Boards That Dare Marc Stigter, Cary Cooper, 2018-04-19 Boards That Dare offers actionable solutions to help board directors chairs and CEOs move
 away from outmoded thinking and practices THE CHALLENGE Corporate boards as fiduciaries are responsible for delivering
 maximum value and the highest standards of care The persistent misconception that boards should be driven primarily by
 shareholder value will soon be an outdated one and boards that continue to apply narrow interpretations of value and care
 are unlikely to survive THE OPPORTUNITY This book reveals a future proofing opportunity for courageous boards to redefine
 value and care for employees consumers communities society the environment and shareholders There is no point in trying to
 reframe value and care for a wider range of audiences if boards don t have the right capabilities and attitudes themselves
 THE SOLUTION Boards that Dare invites boards to challenge shortcomings in their own ability understanding and courage
 The book shows how boards embracing this new kind of broadened fiduciary dynamism will become future proof and realize
 sustained shareholder value as an output THE RESEARCH Based on the authors first hand experiences as well as their own
 research and interviews with board members and chairs of international private public and not for profit organizations this
 highly practical and cutting edge book delivers the necessary solutions on how to future proof today s boards

Managing for Success Morgen Witzel, 2015-04-23 The damage that incompetent managers do is incalculable Every year they wipe tens
 of billions off the value of companies around the world But the routinely incompetent behaviour that leads to failure is often
 covered up incompetent managers are paid off and the causes of failure are swept under the carpet Yet most of these failures
 could have been avoided if only we knew how to spot the signs of incompetence in advance and take steps to prevent it
 happening Prevention is always better and cheaper than cure Morgen Witzel tackles the problem of incompetence in the
 round by exploring the political cultural psychological and personal factors that lead to incompetency at every level of
 business Arrogance excessive reliance on formal plans and metrics lack of professional pride and poor and misguided
 business education and training are among the problems that drag businesses down Using international case studies from
 Ford Motor Company Royal Ahold and Lehman Brothers practical solutions are provided for avoiding incompetence by
 changing the culture within organizations and the ways in which managers are trained and developed to truly manage for
 success and minimise failure
