Economic Restructuring And Political Response:

Economic Restructuring and Political Response Robert A. Beauregard, 1989 Economic Restructuring and Political Response clarifies theoretical issues of economic restructuring developed as a result of the economic upheavals which began in the early seventies and have had major social and political consequences It explores the theoretical nature of economic restructuring in the postwar period and examines actual qualitative transformations in capitalistic social formation It then focuses on the political response to these transformations considering the influence of economic restructuring on political action

Political Economy, Diversity and Pragmatism Patsy Healey, 2017-03-02 Planning Theory has a history of common debates about ideas and practices and is rooted in a critical concern for the improvement of human and environmental well being particularly as pursued through interventions which seek to shape environmental conditions and place qualities The second volume in this series covers in detail critical political economy the turn to diversity and critical pragmatism It provides an authoritative collection in an accessible form of the most important and influential articles and papers along with a detailed introduction by the editors It offers a unique reference resource for planning scholars upper level undergraduate and post graduate students

Migration and Restructuring in the United States Kavita Pandit, Suzanne Davies Withers, 1999 This groundbreaking book examines the links between migration and the United States ongoing economic and demographic revolution Utilizing an explicitly geographic perspective the contributors highlight the crucial role played by scale and spatial context in both immigration and internal migration

The Political and Economic Transition in East Asia Xiaoming Huang, 2013-09-05 The book examines the political and economic developments in East Asia since the end of the Cold War in an attempt to identify a broad pattern of transition particularly in terms of the reshaping of the state's relations with forces and institutions in economy politics and domestic international interactions The chapters are organised into three parts I The state in the new economy II The state in the new politics III The state in the new global environment The contributors find a general pattern of the state's withdrawal from these three areas But it is not simply that the market takes over as some envisaged Instead the transition is moving towards a set of governance producing arrangements in which the role of both the market and the state are appreciated The book concludes that a more sophisticated approach is needed to the problems of development vs governance the state vs the market and global dynamics vs national interests for a better understanding of the dynamic transition and the consequent new political economy in East Asia

Unions and Communities Under Siege Gordon L. Clark,1989-07-13 The essential argument of this book is that the current crisis of US unions ought to be considered in terms of the local context of labor management relations that is the communities in which men and women live and work Whether by design or necessity the structure of New Deal national labor legislation has sustained and maintained distinctive local labor management practices

The New Localism Edward G. Goetz,Susan E. Clarke,1993-10-07 How have local economic conditions been affected by the emergence of a global economy What changes if any have local political authorities made to counterbalance the new emphasis on world interests Comprehensive and timely The New Localism answers these and other vital questions by exploring local political restructuring in the face of massive global economic change Prominent urban scholars cover the privatization of local politics the emergence of local economic and social activism and increased competition on both local and national levels This important volume examines various levels of development in such diverse political settings as the United States the United Kingdom Eastern Europe Africa and the Caribbean The New Localism is a must read for students and scholars of urban studies comparative politics political science third world development planning public administration and sociology Goetz and Clarke s book brings a useful perspective to this literature not so much because of its theoretical originality but for its didactic value It is a straightforward presentation of cases of urban restructuring well integrated within a common conceptual framework labelled new localism Canadian Journal of Urban Research

Economic Transition and Political Legitimacy in Post-Mao China Feng Chen,1995-09-14 Tracing the role of ideas in Chinese economic reform from 1978 to the present this book explores the conversion of China s policymakers to capitalist economic thinking Chen argues that the reform process has created a gap between the legitimacy of the leadership which remains rooted in Marxist Leninist ideology and the practice of reform which has abandoned such ideological constraints Through a systematic survey of party documents and resolutions official publications leaders speeches academic journals and newspapers Chen shows how Chinese policymakers reconceptualized the ownership system and adjusted related policies Focusing on a number of economic policy issue areas such as state economy rural reform privatization and income distribution he analyzes in depth the implications of this gap for the current Chinese leadership and the future of China s political development

Economic Reform and Political Change in Eastern Europe Judy Batt,1988-06-21 Economic reform the introduction of elements of the market into a planned economy has been the central political problem for socialist states for at least three decades This book seeks to elucidate the nature of the problem through a reconsideration of the general theoretical issues and through a

comparative analysis of the practice of economic reform in two countries Czechoslovakia and Hungary *The Routledge Handbook on Spaces of Urban Politics* Kevin Ward, Andrew E. G. Jonas, Byron Miller, David Wilson, 2018-04-17 The Routledge Handbook on Spaces of Urban Politics provides a comprehensive statement and reference point for urban politics The scope of this handbook's coverage and contributions engages with and reflects upon the most important innovative and recent critical developments to the interdisciplinary field of urban politics drawing upon a range of examples from within and across the Global North and Global South This handbook is organized into nine interrelated sections with an introductory chapter setting out the rationale aims and structure of the Handbook and short introductory commentaries at the beginning of each part It questions the eliding of urban politics into the politics of the city reconsidering the usefulness of the distinction between old and new urban politics considering issues of class gender race and the ways in which they intersect appear and reappear in matters of urban politics how best to theorize the roles of capital the state and other actors such as social movements in the production of the city and finally issues of doing urban political research The various chapters explore the issues of urban politics of economic development environment and nature in the city governance and planning the politics of labour as well as living spaces The concluding sections of the Handbook examine the politics over alternative visions of cities of the future and provide concluding discussions and reflections particularly on the futures for urban politics in an increasingly global and multidisciplinary context With over forty five contributions from leading international scholars in the field this handbook provides critical reviews and appraisals of current conceptual and theoretical approaches and future developments in urban politics It is a key reference to all researchers and policy makers with an interest in urban politics

Captives of the Cold War Economy John J. Accordino, 2000-07-30 The end of the Cold War in 1989 gave rise to hopes for a new more peaceful international system and for the redirection of military expenditures over one half of annual U S federal discretionary spending toward education and health care renewing the nation's infrastructure environmental mitigation and alternative energy sources At the beginning of the 21st Century U S military spending remains stuck at 85% of the Cold War average Why As Accordino explains at the federal level the Iron Triangle comprised of the Pentagon defense contractors and a conservative Congress maintained defense spending at Cold War levels encouraging contractors to stay focused on defense When some procurement cutbacks and base closures occurred growth interests recruited lower wage branch plants sports and entertainment facilities rather than supporting the hard work of defense conversion that creates higher paying jobs Nevertheless some defense contractors and community interests did embrace conversion showing remarkable potential Of particular interest to scholars and researchers involved with urban and regional planning public administration and local politics and regional economic development

Reform and Reaction in Post-Mao China Richard Baum, 2018-09-18 The decade of the 1980s began in China with great expectations of the societal benefits of modernisation and ended with gunfire in Tiananmen Square This book first published in 1991 presents essays that explore

the political and economic reform policies that emerged in post Mao China under Deng Xiaoping In general they conclude that the advent of partial marketization and structural reform tended to magnify structural contradictions rather than solve them *China's Great Economic Transformation* Loren Brandt,Thomas G. Rawski,2008-04-14 This landmark study provides an integrated analysis of China s unexpected economic boom of the past three decades The authors combine deep China expertise with broad disciplinary knowledge to explain China s remarkable combination of high speed growth and deeply flawed institutions Their work exposes the mechanisms underpinning the origin and expansion of China s great boom Penetrating studies track the rise of Chinese capabilities in manufacturing and in research and development The editors probe both achievements and weaknesses across many sectors including China s fiscal legal and financial institutions The book shows how an intricate minuet combining China s political system with sectorial development globalization resource transfers across geographic and economic space and partial system reform delivered an astonishing and unprecedented growth spurt **Europe and Economic Reform in Africa** Obed O. Mailafia,2005-08-12 The post colonial relationship between European and African states is complex This book examines the unprecedented changes since the oil crisis of the 1970s using new field work from Zambia as well as existing material Networks of Privilege in the Middle East: The Politics of Economic Reform Revisited S. Heydemann,2004-08-20 This volume explores the role of informal networks in the politics of Middle Eastern economic reform The editor s introduction demonstrates how network based models overcome limitations in existing approaches to the politics of economic reform The following chapters show how business state networks in Egypt Morocco Tunisia Syria Lebanon and Jordan have affected privatization programs and the reform of fiscal policies They help us understand patterns and variation in the organization and outcome of economic reform programs including the opportunities that economic reforms offered for reorganizing networks of economic privilege across the Middle East **Party Politics and Economic Reform in Africa's Democracies** M. Anne Pitcher,2012-05-07 In *Party Politics and Economic Reform in Africa's Democracies* M Anne Pitcher offers an engaging new theory to explain the different trajectories of private sector development across contemporary Africa Pitcher argues that the outcomes of economic reforms depend not only on the kinds of institutional arrangements adopted by states in order to create or expand their private sectors but also on the nature of party system competition and the quality of democracy in particular countries To illustrate her claim Pitcher draws on several original data sets covering twenty seven countries in Africa and detailed case studies of the privatization process in Zambia Mozambique and South Africa This study underscores the importance of formal institutions and political context to the design and outcome of economic policies in developing countries *Democratic Politics and Economic Reform in India* Rob Jenkins,1999 This book takes issue with existing theories of the relationship between democracy and economic liberalisation An Introduction to Political Geography Martin Jones,Rhys Jones,Michael Woods,2004 *An Introduction to Political Geography* provides a broad based introduction to how power interacts with space how place

influences political identities and how policy creates and remoulds territory By pushing back the boundaries of what we conventionally understand as political geography the book emphasizes the interactions between power politics and policy space place and territory in different geographical contexts This is both an essential text for political geographers and also a valuable resource for students of related fields with an interest in politics and geography Social Movements and Economic Transition Heather L. Williams, 2001-01-15 This book examines patterns of political mobilization among groups in Mexico whose livelihoods have been threatened by trade opening fiscal retrenchment and market liberalization Using data from case studies of a worker based movement and a farmer based movement Williams argues that economic transition in altering modes of state society bargaining has shifted the locus of contention and has altered the form and shape of distributive protest Williams further argues that social movements make strategic choices in their use of resources in order to widen their constituencies and extend the length of their insurgencies
