Economic Interdependence In Ukrainian Russian Relations Suny Series In Global:

Economic Interdependence in Ukrainian-Russian Relations Paul J. D'Anieri, 1999-07-23 Explores the emerging political economy of the former Soviet Union *Economic Interdependence in Ukrainian-Russian Relations* Paul J. D'Anieri, 1999-07-01 Explores the emerging political economy of the former Soviet Union Landmines and Human Security Richard A. Matthew, Bryan McDonald, Kenneth R. Rutherford, 2012-02-01 An impressive array of activists scholars government officials journalists and landmine victims themselves are gathered here to tell the dramatic and inspiring story of the International Campaign to Ban Landmines ICBL Organized in the early 1990s the ICBL is a network of more than one thousand nongovernmental organizations worldwide working for a global ban on landmines It was an important force behind the treaty to ban antipersonnel landmines that was signed in Ottawa in 1997 and which led to its being awarded the 1997 Nobel Peace Prize along with its coordinator States of Liberalization Mitchell P. Smith, 2012-02-01 As economic competition is introduced into areas formerly served by public sector monopolies to what extent do governments lose discretion over their use of the public sector States of Liberalization examines the impact of the European Union's rigorous single market competition policy on the abilities of Western European governments to use the public sector to achieve political objectives Examining several politically contentious sectors including government purchasing of goods and services postal services and public sector financial institutions Mitchell P Smith explores and explains the scope and the limits of this transformation While European economic integration and the application of European Community competition policy have substantially infused competition into public services the process has been more modest and more deliberate than a simple reading of Europe's potent market making mechanisms would predict **Why Movements Matter** Steve Breyman, 2001-07-12 Why Movements Matter is a provocative account of how the Reagan administration relented to pressures created by international peace movements during one of the most dangerous episodes of the Cold War Breyman provides the first systematic account of the West German anti missile movement among the most important citizen mobilizations of postwar Western history Contrary to conventional wisdom Breyman offers compelling evidence that peace movements rather than any escalation of Cold War spending or rhetorical belligerence hastened the demise of the Cold War The product of extensive research Why Movements Matter advances social movement theory and the political sociology of peace movements expands our understanding of the interaction of political parties and political movements explores the links between public opinion and organized dissent and provides an assessment of a movement whose immediate impact shook the halls of power in Washington and Moscow yet also had a deep and lasting influence on politics culture and society

Political Space Yale H. Ferguson, R. J. Barry Jones, 2002-09-12 Applies the concept of space to international relations to arrive at novel interpretations **Crisis Theory and World Order** Norman K. Swazo, 2002-09-26 Uses Heidegger's philosophy to critique and remedy world order thinking in international politics Globalization, Security, and the Nation

State Ersel Aydinli, James N. Rosenau, 2012-02-01 This volume studies the links among the concepts of globalization security and the authority of the nation state drawing attention to why and how these three concepts are interrelated and why they should be studied together Contributors explore the connections between security and global transformations and the corresponding or resulting changes in state structures that emerge Probing and extending existing paradigms the book offers three regional cases studies the periphery states of the Middle East and North Africa the second world states of the Russian Federation and the core states of the European Union It concludes with three chapters that synthesize the above themes to identify corresponding changes in the patterns of international politics **When Leaders Learn and When They Don't**

Akan Malici, 2009-01-01 When Leaders Learn and When They Don't investigates two extraordinary leaders Mikhail Gorbachev and Kim Il Sung by employing sophisticated methodologies and advancing a new theory of foreign policy decision making Both leaders redefined the theory and practice of international relations and left a heritage that we face today a unipolar world in which security threats no longer emanate from the rivalry of two superpowers but rather from the existence of rogue states such as North Korea Akan Malici demonstrates how Gorbachev moved the antagonistic superpower relationship toward a Kantian world of friends while Kim reified a Hobbesian world of enemies at the end of the Cold War The book carries implications about declining and newly emerging threats as the configuration of the international system changes

The Arab-Israeli Conflict Transformed Hemda Ben-Yehuda, Shmuel Sandler, 2012-02-01 The Middle East conflict be it between the state of Israel and Arab states or between Jews and Palestinians is a staple of international news Utilizing both theoretical approaches and empirical evidence Hemda Ben Yehuda and Shmuel Sandler argue that despite the recent upswing in violence particularly over the Palestinian issue conflict has gradually been giving way since the 1970s to a more orderly regime of conflict management By integrating ethnonational theoretical literature into their analysis the authors move beyond the current International Relations debate over the relative merits of realist neo realist approaches versus neo liberal institutional approaches Ethnic state disputes are the primary source for failing to terminate the Arab Israeli conflict Who Gets What? Aslaug Asgeirsdottir, 2009-07-01 Examines the domestic constraints negotiators operate under when nations seek to cooperate

Political Identity and Social Change Jamie Frueh, 2003-01-01 Explores issues of political identity and the social changes that ended apartheid in South Africa **Hierarchy amidst Anarchy** Katja

Weber, 2000-08-10 Analyzes the underlying basis for state participation in cooperative international structures Life After

the Soviet Union Nozar Alaolmolki, 2001-10-19 Examines the political social and economic issues confronted by each of the newly independent republics in the Transcaucasus and Central Asian regions *United We Stand?* Aaron Belkin, 2012-02-01

It has long been assumed that leaders engage in international conflict to unify their followers what is often called the rally round the flag hypothesis Despite its intuitive appeal however this hypothesis does not always provide a compelling explanation of the relationship between domestic politics and international conflict In *United We Stand* Aaron Belkin shows

that in one important realm civil military relations leaders often prefer divisiveness over cohesion When they feel domestically vulnerable leaders use international conflict in order to create and exacerbate rivalries among their own military forces to lower the risk of a coup and to contribute to the consolidation and stability of the political order Case studies include post Soviet Georgia and Syria **Counter-Hegemony and Foreign Policy** Randolph B.

Persaud,2001-03-29 Argues that marginalized states and peoples are capable of initiating their own foreign policy agendas

The Multi-Governance of Water Matthias Finger,Ludivine Tamiotti,Jeremy Allouche,2012-02-01 As the governance of transboundary rivers becomes a subject of growing importance due to the increasing pressure on freshwater resources this timely collection examines water scarcity and efforts to better manage rivers and river basins Most specialists agree that states face many institutional inadequacies when dealing with shared resources and that new governance mechanisms are needed to improve water management Using case studies of the Aral Sea basin and the Danube Euphrates and Mekong river basins the contributors develop a new approach to water governance the concept of multi governance an effort to collectively solve public problems by involving a series of relevant actors from the local to the global level such as institutions states civil society and business **Imperialism and Internationalism in the Discipline of International Relations** David

Long,Brian C. Schmidt,2006-01-01 What were the guiding themes of the discipline of International Relations before World War II The traditional disciplinary history has long viewed this time period as one guided by idealism and then challenged by realism This book reconstructs in detail some of the formative episodes of the field s early development and arrives at the conclusion that in actuality the early years of International Relations were preoccupied not with idealism and realism but with the dual themes of imperialism and internationalism Thus the beginnings of the discipline have resonance with the recently revived discourse of empire and the global status and policies of the United States as the world s sole superpower

Ibss: Economics: 1999 Compiled by the British Library of Political and Economic Science,2000-12-07 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **Slavic Review** ,2000 American quarterly of Soviet and East European studies varies
