Economic Development Latin America Cambridge Iberian Latin American Studies

Michael Seilmaier

Economic Development Latin America Cambridge Iberian Latin American Studies:

The Economic Development of Latin America Since Independence Luis Bértola, José Antonio Ocampo, 2012-10-25 A comprehensive and accessible overview of the economic history of Latin America over the two centuries since Independence It considers its principal problems and the main policy trends and covers external trade economic growth and inequality

The Oxford Handbook of Latin American Economics José Antonio Ocampo, Jaime Ros, 2011-07-28 Latin America has been central to the main debates on development economics ranging from the relationships between income inequality and economic growth and the importance of geography versus institutions in development to debates on the effects of trade openness and protection on growth and income distribution Despite increasing interest in the region there are few English language books on Latin American economics This Handbook organized into five parts aims to fill this significant gap Part I looks at long term issues including the institutional roots of Latin America's underdevelopment the political economy of policy making the rise decline and re emergence of alternative paradigms and the environmental sustainability of the development pattern Part II considers macroeconomic topics including the management of capital account booms and busts the evolution and performance of exchange rate regimes the advances and challenges of monetary policies and financial development and the major fiscal policy issues confronting the region including a comparison of Latin American fiscal accounts with those of the OECD Part III analyzes the region's economies in global context particularly the role of Latin America in the world trade system and the effects of dependence on natural resources characteristic of many countries of the region on growth and human development It reviews the trends of foreign direct investment the opportunities and challenges raised by the emergence of China as buyer of the region's commodities and competitor in the world market and the transformation of the Latin America from a region of immigration to one of massive emigration Part IV deals with matters of productive development At the aggregate level it analyzes issues of technological catching up and divergence as well as different perspectives on the poor productivity and growth performance of the region during recent decades At the sectoral level it looks at agricultural policies and performance the problems and prospects of the energy sector and the effects on growth of lagging infrastructure development Part V looks at the social dimensions of development it analyzes the evolution of income inequality poverty and economic insecurity in the region the evolution of labor markets and the performance of the educational sector as well as the evolution of social assistance programs and social security reforms in the region The contributors are leading researchers that belong to different schools of economic thought and most come from countries throughout Latin America representing a range of views and recognising the diversity of the region This Handbook is a significant contribution to the field and will be of interest to academics graduate students and policy makers interested in economics political economy and public policy in Latin America and other developing economies [The Cambridge Economic History of Latin America: Volume 1, The Colonial Era and the Short Nineteenth Century](#) V. Bulmer-Thomas, John

Coatsworth, Roberto Cortes-Conde, 2006 An indispensable reference work for anyone interested in Latin America's economic development *The Cambridge Economic History of Latin America: Volume 2, The Long Twentieth Century* Victor Bulmer-Thomas, John Coatsworth, Roberto Cortes-Conde, 2006-01-23 Volume Two treats the long twentieth century from the onset of modern economic growth to the present. It analyzes the principal dimensions of Latin America's first era of sustained economic growth from the last decades of the nineteenth century to 1930. It explores the era of inward-looking development from the 1930s to the collapse of import substituting industrialization and the return to strategies of globalization in the 1980s. Finally, it looks at the long-term trends in capital flows, agriculture, and the environment. **The Oxford Handbook of Latin American Political Economy** Javier Santiso, Jeff Dayton-Johnson, 2012-05-09 Understanding Latin America's recent economic performance calls for a multidisciplinary analysis. This handbook looks at the interaction of economics and politics in the region and includes a number of contributions from top academic experts who have also served as key policy makers: a former president, ministers of finance, a central bank governor reflecting upon the challenges of reform. **The Cambridge Economic History of the Modern World: Volume 2, 1870 to the Present** Stephen Broadberry, Kyoji Fukao, 2021-06-24 The second volume of *The Cambridge Economic History of the Modern World* explores the development of modern economic growth from 1870 to the present. Leading experts in economic history offer a series of regional studies from around the world as well as thematic analyses of key factors governing the differential outcomes in different parts of the global economy. Topics covered include human capital, capital and technology, geography and institutions, living standards and inequality, trade and immigration, international finance and warfare, and empire. **Handbook of South American Governance** Pia Riggirozzi, Christopher Wylde, 2017-12-14 Governance in South America is signified by strategies pursued by state and non-state actors directed to enhancing some aspect of their capabilities and powers of agency. It is about the spaces and the practices available, demanded or created to make politics happen. This framework lends explanatory power to understand how governance has been defined and practiced in South America. Pia Riggirozzi and Christopher Wylde bring together leading experts to explore what demands and dilemmas have shaped understanding and practice of governance in South America in and across the region. The Handbook suggests that governance dilemmas of inequitable and unfulfilled political economic governance in South America have been constant historical features yet addressed and negotiated in different ways. Building from an introduction to key issues defining governance in South America, this Handbook proceeds to examine institutions, actors, and practices in governance, focusing on three core processes: evolution of socio-economic and political justice claims as central to the demands of governance; governance frameworks foregrounding particular issues and often privileging particular forms of political practice; and iterative and cumulative processes leading to new demands of governance, addressing recognition and identity politics. This Handbook will be a key reference for those concerned with the study of South America, South American political economy, regional governance, and the politics of development. **Latin American**

Economic History Molly C. Ball, 2024-09-20 Latin American Economic History An Introduction to Daily Life Debt and Development guides readers through significant features and developments in the region's economic history from independence through 2022 In approachable language the book introduces readers to relevant New Economic History concepts and explains important characteristics of Latin America such as the region's high volatility rapid urbanization experience the continued prominence of commodities and its culture of informality The volume provides explicit connections between culture politics and economics over five distinct time periods Readers will learn how Cinco de Mayo featured in foreign debt repayments in the nineteenth century how novels like Gabriel García Márquez's One Hundred Years of Solitude reflected on the expansion of railroads during a period of export led growth and how a United States federal reserve interest hike in 1979 sent the region into the Lost Decade When considered collectively the region's economic trajectory demonstrates that development does not always accompany economic growth This is an accessible introductory text with clear definitions and discussions of relevant economic concepts which will be a valuable resource for students of Latin American economic cultural and political history The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Parties, Elections, and Political Participation in Latin America Jorge I Domínguez, 2014-02-04 First Published in 1994 This is Volume five of seven of a collection of essays that gathers together scholarly debates from the 1950s to the 1990s on Mexico Central and South America This text looks at topics such as government parties in Latin America the Mexican elections of 1958 political campaigning the scope of the Chilean Party systems the case of Peronism and electoral change amongst others

The New Politics of Inequality in Latin America Douglas A. Chalmers, Carlos M. Vilas, Katherine Hite, Scott B. Martin, Kerianne Piester, Monique Segarra, 1997-01-30 Against a broader backdrop of globalization and worldwide moves toward political democracy The New Politics of Inequality in Latin America examines the unfolding relationships among social change equity and the democratic representation of the poor in Latin America Recent Latin American governments have turned away from redistributive policies at the same time popular political and social organizations have been generally weakened inequality has increased and the gap between rich and poor has grown Hanging in the balance is the consolidation and the quality of new or would be democracies this volume suggests that governments must find not just short term programmes to alleviate poverty but long term means to ensure the effective integration of the poor into political life The New Politics of Inequality in Latin America bridges the intellectual chasm between on the one hand studies of grassroots politics and on the other explorations of elite politics and formal institution building It will be of interest to students and scholars of contemporary Latin American politics and society and more generally in the vicissitudes of democracy and citizenship in the late twentieth century global system

Natural Resources and Economic Growth Marc Badia-Miró, Vicente Pinilla, Henry Willebald, 2015-05-22 The relationship between natural capital and economic growth is an

open debate in the field of economic development Is an abundance of natural resources a blessing or a curse for economic performance The field of Economic History offers an excellent vantage to explore the relevance of institutions technical progress and supply demand drivers Natural Resources and Economic Growth contains theoretical and empirical articles by leading scholars who have studied this subject in different historical periods from the 19th century to the present day and in different parts of the world Part I presents the theoretical issues and discusses the meaning of the curse and the relevance of the historical perspective Part II captures the diversity of experiences presenting thirteen independent case studies based on historical results from North and South America Africa Asia Oceania and Europe This book emphasizes that an abundance of natural resources is not a fixed situation It is a process that reacts to changes in the structure of commodity prices and factor endowments and progress requires capital labour technical change and appropriate institutional arrangements This abundance is not a given but is part of the evolution of the economic system History shows that institutional quality is the key factor to deal with abundant natural resources and especially with the rents derived from their use and exploitation This wide ranging volume will be of great relevance to all those with an interest in economic history development economic growth natural resources world history and institutional economics

The Political Economy of Extractivism Hannes

Warnecke-Berger, Jan Ickler, 2023-07-21 For many countries primarily in the Global South extractivism the exploiting and exporting of natural resources is big business For those exporting countries natural resource rents create hope and promise for development which can be a seductive force This book explores the depth of extractivism in economies around the world The contributions to this book investigate the connection between the political economy of extractivism and its impact on the sociopolitical fabric of natural resource exporting societies in Asia Africa Latin America and Eastern Europe The book engages with a comparative perspective on the persistence of extractivism in these four different world regions The book focuses on the formative power of rents and argues that rents are seductive The individual contributions flesh out this seductive force of rents on different political scales and how this seduction affects a variety of actors The book investigates how these actors react to the prevalence of rent how they align or break with specific political and economic strategies and how myths of resource driven development play out on the ground The book therefore underlines that rent theory bridges current debates in different area communities and offers fresh insights into extractivist societies social economic and political dynamics This book will be of significant interest to readers in political economy political science development studies and area studies

Dictators, Democrats, and Development in Southeast Asia Michael T. Rock, 2017

An examination of how dictators and democrats in Indonesia Malaysia and Thailand built and sustained pro growth political coalitions

Economic Development in the Americas Since 1500 Stanley L. Engerman, Kenneth L. Sokoloff, 2012 Examines differences in the rates of economic growth in Latin America and mainland North America since the seventeenth century

Shaping the Developing World Andy Baker, 2013-08-16 Why are some countries rich and others poor Shaping the

Developing World explores the different theories that attempt to answer this thorny question Interdisciplinary in his scope Andy Baker adeptly uses a threefold framework of the West the South and the Natural World to categorize and analyze the factors that cause underdevelopment from the consequences of colonialism deficient domestic institutions and gender inequality to the effects of globalization geography and environmental degradation Students learn to think like social scientists while coming to understand the full breadth of influences on a nation s political economic and social development Country case studies at the end of each chapter offer an ideal testing ground for the threefold framework as they apply empirical data to the various explanations of underdevelopment Critical thinking questions then encourage students to weigh the different theoretical arguments A series of well designed features develop students understanding of indicators of development concepts and highlight various kinds of aid organizations and opportunities for development work in the field Shaping the Developing World presents high quality academic analysis and the latest scholarship in a format that s engaging informative and above all accessible

Changes in Population, Inequality and Human Capital Formation in the Americas in the Nineteenth and Twentieth Centuries Enriqueta Camps-Cura,2019-06-26 The evolution of inequality and its causes are of crucial importance to all scholars working in the social sciences By focusing on the divergent development of North America and Latin America in the nineteenth and twentieth centuries Camps Cura offers a comparative perspective of the relationship between human capital expansion and inequality in the long run The book also explores the variables of education and inequality on children work and gender

Who Should Rule? Mónica Ricketts,2017 Imperial reform contentious consequences 1760 1808 Towards a new imperial elite Merit and its subversive new roles The king s most loyal subjects From men of letters to political actors Imperial turmoil conflicts old and new 1805 1830 Liberalism and war 1805 1814 Abascal and the problem of letters in Peru 1806 1816 Pens politics and swords a path to pervasive unrest 1820 1830

Food and Revolution Christiane Berth,2021-02-02 Food policy and practices varied widely in Nicaragua during the last decades of the twentieth century In the 1970s and 80s food scarcity contributed to the demise of the Somoza dictatorship and the Sandinista revolution Although faced with widespread scarcity and political restrictions Nicaraguan consumers still carved out spaces for defining their food choices Despite economic crises rationing and war limiting peoples food selection consumers responded with improvisation in daily cooking practices and organizing food exchanges through three distinct periods First the Somoza dictatorship 1936 1979 promoted culture and food practices from the United States which was an option only for a minority of citizens Second the 1979 Sandinista revolution tried to steer Nicaraguans away from mass consumption by introducing an austere frugal consumption that favored local products Third the transition to democracy between 1988 and 1993 marked by extreme scarcity and economic crisis witnessed the re introduction of market mechanisms mass advertising and imported goods Despite the erosion of food policy during transition the Nicaraguan revolution contributed to recognizing food security as a basic right and the rise of peasant movements for food sovereignty

The Interwar World Andrew Denning, Heidi J.S. Tworek, 2023-08-29 The Interwar World collects an international group of over 50 contributors to discuss analyze and interpret this crucial period in twentieth century history A comprehensive understanding of the interwar era has been limited by Euro American approaches and strict adherence to the temporal limits of the world wars The volume s contributors challenge the era s accepted temporal and geographic framings by privileging global processes and interactions Each contribution takes a global thematic approach integrating world regions into a shared narrative Three central questions frame the chapters First when was the interwar Viewed globally the years 1918 and 1939 are arbitrary limits and the volume explicitly engages with the artificiality of the temporal framework while closely examining the specific dynamics of the 1920s and 1930s Second where was the interwar Contributors use global history methodologies and training in varied world regions to decenter Euro American frameworks engaging directly with the usefulness of the interwar as both an era and an analytical category Third how global was the interwar Authors trace accelerating connections in areas such as public health and mass culture counterbalanced by processes of economic protectionism exclusive nationalism and limits to migration By approaching the era thematically the volume disaggregates and interrogates the meaning of the global in this era As a comprehensive guide this volume offers overviews of key themes of the interwar period for undergraduates while offering up to date historiographical insights for postgraduates and scholars interested in this pivotal period in global history

Dictablanda Paul Gillingham, Benjamin T. Smith, 2014-04-02 In 1910 Mexicans rebelled against an imperfect dictatorship after 1940 they ended up with what some called the perfect dictatorship A single party ruled Mexico for over seventy years holding elections and talking about revolution while overseeing one of the world s most inequitable economies The contributors to this groundbreaking collection revise earlier interpretations arguing that state power was not based exclusively on hegemony corporatism or violence Force was real but it was also exercised by the ruled It went hand in hand with consent produced by resource regulation political pragmatism local autonomies and a popular veto The result was a dictablanda a soft authoritarian regime This deliberately heterodox volume brings together social historians anthropologists sociologists and political scientists to offer a radical new understanding of the emergence and persistence of the modern Mexican state It also proposes bold multidisciplinary approaches to critical problems in contemporary politics With its blend of contested elections authoritarianism and resistance Mexico foreshadowed the hybrid regimes that have spread across much of the globe Dictablanda suggests how they may endure Contributors Roberto Blancarte Christopher R Boyer Guillermo de la Pe a Mar a Teresa Fern ndez Aceves Paul Gillingham Rogelio Hern ndez Rodr guez Alan Knight Gladys McCormick Tanal s Padilla Wil G Pansters Andrew Paxman Jaime Pensado Pablo Piccato Thomas Rath Jeffrey W Rubin Benjamin T Smith Michael Snodgrass

This Enthralling Realm of Kindle Books: A Thorough Guide Revealing the Benefits of Kindle Books: A World of Ease and Versatility Kindle books, with their inherent mobility and ease of availability, have liberated readers from the constraints of physical books. Gone are the days of lugging cumbersome novels or meticulously searching for specific titles in shops. E-book devices, sleek and portable, effortlessly store an wide library of books, allowing readers to immerse in their favorite reads anytime, everywhere. Whether commuting on a busy train, relaxing on a sunny beach, or just cozying up in bed, E-book books provide an unparalleled level of ease. A Literary World Unfolded: Discovering the Wide Array of E-book Economic Development Latin America Cambridge Iberian Latin American Studies Economic Development Latin America Cambridge Iberian Latin American Studies The E-book Store, a virtual treasure trove of bookish gems, boasts an wide collection of books spanning diverse genres, catering to every readers taste and choice. From gripping fiction and mind-stimulating non-fiction to timeless classics and contemporary bestsellers, the Kindle Store offers an unparalleled variety of titles to explore. Whether looking for escape through engrossing tales of imagination and adventure, diving into the depths of historical narratives, or expanding ones understanding with insightful works of science and philosophical, the E-book Shop provides a gateway to a bookish universe brimming with limitless possibilities. A Revolutionary Factor in the Literary Scene: The Enduring Impact of Kindle Books Economic Development Latin America Cambridge Iberian Latin American Studies The advent of E-book books has certainly reshaped the literary landscape, introducing a model shift in the way books are released, distributed, and read.
