Electronic Production Artistvideo:

The Art of Video Production Leonard Shyles,2007-02-09 The Art of Video Production emphasizes the enduring principles and essential skills of the communication process and the new digital technologies that are necessary to create effective video content Author Leonard C Shyles uses a unique approach by explaining how things are done and why things are done rather than just that they are done it is not about concepts versus skills but about concepts and skills *Electronic Production Artist* Here Enter,1998-01-01 Jennifer Sullivan of Houghton Mifflin a large publishing company in Boston displays the computer skills she uses to arrange type illustrations and headings to produce book pages Viewers also meet a production coordinator and an editorial assistant *Digital Currents* Margot Lovejoy,2004-08-02 Digital Currents explores the growing impact of digital technologies on aesthetic experience and examines the major changes taking place in the role of the artist as social communicator Margot Lovejoy recounts the early histories of electronic media for art making video computer the internet in this richly illustrated book She provides a context for the works of major artists in each media describes their projects and discusses the issues and theoretical implications of each to create a foundation for understanding this developing field Digital Currents fills a major gap in our understanding of the relationship between art and technology and the exciting new cultural conditions we are experiencing It will be ideal reading for students taking courses in digital art and also for anyone seeking to understand these new creative forms Italian Experimental Cinema and Moving-Image Art Rossella Catanese,Jennifer Malvezzi,2025-06-24 This volume presents one of the first systematic inquiries into Italian experimental and avant garde cinema in English language thanks to contributions which deepen the history of experimental audio visual works in Italy Frameworks of film production distribution and circulation as well as theoretical discourses and emblematic case studies are investigated by this edited collection which tries to provide a broad overview of the complex phenomena that occurred in a century of cinema beyond its industry its market and its conventions The aim of this book is not to offer a comprehensive compendium but to explore new paths in researching Italian experimental moving image its history and new theoretical insights into authors and their works The volume is structured in thematic sections Each of them includes different contributions according to two different types plenary essays which offer in depth analyses on historical and theoretical features and monographic essays which focus on single authors collectives or works New Media Anna Everett,John T. Caldwell,2003-02-28 First published in 2003 Routledge is an imprint of Taylor Francis an informa company **Abstract Video** Gabrielle Jennings,Kate Mondloch,2015-09-15 Offering historical and theoretical positions from a variety of art historians artists curators and writers this groundbreaking collection is the first substantive sourcebook on abstraction in moving image media With a particular focus on art since 2000 Abstract Video addresses a longer history of experimentation in video net art installation new media expanded cinema visual music and experimental film Editor Gabrielle Jennings a video artist herself reveals as never before how works of abstract video are not

merely as the renowned curator Kirk Varnedoe once put it pictures of nothing but rather amorphous ungovernable spaces that encourage contemplation and innovation In explorations of the work of celebrated artists such as Jeremy Blake Mona Hatoum Pierre Huyghe Ryoji Ikeda Takeshi Murata Diana Thater and Jennifer West alongside emerging artists this volume presents fresh and vigorous perspectives on a burgeoning and ever changing arena of contemporary art
