Women's Access to

Transitional Justice in Timor-Leste Noemí Pérez Vásquez, 2022-06-16 Seeing the role of transitional justice as an area of contestation this book focuses on the principle of equality guaranteed in the access to transitional justice mechanisms By raising women's experiences in dealing with the law and policies as well as the implications of community and family practices during post conflict situations the book shows how these mechanisms may have been implemented mechanically without considering the different intersections of discrimination the public and private divides that exist in the local context or the stereotypes and values of international and national actors The book argues that without unpacking the barriers in the administration of transitional justice the different mechanisms that are implemented in a post conflict situation may set a higher threshold for the participation of women Moreover by taking into account women's perceptions of justice it further argues that scholars have paid insufficient attention to the welfare structures that are produced after a conflict particularly the pensions of veterans Going beyond the focus on sexual violence a relationship between the violations and post conflict economic justice may have longer term consequences for women since it perpetuates their inequality and lack of recognition in times of peace The use of transitional justice may thus exacerbate the invisibility of and discrimination against certain sections of the population Inspired by the work of Hannah Arendt and based on extensive field research in Timor Leste the book has larger implications for the overarching debate on the social consequences of transitional justice **Rethinking Corrections** Lior Gideon, Hung-En Sung, 2010-01-29 A comprehensive overview of rehabilitation reentry and reintegration with real life examples of successes and failures and the most current research This text explores the challenges that convicted offenders face over the course of the rehabilitation reentry and reintegration process Using an integrated theoretical approach each chapter is devoted to a corrections topic and incorporates original evidence based concepts research and policy from experts in the field and examines how correctional practices are being managed Students are exposed to examples of both the successful attempts and the failures to reintegrate prisoners into the community and they will be encouraged to consider how they can help influence future policy decisions as practitioners in the field **District of Columbia Code, 1973 Edition** District of Columbia, 1974 [Encyclopedia of Law Enforcement](#) Larry E Sullivan, 2005 Vols 1 and 2 cover U S law enforcement Vol 3 contains articles on individual foreign nations together with topical articles on international law enforcement
