Bower,2015-07-06 Excerpt from *The Elevation Procession of the Ceri at Gubbio An Account of the Ceremonies Together With Some Suggestions as to Their Origin and an Appendix Consisting of the Iguvine Lustration in English* Readers of this Essay may think that its construction neglects the order of history Instead of proceeding from ancient to modern times we deal first with the present and find our way back to the remote past Probably this is the best because the most natural and also the most logical method of dealing with the subject in question Having observed a remarkable custom and heard current comments on it our reflection upon the patent facts leads to questioning The life of the person celebrated

must be our first concern We should then inquire into the meaning of other ceremonies which history shows were of the same nature as our observance After dealing with these and with such parentage as they seem to disclose we may notice any parallel which appears between them all and primeval customs And if we find records of ceremonies anciently observed at the place where the modern custom is followed we must inquire into these The further we look back from the firm position of the present the less likely is our view to catch traces of an explanation But rustic rites of little account to our modern social life may be the means of elucidating customs which cannot at once be fully explained I request the reader not indeed to favour the following discussion with any kindness or indulgence for in questions of true interpretation no such attitude is desirable but to carefully weigh the facts laid before him and the suggestions made towards their explanation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

[With]** Oxford and Cambridge university club libr,1887 Bulletin ... ,1916 Greek Festivals, Modern and Ancient Evy Johanne Håland,2017-06-20 This volume represents a multi faceted cross period product of fieldwork conducted in contemporary Greece in combination with ancient sources Based on a comparative analysis of important religious festivals and life cycle rituals the book investigates the importance of cults connected with the Greek female sphere and its relation to the official male dominated ideology Within these festivals are encountered supplementary complementary or competing ideologies connected with men and women and it is shown that there is not a one way power structure or male dominance within Greek culture but rather competing powers linked to the two sexes and their respective spheres In addition to gender the book also explores the relationship between the great and little societies in the form of official and popular religion As such it will serve to broaden the reader s knowledge of ancient but also modern society because it concerns the relationship between various spheres of life which each possess their own competing and overlapping but also co existing value systems *Publications* Folklore Society (Great Britain),1910
