The Making of Islamic Economic Thought Sami Al-Daghistani, 2022-01-06 Interrogating the development and conceptual framework of economic thought in the Islamic tradition pertaining to ethical philosophical and theological ideas this book provides a critique of modern Islamic economics as a hybrid economic system From the outset Sami Al Daghistani is concerned with the polyvalent methodology of studying the phenomenon of Islamic economic thought as a human science in that it nurtures a complex plentitude of meanings and interpretations associated with the moral self By studying legal scholars theologians and Sufis in the classical period Al Daghistani looks at economic thought in the context of Shar as moral law Alongside critiquing modern developments of Islamic economics he puts forward an idea for a plural epistemology of Islam's moral economy which advocates for a multifaceted hermeneutical reading of the subject in light of a moral law embedded in a particular cosmology of human relationality metaphysical intelligibility and economic subjectivity in an Islamic Setting Necmettin Kizilkaya, Toseef Azid, 2017-03-27 The Islamic labor market rests on the principles of the free market exchange of Islamic economics Regrettably the latter has failed to keep pace with the rapidly growing academic and professional developments of the former Much of the published work within Islamic economics is idealistic if not radically ideological with little relevance to the Islamic labor market leaving students of Islamic economics without a coherent body of economic theory to understand the practical objectives of Shariah that gives a sense of direction to the developments in this field Drawing upon received sources of goals of Shariah the authors present an independent academic work which Emphasizes the common conceptual grounds of labor market behavior shared by the objectives of Shariah approach as well as the conventional approach to economics Adopts standard tools of contemporary economics to explain the industrial relations Extends the conventional scope of the labor market and forces of the labor market under the umbrella of Shariah Enables readers and practitioners of Islamic economics to make economic sense of Shariah compliance and human resource development Explains how the economics of Shariah is liable to offer moral guidance and a sense of direction to regulators and practitioners of the Islamic labor market Labor in an Islamic Setting will be of interest to postgraduate students academics middle and senior management in both the western and the Islamic business communities researchers Handbook of Ethics of Islamic Economics and Finance Abbas Mirakhor, Zamir Iqbal, Seyed Kazem and policy makers Sadr, 2020-04-20 Since the financial crisis of 2007 2008 a renewed discussion on the ethics and finance is being examined from different dimensions finance for good society responsible finance ethical finance financial crimes and financial

repression The principal objective of this Handbook on Ethics of Islamic Economics and Finance is to provide a deeper understanding of the ethical underpinning of Islamic economics and finance The reader will notice that the Handbook reflects a diversity of views on the subject of economic and business ethics in Islam across the intellectual spectrum of Muslim thought over the globe Handbook attempts to find answers to some questions concerning the definition and characteristics of the ethical system in Islam What is its goal and how do its rules and practices ensure welfare for individuals and society Are the moral principles universal and invariable or do they change and adapt with the social changes of communities and progress in science and technology Is the present generation accountable for the welfare of future generations Where is the boundary between law and ethics and who guarantees their adoption and implementation

Handbook on Islam and Economic Life M. Kabir Hassan, Mervyn K. Lewis, 2014-12-31 Handbook on Islam and Economic Life is a unique study one of the first of its kind to consider Islam within a broader economic sphere Covering a wide breadth of topics and research it explores how Islam impinges upon and seeks to shape major aspect Path to Human and Economic Development A. Mirakhor, H. Askari, 2010-08-18 This book briefly surveys the evolution of the Western concept of development recognizing the wider dimensions of human and economic development and the role of institutions and rules which has moved toward the vision and the path of development envisaged in Islam Economic Policy Rodney Wilson, 2015-05-15 This textbook looks at the impact of Islamic teaching on public economic policy War and Religion Jeffrey M. Shaw and asks how Islamic economics differs from mainstream micro and macroeconomics Ph.D., Timothy J. Demy, 2017-03-27 This three volume reference provides a complete guide for readers investigating the crucial interplay between war and religion from ancient times until today enabling a deeper understanding of the role of religious wars across cultures Containing some 500 entries covering the interaction between war and religion from ancient times the three volume War and Religion An Encyclopedia of Faith and Conflict provides students with an invaluable reference source for examining two of the most important phenomena impacting society today This all inclusive reference work will serve readers researching specific religious traditions historical eras wars battles or influential individuals across all time periods The A Z entries document ancient events and movements such as the First Crusade that began at the end of the 10th century as well as modern day developments like ISIS and Al Qaeda Subtopics throughout the encyclopedia include religious and military leaders or other key people ideas and weapons and comprehensive examinations of each of the major religious traditions views on war and violence are presented The work also includes dozens of primary source documents each introduced by a headnote that enable readers to go directly to the source of information and better grasp its historical significance The in depth content of this set benefits high school and college students as well as scholars and general readers

The Mediterranean Tradition in Economic Thought Louis Baeck, 2012-08-21 The Mediterranean Tradition in Economic Thought surveys the legacy of thinking on economic affairs from the countries in the Mediterraean basin over four millenia It

considers the economic content of the scriptures of the Mesopotamian civilisations Pharaonic Egypt and the Biblical peoples and the contributions of the Greeks and Romans and their influence on Islamic civilisation and on the Medieval scholastics The flowering of the school of Salamanca as recently as the seventeenth century demonstrates how long lived the tradition was and throughout Baeck demonstrates how these ideas continue to survive and resurface citing the renewed interest in the ethical dimension of economics the revival of interest in the history of Islamic thought and the re emergence of Slavophile **Beyond Profit** Samir Alamad, 2024-04-12 This book advocates for a transformative doctrines in contemporary Russian shift in economics emphasising the need to manage finite resources equitably while safeguarding universal well being It introduces the Equitable Optimality economic theory departing from materialistic views and championing a theory deeply rooted in moral economy values and ethics By integrating spirituality social justice and ethics into economic analysis this model contends that economics can serve the welfare of all offering a unique lens for economic theory and policy It challenges prevailing materialistic economic paradigms by proposing an interest balanced free financial economy This economic theory prioritises profit sharing societal objectives and equitable resource allocation aiming to create a more inclusive society However practical implementation and comprehensive research are crucial for understanding its impact and overcoming transitional challenges The Equitable Optimality economic theory provides a valuable perspective within economics focusing on ethical foundations acknowledging non monetary values and humanising economic agents It does not aim to replace conventional economic theories but offers an alternative framework to inspire innovative approaches to economic models and policymaking Its broader policy perspective aims to foster a more prosperous and harmonious society by integrating ethical considerations equity and justice into economic decision making and emphasising societal welfare

Islamic Trade, Export-Import Laws and Regulations Handbook Volume 1 Strategic Information and Laws for Selected Countries IBP USA, Institutional Islamic Economics and Finance Ahsan Shafiq,2022-03-30 Institutional economics claims that institutions and policies rather than the size of labour force technology or capital investment are pivotal for growth or under development In this regard there are two kinds of institutions external institutions expressed in the form of laws organisations regulations companies banks and the like and internal institutions which are found in the hearts and consciences of individuals Against this backdrop this book acquaints readers with the basic concepts related to institutional economics It then brings to light the theoretical concepts related to the institutional perspectives on Islamic economics particularly highlighting areas where Islamic economic institutions lay at the crossroads with conventional ones The book also ref lects upon the organisational arrangements that comply with the basic tenets of Islamic institutions that are pragmatic in today s business environment The book contains novel dimensions on the subject includes conceptual debates as well as practical examples and explores hot topics such as wagf and fintech from an Islamic perspective This is the first

book to exclusively cover this topic and is written by well known and respected international economists from the field Since the book is written in an accessible style and the concepts are expressed in plain language it will find an audience among academics researchers and students in economics and Islamic economic studies as well as policymakers and professionals engaged in the Islamic finance industry seeking to make their services and products conform to an Islamic institutional A Classified Bibliography on Islamic Economics S. S. A. Shaban, 1989 Labor Economics in an Islamic Framework Toseef Azid, Umar Burki, Muhammad Junaid Khawaja, Nasim Shah Shirazi, Muhammad Tahir, 2021-12-30 The labor market in Islam is governed by the Islamic laws of fairness justice and reward that is equivalent to the job done Most of the literature in the field discusses the normative aspect of the labor market whereas few attempts can be seen to address more positive aspects There is a need for new theoretical and empirical models for the Islamic labor market which should differ from established approaches This book provides a comprehensive overview of the nature scope and dimensions of the labor market in an Islamic context from both theoretical and practical perspectives It presents and discusses labor economics and then compares the similarities and differences between conventional and Islamic views of the labor market explaining where they meet and critically justifying why they differ under the umbrella of Shari ah The book raises pertinent issues which it analyzes from both standpoints and widens the discourse to include norms morality and related institutions such as social security and welfare A unique feature of the book is that it examines labor economics practices among a specific group of countries and studies the labor conditions within these countries where the majority of the population follow the teachings of Islam in their daily lives The book proposes practical strategies for the development of new models for the Islamic labor market which are compatible with the modern world The book will enable academics and practitioners of Islamic economics to make economic sense of Shari ah compliance and human resource development What is Islamic Economics? Umer Chapra, 1996-12-01 In this lecture Dr Umer Chapra has explained both the subject matter of Islamic economics as well as its methodology in his usual masterly fashion He has also presented a comparative perspective for solving the eternal economic problem He has explained how the Islamic economics paradigm deals with this problem and allocates the scarce resources among their alternative uses in such a way that human well being is maximized without sacrificing social objectives Bibliography of Islamic Economics ,1993 **Economics and Capitalism in the Ottoman Empire Deniz** Kilinçoğlu, 2015-06-19 Is it possible to generate capitalist spirit in a society where cultural economic and political conditions did not unfold into an industrial revolution and consequently into an advanced industrial capitalist formation This is exactly what some prominent public intellectuals in the late Ottoman Empire tried to achieve as a developmental strategy long before Max Weber defined the notion of capitalist spirit as the main motive behind the development of capitalism This book demonstrates how and why Ottoman reformists adapted English and French economic theory to the Ottoman institutional setting and popularized it to cultivate bourgeois values in the public sphere as a developmental strategy It also reveals the

imminent results of these efforts by presenting examples of how bourgeois values permeated into all spheres of socio cultural life from family life to literature in the late Ottoman Empire The text examines how the interplay between Western European economic theories and the traditional Muslim economic cultural setting paved the way for a new synthesis of a Muslim capitalist value system shedding light on the emergence of capitalism as a cultural and an economic system and the social transformation it created in a non Western and more specifically in the Muslim Middle Eastern institutional setting This book will be of great interest to scholars of modern Middle Eastern history economic history and the history of economic thought

Ethical Teachings of Abū Hāmid al-Ghazālī Sami Al-Daghistani,2021-02-26 This book studies the interplay of economic philosophy and moral conduct as reflected in the writings of one of the most renowned scholars in Islamic history Ab mid Mu ammad ibn Mu ammad al Ghaz l d 1111 As is well known Im m al Ghaz l nicknamed the proof of Islam contributed immensely to Islamic theology philosophy and Sufism or Islamic mysticism ta awwuf Strikingly enough al Ghaz l also made seminal contributions to the field of economic thought but this contribution has been largely neglected although al Ghaz l dedicated many chapters to what he considered just and Shar a based economic conduct in Muslim society This book aims to analyse and revive all Ghaz I s understudied contribution to economic thought by emphasizing his economic philosophy and its correlation between Shar as moral law and the tradition of ta awwuf as well as to situate his thought within the context of modern economic theories Methodology of Islamic Economics Necmettin Kizilkaya, 2019-11-05 In its pursuit to equip the reader with a basic knowledge of Islamic economics this book divulges the micro foundations of the discipline and highlights the predominant schools of thought that exist in the field It explains in simple terms what Islamic economics entails and how it can be studied as a science in relation to the Holy Quran the Sunnah and the Islamic intellectual tradition based on these two sources The book familiarizes the reader with knowledge of the basic maxims of the discipline It then establishes the arguments that are presented by the proponents of religion based economics specifically Islam and apprises readers about the aforementioned schools as they exist A number of chapters consider the dimension of the dilemmas the discipline is facing and the chronological progress of the field is reviewed hence providing a comprehensive overview of the topic The book deals with the issues about the origins of Islamic economics the basic methodological questions the use of the opportunities offered by figh in the methodological discussions and the main problems arising from the encounter with other cultures and civilizations It offers practical solutions despite the differing schools of thought not unlike the development of conventional Economics where radical differences between Keynesian Classical and Monetarist approaches existed It concludes by incorporating some of the finest works that explain to the reader how Islamic economics may progress as a discipline This guide will provide both students and researchers in Comparative Economic Studies Islamic Economics and Islamic Finance with an essential overview of the field
