

The diagram illustrates a closed-loop hydronic heating system. A central boiler, represented by a large rectangle with a light blue interior and a dark blue border, is the core component. It has two main sections: a top section with a light blue background and a bottom section with a light blue background. Arrows indicate a clockwise flow of water. On the left side, a vertical pipe leads up to a radiator (top left) and then down to another radiator (bottom left). On the right side, a vertical pipe leads up to a radiator (top right) and then down to a third radiator (bottom right). The bottom section of the boiler is connected to a horizontal pipe that runs across the bottom, featuring a valve symbol. Arrows show the flow direction throughout the system.
