Migdal, 2012-02-01 Through the Lens of Israel illuminates Israeli history through the use of the author's unique state in society approach and at the same time refines develops and expands that approach The book provides a window for the formation of Israeli state and society during the twentieth century while using the Israeli experience to ask how social scientists can better investigate and understand other societies as well Three central themes of Israeli history are at the core of the analysis state formation society formation and the mutually constitutive roles of state and society By analyzing how Israel's state and society continually reconstruct one another Migdal addresses larger questions with resonance far beyond Israel How do particular societies and states end up with their distinctive character How are the rules that shape everyday behavior determined Who gains from these rules and who loses And how and when do these rules and patterns of privilege change **A Brief History of Israel** Bernard Reich, 2008 Narrates the complex tale of Israel's people and their modern state established thousands of years after the destruction of the old one against the backdrop of exile anti-Semitism Zionism and the Holocaust **Yitzhak Rabin** L. How States Pay for Wars Rosella Cappella Zielinski,2016-07 Armies fight battles states fight wars To focus solely on armies is to neglect the broader story of victory and defeat Military power stems from an economic base and without wealth soldiers cannot be paid weapons cannot be procured and food cannot be bought War finance is among the most consequential decisions any state makes how a state finances a war affects not only its success on the battlefield but also its economic stability and its leadership tenure In *How States Pay for Wars* Rosella Cappella Zielinski clarifies several critical dynamics lying at the nexus of financial and military policy Cappella Zielinski has built a custom database on war funding over the past two centuries and she combines those data with qualitative analyses of Truman s financing of the Korean War Johnson s financing of the Vietnam War British financing of World War II and the Crimean War and Russian and Japanese financing of the Russo Japanese War She argues that leaders who attempt to maximize their power at home and state power abroad are in a constant balancing act as they try to win wars while remaining in office As a result of political risks they prefer war finance policies that meet the needs of the war effort within the constraints of the capacity of the state

Land Expropriation in Israel Yifat Holzman-Gazit,2016-04-22 Historically Israel s Supreme Court has failed to limit the state s powers of expropriation and to protect private property This book argues that the Court s land expropriation jurisprudence can only be understood against the political cultural and institutional context in which it was shaped Security and economic pressures the precarious status of the Court in the early years the pervading ethos of collectivism the cultural symbolism of public land ownership and the perceived strategic and demographic risks posed by the Israeli Arab population all contributed to the creation of a harsh and arguably undemocratic land expropriation legal philosophy This philosophy the book argues was applied by the Supreme Court to Arabs and Jews alike from the creation of the state in 1948 and until the 1980s The book concludes with an analysis of the constitutional change of 1992 and its impact on the legal treatment of property rights under Israeli law
