*Biodiversity Conservation Ethics in Major Religions* H. S. A. Yahya, 2010-10 Covering three broader issues biodiversity conservation religious doctrine and environment the book *Biodiversity Conservation Ethics in Major Religions* is the result of a unique approach It attempts to initiate scientific discourse through the fabric of religions Spread across 15 chapters the book covers the essence of 10 religions on biodiversity encompassing a wide range of issues related to conservation The book promises to be a useful resource for biodiversity students researchers and protected area managers and also for religious scholars who are invited to look at the broader themes of religions beyond theology **Theology as Hope** Ryan A.

Neal, 2009-01-01 Hope is the leitmotiv of Jurgen Moltmann's theology Not merely one aspect of his project hope is the whole of it the supreme doctrine interpenetrating all others Indeed hope is his method The present study is both historical and developmental while also being analytical and interrogative This chronological exploration seeks to show the nature composition and development of Moltmann's doctrine of hope as the distinctive doctrine of his theology implicating all others Part I establishes Moltmann's doctrine of hope as grounded in God's faithfulness in the cross and resurrection Part II investigates major doctrines in his project in light of this ground This design seeks to take advantage of the chronological approach while also integrating the best elements of a topical approach **Christianity and Ecology** Dieter T.

Hessel, Rosemary Radford Ruether, 2000 What can Christianity as a tradition contribute to the struggle to secure the future well being of the earth community This collaborative volume the third in the series on religions of the world and the environment announces that an ecological reformation an eco justice reorientation of Christian theology and ethics is prominent on the ecumenical agenda The authors explore problematic themes that contribute to ecological neglect or abuse and offer constructive insight into and responsive imperatives for ecologically just and socially responsible living *Leaning Into the Future* Poul F. Guttesen, 2009-08-01 *Leaning into the Future* seeks to explore what it may mean to believe in the Kingship of God and wait for his Kingdom by considering the fundamental role the Kingdom of God plays in the theology of Jurgen Moltmann and in the book of Revelation Part one is devoted to how Moltmann understands The Kingdom of God as the fundamental symbol of hope for humanity and how he sees the presence of God's reign and kingdom in history as hidden and paradoxical Part two turns to the way the Book of Revelation uses royal and other political language in its portrait of the future and God's presence in history In this second part the book also seeks to explore how Moltmann and the Apocalypse may mutually inform each other how Moltmann may help us read this biblical book today and how it in turn may overcome some of the weaknesses in Moltmann's proposal **Studies in Hebrew Language, Intertextuality, and Theology** Mark

F. Rooker, 2003 This work covers a series of studies on Scripture and its language It covers the historical nature of Hebrew and perspectives on the re use of themes and topics within the canon Charles Hartshorne's Concept of God S.

Sia, 2013-03-14 Charles Hartshorne's considerable writings have been influential in contemporary religious and

philosophical thought Not only is he regarded as the leading living representative of process thought as well as a much respected interpreter of Whitehead but he has also established himself as an original and creative thinker in his own right The literature on his philosophy has been rapidly increasing His thought and influence have also been the subject of a number of conferences and gatherings of scholars One of Hartshorne's most notable contributions to contemporary philosophy and theology is his concept of God In his writings he has set out to formulate the idea of deity so as to preserve perhaps increase its religious value while yet avoiding the contradictions which seem inseparable from the idea as customarily defined The result of his efforts has been the development of the concept of a dipolar God insofar as contrasting metaphysical predicates e.g. relative absolute contingent necessary finite infinite and so on are affirmed as applicable to God although always in an eminent way Inasmuch as he has elaborated this concept in close dialogue with classical theism he also refers to it as neo-classical Because of the emphasis he places on the reality of change and becoming in his metaphysics which regards God as the chief exemplification of metaphysical principles the term process has likewise been used to describe his notion of God

Forthcoming Books Rose Arny,1998 Ecology in Jurgen Moltmann's Theology Celia E. Deane-Drummond,2016-09-01 This book offers a critical and constructive analysis of the contribution of Jurgen Moltmann to the field of ecotheology Moltmann is one of the foremost and influential contemporary theologians of our time but his specific contribution to ecotheology has received relatively scant attention in the secondary literature The author deals sensitively with the relevant scientific aspects necessary in order to develop an adequate theology of the natural world She also offers a careful and constructive analysis of the specific systematic theologies of creation humanity eschatology and Trinity that are woven into Moltmann's rich interpretation of the relationship between God and creation

*A Comparison of Greek Words in Philo and the New Testament* Kåre Fuglseth,2003 Fuglseth Bodo Regional U Norway presents a complete computer generated comparison of the Greek New Testament and the extant Greek writings of Philo of Alexandria The main part lists all the common words in alphabetical order to make them easy for scholars to find A second part lists the same

The British National Bibliography Arthur James Wells,2005 **Tropes and Sequences in the Liturgy of the Church in Piacenza in the Twelfth Century** Brian Møller Jensen,2002 *Theological and Spiritual Dimensions of Icons According to St. Theodore of Studion* Theodor Damian,2002 Offers a message of hope and trust for the spiritual ecumenism of our time which combines the sanctity of man with the transformation of creation

*Martin Heidegger's Interpretations of Saint Augustine* Frederick Van Fleteren,2005 Augustine and Heidegger the sixth volume in the Collectanea Augustiniana series is an analysis of Heidegger's interpretation of Augustine of Hippo The first part deals with Heidegger's phenomenological analysis of Confessions X from the perspective of both Augustine and Heidegger The second part treats various themes common to both authors This book is timely since there is presently no in depth study of the relationship between Augustine and Heidegger

**A Critical Appraisal of the Origin and Nature of the Institution of the Monarchy in Israel in the**

**Light of Eric Voegelin's Theory of Symbolic Forms** Caroline J. Nolan, 2003 This study uses Voegelin's Theory of Symbolic Forms as a framework from which to study the development of the monarchy in Israel in its move from compactness to differentiation The study offers an explanation of the contradictions that the ambivalence of the monarchy presents Old Testament scholars to date have not given due attention to Voegelin's theory of symbolic forms That is unfortunate because by going beyond the philological preoccupations of Scripture scholars Voegelin goes right to the heart of the meaning of texts Voegelin connects the Old Testament symbolism to human experience and shows that it is still relevant to the contemporary world This study is in keeping with the recent contemporary shift from historical criticism to narrative criticism in Biblical studies and its application to the biblical domain provides a new method and approach that should be of benefit not only to philosophers and biblical exegetes but also to theologians historians political scientists and scholars of ancient civilizations

**Subject Guide to Books in Print**, 1997      **God After Darwin** John F. Haught, 2018-05-04 In *God After Darwin* eminent theologian John F. Haught argues that the ongoing debate between Darwinian evolutionists and Christian apologists is fundamentally misdirected Both sides persist in focusing on an explanation of underlying design and order in the universe Haught suggests that what is lacking in both of these competing ideologies is the notion of novelty a necessary component of evolution and the essence of the unfolding of the divine mystery He argues that Darwin's disturbing picture of life instead of being hostile to religion as scientific skeptics and many believers have thought it to be actually provides a most fertile setting for mature reflection on the idea of God Solidly grounded in scholarship Haught's explanation of the relationship between theology and evolution is both accessible and engaging The second edition of *God After Darwin* features an entirely new chapter on the ongoing controversial debate between intelligent design and evolution including an assessment of Haught's experience as an expert witness in the landmark case of *Kitzmiller v Dover Area School District* on teaching evolution and intelligent design in schools      **Books in Print**, 1981      **The Routledge Handbook of African Theology** Elias Kifon Bongmba, 2020-05-25 Theology has a rich tradition across the African continent and has taken myriad directions since Christianity first arrived on its shores This handbook charts both historical developments and contemporary issues in the formation and application of theologies across the member countries of the African Union Written by a panel of expert international contributors chapters firstly cover the various methodologies needed to carry out such a survey Various theological movements and themes are then discussed as well as biblical and doctrinal issues pertinent to African theology Subjects addressed include Orality and theology Indigenous religions and theology Patristics Pentecostalism Liberation theology Black theology Social justice Sexuality and theology Environmental theology Christology Eschatology The Hebrew Bible and the New Testament The *Routledge Handbook of African Theology* is an authoritative and comprehensive survey of the theological landscape of Africa As such it will be a hugely useful volume to any scholar interested in African religious dynamics as well as academics of Theology or Biblical Studies in an African context      **Death, the End of History, and**

**Beyond** Greg Carey, 2023-01-31 What happens at the end of our lives and of the course of history Will God bring about a just and peaceful world What lies beyond this realm and what can we know of the beings who dwell there In *Death the End of History and Beyond* Greg Carey offers resources for understanding multiple even conflicting ways that the Bible imagines these ultimate realities Carey opens the Scriptures with a breadth of insight that acknowledges its diversity of viewpoints about what lies beyond the veil centering hope in God's action to bring good out of evil in our lived realities in our personal journeys through death and in visions of resurrection and justice restored An appendix on preaching also invites clergy to help their communities imagine when and how eschatology can inform our lives today     Religious Books and Serials in Print, 1980-1981 , 1980
