

**HOW GENDER EQUALITY
DRIVES ECONOMIC GROWTH**

Economic Sex

Elizabeth L. Jeglic, Cynthia Calkins

Economic Sex:

Economics, Sexuality, and Male Sex Work Trevon D. Logan, 2017-01-11 This book provides the first economic analysis of the billion dollar male sex work market in the United States

More Sex is Safer Sex Steven E. Landsburg, 2008-09-04 With his long running Everyday Economics column in Slate and his popular book The Armchair Economist Steven Landsburg has been leading the pack of economists who are transforming their science from a drab meditation on graphs and charts into a fascinating window on human nature Now he's back and more provocative than ever with surprises on virtually every page In More Sex is Safer Sex Professor Landsburg offers readers a series of stimulating discussions that all flow from one unsettling fact Combining the rational decisions of each of us often produces an irrational result for all of us Avoiding casual sex can actually encourage the spread of diseases To solve population pressures we need more people In his tantalizing entertaining narrative Landsburg guides us through these shocking notions by the light of compelling logic and evidence and makes suggestions along the way Why not charge juries if a convicted felon is exonerated Why not let firemen keep the property they rescue As entertaining as it is inflammatory More Sex is Safer Sex will make readers think about their decisions in unforgettable ways and spark debate over much that we all take for granted

Queer Sex Work Mary Laing, Katy Pilcher, Nicola Smith, 2015-03-05 Sex work is a subject of significant contestation across academic disciplines as well as within legal medical moral feminist political and socio cultural discourses A large body of research exists but much of this focuses on the sale of sex by women to men and ignores other performances practices meanings and embodiments in the contemporary sex industry A queer agenda is important in order to challenge hetero centric gender norms and to develop new insights into how gender sex power crime work migration space place health and intimacy are understood in the context of commercial sexual encounters Queer Sex Work explores what it might mean to be do and think queer ly in the study and practice of commercial sex It brings together a multiplicity of empirical case studies including erotic dance venues online sex working pornography grey sexual economies and BDSM and offers a variety of perspectives from academic scholars policy practitioners activists and sex workers themselves In so doing the book advances a queer politics of sex work that aims to disrupt heteronormative logics whilst also making space for different voices in academic and political debates about commercial sex This unique and multidisciplinary volume will be indispensable for scholars and students of the global sex trade and of gender sexuality feminism and queer theory more broadly as well as policymakers activists and practitioners interested in the politics and practice of sex work in local national and international contexts

The Oxford Handbook of the Economics of Prostitution Scott Cunningham, Manisha Shah, 2016-08-10 Prostitution bears the unique title of being both the world's oldest profession and one of the least understood occupations Unlike most of the crime and family literature prostitution appears to have all the features of traditional markets prices supply and demand considerations variety in the organizational structure and policy relevance Despite this economists have largely ignored prostitution in their research and

writings This has been changing however over the last twenty years as greater access to data has enabled economists to build better theories and gain a better understanding of the organization of sex market The Oxford Handbook of the Economics of Prostitution fills the gap in our understanding It brings together many of the top researchers in the field who explain how the prostitution markets are organized across space and time the role of technology in shaping labor supply and demand the intersection of prostitution with trafficking and the optimal use of law enforcement What makes the material unique is its explicit focus on economics as the primary methodology for organizing our understanding of prostitution The Handbook brings to scholars attention for the first time a collection of original writings on prostitution that provides an overview of what is known and what is not known in this area Researchers with an interest in underground markets labor economics risky behaviors marriage and gender will find the book s contents illuminating and path breaking Good Sex Raymond A. Belliotti,1993 Rules about sexuality written and unwritten have existed in every culture as have disagreements over what is and isn t acceptable Must morally permissible sex have only one function Must it be heterosexual Must it occur within the confines of the institution of marriage Must it be accompanied by requisite emotions such as love and intimacy

Sexual Violence Elizabeth L. Jeglic,Cynthia Calkins,2016-10-24 The purpose of this edited volume is to examine the disconnect in the sexual violence prevention field between legislation research and practice The work is focused primarily on United States policies and initiatives with key case studies internationally Contributions show that current policies are mainly based on repeat offenders residence restrictions registration and notification statutes and post sentence initiatives While these initiatives address public fears they are not evidence based and do not necessarily reduce offending Research shows that post sentence policies may destabilize offenders and limit their ability to reintegrate with society at a critical period therefore increasing the chances of recidivism Furthermore the majority of sex crimes 95% are committed by first time offenders This innovative book is divided into two parts juxtaposing what is currently being done legislatively with what the research evidence suggests would be best practice *The ^AOxford Handbook of the Economics of Prostitution* Scott Cunningham,Manisha Shah,2016-08-10 Prostitution bears the unique title of being both the world s oldest profession and one of the least understood occupations The Oxford Handbook of the Economics of Prostitution fills the gap in our understanding It brings together many of the top researchers in the field who explain how the prostitution markets are organized across space and time the role of technology in shaping labor supply and demand the intersection of prostitution with trafficking and the optimal use of law enforcement Researchers with an interest in underground markets labor economics risky behaviors marriage and gender will find the book s contents illuminating and path breaking Women and Economics Charlotte Perkins Gilman,2021-01-05 Women and Economics 1898 is a sociological and economic study by American author and feminist Charlotte Perkins Gilman Inspired by her work as a social reformer and advocate for women s suffrage Gilman sought to write a work of nonfiction that explained the need to introduce women into the workforce while alleviating their

responsibilities as wives and mothers Women and Economics arguably Gilman's most important work employs the theories of Karl Marx Charles Darwin and Thorstein Veblen to not only assess the damage done to women and human society by inequality but to propose realistic ways of eliminating gender oppression while benefitting humanity at large Observing that women in their roles as wives and mothers tend to work harder for longer hours than men while being excluded from the work force Gilman proposes that the progress of human society depends upon the equality of men and women in all aspects of working and domestic life She acknowledges the importance of the suffragist movement in which she was a leading figure while making the case for the economic equality of men and women in addition to the democratic equality sought by their activism Ultimately Gilman advocates for the professionalization of domestic work suggesting that women should be allowed to enter the workforce while hiring others to care for and educate their children as well as perform the duties necessary for the upkeep of the home Grounding her work in the dominant sociological biological and economic theories of the time Gilman provided the intellectual arguments necessary for elevating the feminist cause from a popular movement to a true political force Women and Economics is a powerful work of sociological thought by a leading reformer and feminist of her day With a beautifully designed cover and professionally typeset manuscript this edition of Charlotte Perkins Gilman's Women and Economics is a classic of American literature and nonfiction reimaged for modern readers **Sex Work, Health, and**

Human Rights Shira M. Goldenberg, Ruth Morgan Thomas, Anna Forbes, Stefan Baral, 2021-04-28 This open access book provides a comprehensive overview of the health inequities and human rights issues faced by sex workers globally across diverse contexts and outlines evidence based strategies and best practices Sex workers face severe health and social inequities largely as the result of structural factors including punitive and criminalized legal environments stigma and social and economic exclusion and marginalization Although previous work has largely emphasized an elevated burden and gaps in HIV and sexually transmitted infection STI services in sex work less attention has been paid to the broader health and human rights concerns faced by sex workers This contributed volume addresses this gap The chapters feature a variety of perspectives including academic community implementing partners and government to synthesize research evidence as well as lessons learned from local level experiences across different regions and are organized under three parts Burden of health and human rights inequities faced by sex workers globally including infectious diseases e.g. HIV STIs violence sexual and reproductive health and drug use Structural determinants of health and human rights including legislation law enforcement community engagement intersectoral collaboration stigma barriers to health access immigration issues and occupational safety and health Evidence based services and best practices at various levels ranging from individual and community to policy level interventions to identify best practices and avenues for future research and interventions Sex Work Health and Human Rights is an essential resource for researchers policy makers governments implementing partners international organizations and community based organizations involved in research policies or programs related to sex work public health

social justice gender based violence women s health and harm reduction Handbook on the Economics of Leisure Samuel Cameron,2011-01-01 This interdisciplinary Handbook combines both mainstream and heterodox economics to assess the nature scope and importance of leisure activities Surprisingly the field of leisure economics is not thus far a particularly integrated or coherent one In this Handbook a wide ranging body of international scholars get to grips with the core issues taking in the traditional income leisure choice model of textbook microeconomics and Becker s allocation of time model along the way They expertly apply economics to some usually neglected topics such as boredom and sleeping work life balance dating tourism health and fitness sport video games social networking music festivals and sex Contributions from further afield by Veblen Sctivosky and Bourdieu also feature prominently Applying a mix of both theoretical and empirical data undergraduate students in modules on sport leisure economics as well as sport leisure management will find this important resource invaluable The Economic Journal ,1899 Contains papers that appeal to a broad and global readership in all fields of economics **The Sexual Economy of Capitalism** Noam Yuran,2024-10-01 Economics has long modeled its theories on bakers and butchers rather than husbands wives lovers and prostitutes This book argues that exchanges involving sex and intimacy far from being external or exceptional in relation to the workings of the economy come closest to the reality of capitalist money Undertaking an inquiry into the sexual economy of capitalism Noam Yuran analyzes the erotic and gendered meanings that suffuse basic economic concepts from money to the commodity It is not entirely true Yuran shows that in capitalism everything has its price In fact the category of things money cannot buy including love forms a central axis around which capitalist economic life is organized It is inscribed on goods and economic motivations and conduct and distinguishes capitalism from precapitalist economies in which marriage was an exchange and wives were owned In conversation with psychoanalysis feminist theory and the heterodox tradition of economic thought this book maps the erotic dimension of capitalism onto concrete economic questions around money goods private property and capital Yuran offers readers a powerful understanding of capitalism in its unique articulation of love sex and money **Women and Economics** Charlotte Perkins Gilman,1898 This classic of feminist theory relates the evolution of women s economic reliance on men and the system s deleterious effects on both sexes A landmark treatise in the struggle for gender equality **An Integrated Systems Model for Preventing Child Sexual Abuse** A. Jones,E. Jemmott,P. Maharaj,H. Breo,2015-12-28 This book sets out an integrated systems model which utilizes a public health approach and whole of society philosophy for preventing and responding to child sexual abuse It guides those engaged in policy practice and planning concerning gender based violence and child abuse towards a more systemic approach to tackling these problems **Cultural Politics of Gender and Sexuality in Contemporary Asia** Tiantian Zheng,2017-07-31 In globalizing Asia sexual mores and gender roles are in constant flux How have economic shifts and social changes altered and reconfigured the cultural meanings of gender and sexuality in the region How have the changing political economy and social milieu influenced and shaped the inner workings

and micro politics of family structure gender relationships intimate romance transactional sex and sexual behaviors This volume offers up to date grounded critical analysis of the complex intersections of gender sexuality and political economy across a diverse array of Asian societies China Japan Cambodia Vietnam India Pakistan Hong Kong Thailand and Taiwan Based on intense ethnographic fieldwork the chapters disentangle the ways in which gendered and sexual experiences are impinged upon by state policies economic realities cultural ideologies and social hierarchies Whether highlighting intimate relationships between elite businessmen and their mistresses in China nightclub performances by Thai men in Bangkok single women s views of romance motherhood and marriage in Hong Kong Shanghai and Tokyo or male same sex relationships in Pakistan each chapter centers around the stories of the gendered subjects themselves and how they are shaped by outside forces Taken together they provide a provocative entrance into the cultural politics of gender and sexuality in Asia By foregrounding cross cultural ethnographic research this volume sheds light on how configurations of gender and sexuality are constituted negotiated contested transformed and at times perpetuated and reproduced in private intimate experiences It will be of particular interest to students and scholars in anthropology sociology political science and women s and LGBTQ studies

Cultural Sociology of the Middle East, Asia, and Africa Andrea L. Stanton, Edward Ramsamy, Peter J. Seybolt, Carolyn M. Elliott, 2012-01-05 In our age of globalization and multiculturalism it has never been more important for Americans to understand and appreciate foreign cultures and how people live love and learn in areas of the world unfamiliar to most U S students and the general public The four volumes in our cultural sociology reference encyclopedia take a step forward in this endeavor by presenting concise information on those regions likely to be most foreign to U S students the Middle East Asia and Africa The intent is to convey what daily life is like for people in these selected regions It is hoped entries within these volumes will aid readers in efforts to understand the importance of cultural sociology to appreciate the effects of cultural forces around the world and to learn the history of countries and cultures within these important regions

Handbook of the New Sexuality Studies Steven Seidman, Nancy Fischer, Chet Meeks, 2007-03-12 As the field of sexuality studies has become a growth area in academia and classes on sexuality studies are incorporated into various disciplines the expanding book market has been filled with specialist oriented texts which are often theoretically focused and contain too many summaries for an undergraduate audience Addressing this imbalance this key new volume presents the field of sexuality in an accessible and engaging way for undergraduates Breaking new ground both substantively and stylistically this book offers students academics and researchers an accessible engaging introduction and overview of this emerging field Its central premise is to explore the social character of sexuality the role of social differences such as race or nationality in creating sexual variation and the ways sex is entangled in relations of power and inequality Through this novel approach the field of sexuality is considered for the first time in multicultural global and comparative terms and from a truly social perspective This important volume consists of over fifty short and original essays on the key topics and themes in sexuality

studies and interviews with twelve leading scholars in the field which convey some of the most innovative work being done. Each contribution clearly conveys the latest research with examples. Ideal for students of gender and sexuality studies, this topical and timely volume will be an invaluable resource to all those with an interest in sexuality studies.

Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse Shonali Choudhury, Jennifer Toller Esausquin, Melissa Withers, 2017-09-19. This expansive survey spotlights pervasive issues affecting girls and women's sexual and reproductive health across the lifecourse. Research from diverse countries around the world analyzes the complex relationships among biological, psychological, sociocultural, and economic issues, particularly in terms of inequities as they shape women's lives. Major challenges and possibilities for intervention are examined in their national context and with their global implications, including child marriage, motherhood, reproductive care and access, fertility, childbearing, contraception, abortion, HIV, STIs, gender-based violence, sexual pleasure, and menopause. In these forceful dispatches, a consistent human rights perspective emphasizes women's control, autonomy, and agency in all stages of their lives. A sampling of topics covered: Girl child marriage, a persistent global women's health and human rights violation; Investigating challenges and resilience among women living with obstetric fistula in Kenya; A qualitative exploration of mainstream and social media reflections on abortion; A continuum of severity of sexual intimate partner violence among black women in the United States; Economic empowerment to improve sexual and reproductive health among women and girls. Summarizing an interdisciplinary field on research and practical levels, *Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse* will be an invaluable text for undergraduate and graduate courses in a wide range of fields, including public health, global health, women's studies, sociology, anthropology, gender studies, and human rights.

The Profile of American Youth R. Darrell Bock, 1984. *A History of Matrimonial Institutions Chiefly in England and the United States* George Elliott Howard, 1904.
