Economics Development:

Development Economics for Developing Economies Ephraim Matanda, Hlupeko Dube, Munyaradzi Mawere, Misheck Diza, 2024-11-17 This book offers a fresh perspective on development economics specifically tailored to the unique challenges and opportunities facing developing economies Drawing on the historical experiences of now developed nations it explores how emerging economies particularly in Africa can finance their development reduce reliance on external aid modernise infrastructure and alleviate poverty The book emphasizes the crucial interplay between development economics and finance advocating for a synergistic approach to achieve efficient and effective growth Recognising the increasingly multidisciplinary nature of modern research it champions a hybrid approach that merges economic and financial perspectives fostering a more comprehensive understanding of development challenges This book's unique contribution lies in its integrated presentation of development economics and finance within a single cohesive framework By bridging these two critical fields it provides valuable insights into contemporary research trends and their practical applications across diverse disciplines and global contexts More than just a textbook it serves as a catalyst for debate on multidisciplinary approaches to development equipping students and practitioners with the knowledge and tools to navigate the complexities of economic growth in the developing world

The New Development Economics Jomo K.S., Ben Fine, 2006 This volume provides a critique of the post Washington Consensus in neoliberal economics

The Palgrave Handbook of Development Economics Machiko Nissanke, José Antonio Ocampo, 2019-08-12 This Handbook responds to the needs and aspirations of current and future generations of development economists by providing critical reference material alongside or in relation to mainstream propositions Despite the potential of globalisation in accelerating growth and development in low and middle income countries through the spread of technology knowledge and information its current practice in many parts of the world has led to processes that are socially economically and politically and ecologically unsustainable It is critical for development economists to engage with the pivotal question of how to change the nature and course of globalisation to make it work for inclusive and sustainable development Applying a critical and pluralistic approach the chapters in this Handbook examine economics of development paths under globalisation focusing on sustainable development in social environmental institutional and political economy dimensions It aims at advancing the frontier of development economics in these key aspects and generating more refined policy perspectives It is critically reflective in examining effects of globalisation on development paths to date and in terms of methodological and analytical approaches as well as forward thinking in policy perspectives with a view to laying a foundation for sustainable development
