Vietnam War Slang Tom Dalzell, 2014-07-25 In 2014 the US marks the 50th anniversary of the Gulf of Tonkin Resolution the basis for the Johnson administration s escalation of American military involvement in Southeast Asia and war against North Vietnam *Vietnam War Slang* outlines the context behind the slang used by members of the United States Armed Forces during the Vietnam War Troops facing and inflicting death display a high degree of linguistic creativity Vietnam was the last American war fought by an army with conscripts and their involuntary participation in the war added a dimension to the language War has always been an incubator for slang it is brutal and brutality demands a vocabulary to describe what we don t encounter in peacetime civilian life Furthermore such language serves to create an intense bond between comrades in the armed forces helping them to support the heavy burdens of war The troops in Vietnam faced the usual demands of war as well as several that were unique to Vietnam a murky political basis for the war widespread corruption in the ruling government untraditional guerilla warfare an unpredictable civilian population in Vietnam and a growing lack of popular support for the war back in the US For all these reasons the language of those who fought in Vietnam was a vivid reflection of life in wartime Vietnam War Slang lays out the definitive record of the lexicon of Americans who fought in the Vietnam War Assuming no prior knowledge it presents around 2000 headwords with each entry divided into sections giving parts of speech definitions glosses the countries of origin dates of earliest known citations and citations It will be an essential resource for Vietnam veterans and their families students and readers of history and anyone interested in the principles underpinning the development of slang

The Ground You Stand Upon Wilbur E. Bowe, Joshua E.

Bowe, 2018-07-31 PLEASE NOTE This paperback edition is printed in black and white only The full color version is available only in the hardcover edition Sent into the deadly Central Highlands of Vietnam a true story of my dad and his fellow skytroopers from 1966 to 1967 My father is Wilbur E Bowe He was living on his family s farm when he was drafted in 1965 and assigned to Alpha Company 5th Battalion 7th Cavalry The 5 7th Cavalry was formed as a brand new battalion in order to fill out the 1st Air Cavalry Division s 3rd Brigade The young men of the battalion were largely drafted together in 1965 as the build up of regular Army forces in Vietnam had just begun Together these impossibly young men would be trained in airmobile infantry tactics and become what were known as skytroopers They would then be sent deep into the Central Highlands of Vietnam where together they would learn what search and destroy meant and face the reality of this new war The story features many of the letters and photographs my dad sent home from the war zone His dispatches were sent from some of the most remote valleys and outposts in Vietnam written under the most austere of conditions often scribbled in haste before another mission or by flashlight under a poncho in the rain They would travel over 8 000 miles across the ocean to be placed in a mailbox that stood across from a farmhouse along a rural county road in Wisconsin Many former skytroopers of Alpha Company were interviewed for this story and their personal accounts recall much of the humor and friendship they shared along with the sadness and tragedy that would accompany a year spent in the jungles of Vietnam The story also draws upon the 5 7th Cavalry s daily staff journals and situation reports for every day of the battalion s first year in Vietnam This is their story told in great detail from their time spent training together at Fort Carson through their historic journey across the ocean aboard the USNS Gaffey where they would encounter a massive typhoon through their many battles fought together in Vietnam and eventually their final patrol This second edition features additional personal accounts gathered from Alpha Company soldiers and friends of the fallen many of whom I met after the book s original publication

Saving Bravo Stephan Talty, 2018-10-30 From the author of A Captain s Duty the New York Times best selling account of Captain Phillips comes the untold story of the most important rescue mission not just of the Vietnam War but the entire Cold War One American aviator who knew our most important secrets crashed behind enemy lines and risked capture by both the North Vietnamese and the Soviets One Navy SEAL and his Vietnamese partner had to sneak past them all to save him At the height of the Vietnam War few American airmen are more valuable than Lieutenant Colonel Gene Hambleton His memory is filled with highly classified information that the Soviets and North Vietnamese badly want When Hambleton is shot down in the midst of North Vietnam s Easter Offensive US forces place the entire war on hold to save a single man hiding among 30 000 enemy troops and tanks Airborne rescue missions fail killing eleven Americans Finally Navy SEAL Thomas Norris and his Vietnamese guide Nguyen Van Kiet volunteer to go after him on foot Gliding past hundreds of enemy soldiers it takes them days to reach Hambleton who guided toward his rescuers via improvised radio code is barely alive deeply malnourished and

the scars of war including PTSD Meet those who earned the respect of fellow soldiers warrant officers with big mustaches big watches and bad attitudes They were aviators nineteen years old who were going to life forever youths in command of quarter million dollar aircraft equipped with machine guns shooting real bullets flying at 120 knots nap of the earth And enjoy the unique inherent humor of military life and lighter moments of youthful pilots goofing off their shenanigans and devil may care attitudes Returning to civilian life and no longer indestructible Sepesy faced new situations and responsibilities But the wounds and scars of war the physical injuries and PTSD along with a continued military mindset presented new challenges and complicated every day routines Muddling through the more mundane obstacles of college and home and family and career became another struggle to overcome During the next five decades numerous operations plagued the author and the insidious ways of PTSD went undetected a new journey of survival and accomplishment would begin

Photos 11c1p James M. Mallen,2012-09 This is the report of an American Paratrooper Infantry boots on the ground in Viet Nam in the mid 1960s It is not a romanticized sanitized fantasized Hollywood version of ground combat It is a description of life on the ground for your military grandfathers fathers uncles and brothers When they returned from Viet Nam this is not what they talked about It was too painful too raw too uncivilized and too inhuman The accumulated fear and pain of a full years tour of duty was over whelming physically and as modern research shows psychically They didn t want to talk about it they didn t want to think about it This is a description of what they endured Your grandfathers fathers sons uncles and friends were pushed beyond any reasonable limits of human physical and mental endurance and it ultimately had a lifelong bad effect on their bodies and mind They were called by their Country as volunteers or as draftees to be on the front lines in a war of ideas in the middle of political debates wherein the good citizens had no idea of what was required of their young citizens and their families This is my story but it is also the story of thousands of young citizens who answered their Country s call May God bless every one of you and your families who suffered along with you All the Way

Tiger Bravo's War Rick St John,2017-08-25 Tiger Bravo s War follows a band of young paratroopers from the same battalion in the 101st Airborne Division portrayed in Stephen Ambrose s World War II bestseller Band of Brothers during their first year in combat in the Vietnam War from a bayonet charge in War Zone D and street fighting during the 1968 Tet Offensive to a rescue mission of a surrounded platoon and rock and roll in the company mess hall and much more Thirty of their number would be killed in action and collectively they would amass a staggering 150 Purple Hearts It is also a book about everyday life in a war zone and the strange often harsh sometimes beautiful tropical environment in which the war was fought Lastly it is a soldier s tale of the young men of Tiger Bravo the son of a World War II Japanese fighter pilot who wins a Silver Star

fighting as an American infantryman the tough kid from rural Texas who leaves a job cleaning astronaut offices in Houston to volunteer to be a paratrooper the medic abandoned by his mother who would find in Tiger Bravo the family he never had and over a dozen more with their own unique stories Sky Hawk Gerit L. Fenenga,2014-03 This book is a firsthand account of the Vietnam conflict as it unfolded before a midlevel career military officer In a first person account it does not portend to be a microcosm of that war but rather what it was like for one year at one place to participate and ultimately lead an attack squadron in combat This an upbeat anecdote filled historically accurate but nonscholarly tale of events seen or taken part in by the author The book aims for a wide audience that likes aviation adventure and insight into leadership It forcefully brings home the lessons we as a country should learn from such turmoil This is no memoir to justify the action or inaction of a midlevel manager but a month by month account of controlled mayhem and high humor among professionals in the maelstrom of battle Memoirs of a Vietnam Air Commando Robert W.
