The Elements of Life Su-Mei Yu, 2009-10-05 Discover the Thai approach to food and wellness and use nature's elements to eat for optimum health, beauty and spiritual well-being. The traditional Thai philosophy of diet and health involves eating meals planned around your home element: earth, water, wind, or fire, as well as the weather, time of day, and other factors. In this book, award-winning author Su Mei Yu explains this age-old philosophy and gives you information and recipes to help you prepare meals that will promote better physical, spiritual, and emotional health. She describes the personal characteristics related to each of the four home elements as well as the tastes, flavors, aromas, and natural ingredients best suited to them. She shows you how to identify your home element and eat foods that accommodate it through different times of the year and different times of the day. Beauty treatments geared to your home element will help you to relax, rejuvenate, and feel renewed. This beautifully designed book includes an interactive wheel that helps you calculate your elemental sign. Explains how to plan meals appropriate to your home element.
