation of their rights due to the lack of democratic leadership and with this in mind they have been called to attention to fight for their country

**Nigeria** International Monetary Fund. African Dept.,2019-04-01 This Article IV Consultation highlights that Nigeria s economy is still recovering from the substantial terms of trade shock that triggered the 2016 recession Persistent structural and policy challenges constrain growth to below the level needed to reduce vulnerabilities and improve development outcomes With elections now complete there is a greater chance for faster policy implementation The authorities Economic Recovery and Growth Plan priorities remain appropriate and should be urgently implemented Revenue based fiscal consolidation would be required to create space for higher capital and priority spending while improving spending efficiency and strengthening governance A comprehensive package of urgent policy reforms is required to address vulnerabilities and raise growth over the medium term The IMF staff suggested that strengthening banking sector resilience requires increasing capital buffers This includes extending the no dividend distribution rule to all banks with high restructured loans A

*technical review of modern cassava technology adoption in Nigeria (1985-2013)* Oparinde, Adewale, Abdoulaye, Tahirou, Manyong, Victor M., Birol, Ekin, Asare-Marfo, Dorene, Kulakow, Peter, Ilona, Paul, 2016-04-13 In recent times results of various adoption studies have been mixed raising questions regarding why some improved farm technologies are still not widely adopted several years after their first introduction Many improved cassava varieties have been introduced to millions of farm households across Africa south of the Sahara Using an extensive review of cassava adoption literature focused on Nigeria this paper discusses the uptake of improved cassava varieties Generic measurement and methodological issues in the literature are illuminated and alternative approaches suggested The literature can be improved to better inform policy by considering issues such as attribution constraint due to varietal identification challenges and sample selection bias that can limit interpretation of findings Very few studies disaggregated adoption by men and women thus the literature can provide more policy relevance by giving adequate attention to gender considerations Also the use of only descriptive statistics and dichotomous choice models is most common while issues of sequencing simultaneity endogeneity and social learning effects in adoption decisions are under evaluated The local germplasm at research institutions in the country is not exhaustive and thus efforts should focus on improving the database for an effective use of a DNA fingerprinting technique in the varietal identification process

**Nigeria's Democratic Experience in the Fourth Republic Since 1999** A. Sat Obiyan, Kunle Amuwo, 2013 This book addresses various issues that have arisen in the practice of democracy in Nigeria since 1999 focusing on the Obasanjo years 1999 2007 Nigeria's return to democratic rule has been marked by developments such as the implementation of reforms to address perceived economic problems and corruption The introduction of democracy in the country has also witnessed many challenges including the difficult relationship between some political chief executives and their deputies intriguing intergovernmental relations the rise and resurgence of sub national groups that pose serious threat to the hegemony of the state precarious inter ethnic inter sectional relations attempts to perpetuate the tenure of chief executives through constitutional amendments and developments in electoral politics and conflicts The book provides incisive analysis into these issues

**Economic Reforms and Modernization in Nigeria, 1945-1965** Toyin Falola, 2004 Created as a result of British colonialism Nigeria emerged as a nation state during the mid 20th century Toyin Falola presents statistical data on Nigeria's economy that illustrate the nature of the changes made throughout the mid 20th century

**The Political Economy of Federalism in Nigeria** Dele Babalola, 2018-12-29 This book uses the political economy approach to examine the relative failure of federalism in Nigeria It shows the nexus between the political and the economic aspects of the country's federalism The central feature of Nigeria's political economy is the relationship between oil resources and the state The author argues that the inability of the federal government to distribute the oil wealth fairly amongst the component units contributes to the dysfunctional character of the federal system This deficiency is rooted in the country's unbalanced political economy which promotes over dependency on oil and consequently an over centralised federal system The book concludes

that despite its complexities federalism has become the basis for the country's stability. Therefore, ethno-regional demands for true federalism will continue until the political elite reform the ailing federal system. Modernization and the Crisis of Development in Africa Jeremiah I. Dibua, 2017-11-28. In this book, Jeremiah I. Dibua challenges prevailing notions of Africa's development crisis by drawing attention to the role of modernization as a way of understanding the nature and dynamics of the crisis and how to overcome the problem of underdevelopment. He specifically focuses on Nigeria and its development trajectory since it exemplifies the crisis of underdevelopment in the continent. He explores various theoretical and empirical issues involved in understanding the crisis, including state, class, gender, and culture, often neglected in analysis from an interdisciplinary radical political economy perspective. This is the first book to adopt such an approach and to develop a new framework for analyzing Nigeria's and Africa's development crisis. It will influence the debate on the development dilemma of African and Third World societies and will be of interest to scholars and students of race and ethnicity, modern African history, class analysis, gender studies, and development studies. *Official Website of the Federal Government of Nigeria*,
