**The Political Economy of Development and Underdevelopment in Africa** Toyin Falola, Jessica Achberger, 2013-06-07 While Africa is too often regarded as lying on the periphery of the global political arena this is not the case African nations have played an important historical role in world affairs It is with this understanding that the authors in this volume set out upon researching and writing their chapters making an important collective contribution to our understanding of modern Africa Taken as a whole the chapters represent the range of research in African development and fully tie this development to the global political economy African nations play significant roles in world politics both as nations influenced by the ebbs and flows of the global economy and by the international political system but also as actors directly influencing politics and economics It is only through an understanding of both the history and present place of Africa in global affairs that we can begin to assess the way forward for future development

**Tourism Crisis and Disaster Management in the Asia-Pacific** Brent W Ritchie, Kom Campiranon, 2014-11-21 The Asia Pacific area is one of the fastest growing tourism regions and a major driver of global tourism in general Tourism industries in Asia Pacific have been challenged in recent years by a number of major crises and disasters including terrorism outbreaks e g

SARS and Bird Flu natural disasters e g tsunamis bushfires flooding and political crisis e g protests and political instability This book contributes to the understanding of crisis and disaster management generally but with a specific focus on the Asia Pacific With contributions by international scholars and practitioners the book discusses both the theoretical and practical approaches toward successful crisis and disaster management      **Tourism Policy and Planning in Bangladesh**

Muhammad Shoeb-Ur- Rahman,Azizul Hassan,2020-11-17 This book accounts that Bangladesh is a potential destination in South Asia exhibiting a steady growth in its economy along with socio cultural developments With a population of over 170 million the country possesses significant possibilities in domestic tourism This book explicates that increasing number of upper social classes along with their affordability to spend on tourism and leisure activities has recalled attention for the development of this emerging industry This book comprehensively examines the overall tourism and hospitality contexts in Bangladesh under the lens of current policy and administrative frameworks In so doing the contribution of tourism and hospitality industry has been highlighted in the economy of Bangladesh as a means to creating employment opportunities Further the book addresses that contributions remain uneven and distributed improperly and to date the tourism industry has not been offered the desired attention in supporting examples in this regard Nonetheless tourism and hospitality education and research have been intensifying in recent years across numerous higher academic institutions e g public and private universities in Bangladesh This book explores critically the requirement of supportive roles of key tourism and hospitality stakeholders both from public and private domains Ultimately the book signifies collaborative and continuous efforts are imperative that partake both the practitioners and the academia in the development and execution of inclusive and functional tourism policy and planning in Bangladesh      *Demystifying Theories in Tourism Research* Kelly Bricker,Holly Donohoe,2015-12-04 It often seems that there is more confusion than consensus regarding tourism theory Does tourism have theories it can truly own or does it just borrow from other academic disciplines It can be difficult to understand the theories and conceptual frameworks available and how to apply these ideas to a research endeavour This book reviews theoretical perspectives on tourism from planning and management through marketing and host communities to the tourism consumers themselves Covering issues such as tour guiding rural tourism development and destination image it provides a complete guide to the industry Including pedagogical features throughout this book is an accessible approach to a controversial subject      Ecotourism Programme Planning David A. Fennell,2002-01-01 Tourism is the world s largest industry In the past decade it is the natural resource based sector that has experienced the greatest growth In particular adventure cultural and ecotourism ACE tourism for example skiing white water rafting whale watching festivals and fairs This book provides an in depth overview of the different operations of ACE tourism It draws on theory from recreation and leisure studies tourism marketing and environmental management to demonstrate the importance of effective program planning This is especially significant as industry competition becomes more intense in this growth sector      Global Ecotourism Policies and Case
