

Elephants On The Beach

Richard Lydekker

Elephants On The Beach:

Elephants on the Beach Irene Brady, 1986 Describes the physical characteristics and habits of the northern elephant seal
Elephant Beach Christine Devane, 2025-04-14 A young girl is expecting a quiet peaceful beach day of reading but she is in for some disappointment It turns out elephants love to play especially at the beach At first the girl is annoyed when the elephants break her beach chair Then they block her sun amidst other loud and distracting shenanigans Soon though the girl becomes intrigued by the elephants playful nature She still tries to read but their games continue and can't be ignored Having a change of heart the young girl joins in when the elephants play volleyball She surfs huge waves and even helps the elephants when they are scared The young girl came to the beach to be alone but she now finds herself surrounded by new friends The silliness of these gentle giants amuse her and what was once a plan to find some peace turns into a feast of fun Come along to Elephant Beach where distractions are welcome and adventure arrives with each and every wave

Elephants on the Beach Colleen Stanley Bare, 1990 Text and photographs introduce a seal whose large nose earns it the name elephant seal

Elephant Repellent Graham Barlow, 2013-03-04 Hiker Beware Are you concerned that you might be attacked by elephants while hiking Do you sometimes wonder why the mere mention of the words let's organise a hike causes thunderstorms and a drop in temperature of thirty degrees Are you tired of all the how to books on offer that make the rugged outdoor life look like a gentle stroll in the park This then is the book for you the definitive how not to hiking book which details the research the author and his selfless companions put themselves through in order that you may be forewarned and can sit at home and suffer vicariously instead of drowning in downpours eating food off a dusty patch of mother earth sleeping on a growing mountain or getting hopelessly lost somewhere between Africa and possibly Asia
South: the Story of Shackleton's Last Expedition 1914-1917 Sir Ernest Henry Shackleton, 1919
South Sir Ernest Henry Shackleton, 1920
The War Against the Seals Briton Cooper Busch, 1987 Concentrates on the fur seals of the Bering Sea and the harp seals of the Newfoundland hunt Reveals the consequences of an industry's killing of more than 50 000 000 seals in a century and a half
South Ernest Henry Shackleton, 2019-03-19 In 1914 the polar explorer Ernest Shackleton announced an ambitious plan to lead the first trek across Antarctica via the South Pole The expedition would prove fraught with adventure and peril South is the remarkable tale of the ill fated expedition told in Shackleton's own words breathtakingly illustrated in this unique edition with

photography from the expedition modern images of the Antarctic and newly discovered photos from the Ross Sea Party This edition first published in 2016 is presented in paperback to coincide with the 100th anniversary of the original publication and features images by expedition photographer Frank Hurley modern color photography of the fauna and vistas the men encountered as well as long lost photos taken by the expedition s Ross Sea Party and discovered in 2013 The expedition s story begins on the eve of World War I when the ship Endurance departed England with Shackleton and his team of six men The plan was to travel 1 800 miles across the icy continent from the Atlantic side while a second team aboard the Aurora would reach Antarctica s Pacific side and lay out supply depots for the advancing team As the Endurance approached the continent however it became hopelessly locked in an ice floe beginning a series of harrowing travails Today considered an adventure survival classic South is the true story of a thrilling polar expedition Never before has Shackleton s lively prose been so extensively and stunningly illustrated

Thirty-Three Ways of Looking at an Elephant Dale

Peterson,2020-10-20 Elephants have captivated the human imagination for as long as they have roamed the earth appearing in writings and cultures from thousands of years ago and still much discussed today In Thirty Three Ways of Looking at an Elephant veteran scientific writer Dale Peterson has collected thirty three essential writings about elephants from across history with geographical perspectives ranging from Africa and Southeast Asia to Europe and the United States An introductory headnote for each selection provides additional context and insights from Peterson s substantial knowledge of elephants and natural history The first section of the anthology Cultural and Classical Elephants explores the earliest mentions of elephants in African mythology Hindu theology and Aristotle and other ancient Greek texts Colonial and Industrial Elephants finds elephants in the crosshairs of colonial exploitation in accounts pulled from memoirs commoditizing African elephants as a source of ivory novel targets for bloodsport and occasional export for circuses and zoos Working and Performing Elephants gives firsthand accounts of the often cruel training methods and treatment inflicted on elephants to achieve submission and obedience As elephants became an object of scientific curiosity in the mid twentieth century wildlife biologists explored elephant families and kinship behaviors around sex and love language and self awareness and enhanced communications with sound and smell The pieces featured in Scientific and Social Elephants give readers a glimpse into major discoveries in elephant behaviors Endangered Elephants points to the future of the elephant whose numbers continue to be ravaged by ivory poachers Peterson concludes with a section on fictional and literary elephants and ends on a hopeful note with the 1967 essay Dear Elephant Sir which argues for the moral imperative to save elephants as an act of redemption for their systematic abuse and mistreatment at human hands Essential to understanding the history and experience of this beloved and misunderstood creature Thirty Three Ways of Looking at an Elephant is a must for any elephant lover or armchair environmentalist
