The Politics of Global Competitiveness Paul Cammack,2022 Marx predicted in Capital 1867 that as capitalism became global patterns of work would be transformed and workers would need to develop versatility flexibility and mobility This general law of social production as he called it is now in evidence all around us in global value chains zero hours contracts and contract work organised through digital platforms It results from competition between capitalists scientific and technological revolutions in production and incessant advances in the division of labour as production processes are broken down into ever smaller steps This book documents the leading roles of the Paris based Organisation for Economic Cooperation and Development and the Washington based World Bank as advocates of these developments They do not as generally supposed simply represent the interests of the advanced economies or the West and their transnational corporations They promote a single global model of capitalist development without limits and on a genuinely global scale It calls upon all states to adjust continually to the structural and social demands of competitiveness which they see as essential to the global hegemony of capital over labour The OECD and the World Bank propose policies that give girls and women equal access to education and paid work reform welfare to make work pay introduce flexible labour contracts that make hiring and firing easier focus education on skills that boost employability and draw workers in the developing world from the informal sector into the formal sector where they can be more productive This is the politics of global competitiveness

The Evolution of the Greek Economy Panagiotis E. Petrakis,Pantelis C. Kostis,2020-10-31 This book assesses the current state of the Greek economy and detects its development and growth prospects up to 2030 The analysis begins with 19th century Greece addressing the repeated defaults that led to the formation of a dependent state and the failed modernizing attempts Then the book addresses current geostrategic dimensions as well as the current structure of institutions and culture in Greece The second part presents the evolution of sustainability governance and inclusivity as well as the evolution of culture in Greek society and insights into the production prototype The third part of the book looks forward to what lays ahead for Greece up to 2030 It presents the theoretical background for two scenarios the normal scenario business as usual including the effects of the recent Covid 19 pandemic and the optimal scenario a pro growth scenario including increases of Total Factor Productivity through structural reforms In presenting these scenarios the book discusses issues ranging from a comparative analysis between Greece and the Eurozone the developments in output gap and potential output public debt competitiveness basic macroeconomic variables a detailed analysis on investments and inclusive growth

OECD Economic Surveys: European Union 2014 OECD,2014-04-03 OECD s 2014 Economic Survey of the European Union examines recent

economic developments prospects and policies A special chapter covers reinvigorating the EU single market *Getting It Right Strategic Agenda for Reforms in Mexico* OECD,2013-06-27 Getting it Right is one of the most complete toolkits that the OECD has designed to help a country at the start of a new government administration **Better Policies Towards a Stronger and More Inclusive Mexico An Assessment of Recent Policy Reforms** OECD,2017-12-12 Under President Enrique Pe a Nieto s leadership Mexico has put together the most ambitious reform package of any OECD country in recent times forged the political consensus necessary to approve it through the unprecedented Pacto por M xico promoted these and other reforms in Congress and has OECD Economic Surveys: Turkey 2010 OECD,2010-09-15 This 2010 edition of OECD s periodical review of Turkey s economy examines sustaining the post crisis recovery and mitigating future macroeconomic volatility fostering sound integration with the global capital market and regulatory reforms to unlock long term growth

OECD Annual Report 2005 OECD,2005-04-11 A comprehensive report on OECD activities in 2004 2005 **The Political Economy of Trade Reform in Emerging Markets** Peter Draper,Phil Alves,Razeen Sally,2009-01-01 few if any other recent volumes offer a historical perspective on evolving trade policy in several countries this well written well edited volume is suitable for graduate and research libraries M Larudee Choice This book is a refreshing reminder of the benefits of unilateral trade liberalisation in countries whose leaders dare An important story told with clarity and authority Ross Garnaut The Australian National University Australia That trade liberalization is good for emerging market economies and not just for the rich ones is now widely accepted by both economists and policy makers But the question remains how can these reforms be implemented in practice The answer to that important question lies in understanding the political economy of each reforming country This book makes a splendid contribution to our understanding of this issue by examining the experience of several countries It is therefore an important book to be read by not just students and researchers but also policy makers worldwide Jagdish Bhagwati Columbia University US This timely book brings fresh analysis to the important issue of trade policy reform in emerging markets The subject matter and its significance are comprehensively introduced with a review of developing country liberalization since the 1980s providing an analytical framework for the seven country case studies that follow The case studies Australia Brazil Chile India Malaysia New Zealand and South Africa cover a wide variety of political historical and economic issues but all make clear the important role that crisis or the threat of it plays in meaningful trade policy reform This is of particular relevance in the current global financial crisis These studies together with the conclusions which are drawn from them show how important the trade liberalization agenda remains in the 21st century Written by a combination of both experts and practitioners this highly topical book will make productive reading for policy makers concerned with trade policy in developed and developing countries as well as scholars working in trade policy Postgraduate students studying international business international relations economics politics and international law should not be without this book Strengthening Social Cohesion in Korea OECD,2013-03-14 This report suggests policy options based on

the practices and reforms of other countries in the following four areas I Income Distribution and Poverty II Tackling the Duality of the Labour Market III Early Childcare and IV Moving beyond Hospitals to better Care in the Community
