hidden nation dominated by three generations of the secretive Kim regime a family dynasty more suited to the Middle Ages than the contemporary era North Korea has a robust if outmoded military force including a growing arsenal of weapons of mass destruction to deter and defend against foreign attacks and to maintain independence and isolation from the rest of the world The struggling economy disconnected from the global marketplace operates under harsh international sanctions All North Koreans from the highest party cadres to the youngest children living in prison camps are essentially servants of the leader Despite Kim Jong un s despotic control the authors argue that North Korea cannot continue on its current path indefinitely Kim treats even his closest associates harshly and the gap is widening between his elite supporters numbering a million or so and the other twenty four million North Koreans The economic and technological gap between South Korea and North Korea is increasing as well and younger people are becoming disenchanted as they gradually learn more about the outside world

One Korea Shepherd Iverson, 2013-09-06 Peaceful Korean reunification would end a growing nuclear threat ease regional and geopolitical tensions and bring about significant economic growth and cooperation in resource rich Northeast Asia The central assumption of this book is that peace and reunification can be achieved by changing the underlying incentive structure for all North Koreans and by offering its leaders a safe honorable and profitable way out of a deteriorating situation Economic stagnation and increased awareness of the better life beyond their borders has led to growing dissent inside North Korea while dynastic transition and the rise of a new generation of leaders may have opened a new opportunity for political acquiescence The book outlines a Korean Peace Fund strategy that provides for global elites corporations and governments to raise 300 billion to give to North Korean power elites military officers and common people if they agree to reunify under South Korean political leadership Kim Jong un would likely be hailed worldwide for participating in a win win face saving resolution
