

# Elements of an Essay

## Introduction

*Grab your reader's attention with an anecdote, quote, or interesting fact related to your topic*

*Provide any background info necessary for your readers to understand the topic and/or appreciate its significance*

*State your arguable claim and include the specific ideas your paper will address as justification for that claim*

## Body Paragraphs

Include as many body paragraphs as needed to fully develop your ideas. Also, don't be afraid to split a main idea into multiple paragraphs if one will be too large!

*Indicate the specific point to be addressed in a single paragraph. Include key words that connect directly to the thesis*

*Specific points/examples that prove the topic sentence's claim true. You can have as many supporting points in your paragraph as needed, as long as each one is backed up by evidence.*

*Provide justification for the topic sentence's claim. Evidence can come in the form of data, quotations, charts, facts, or other cited information*

*Reinforce the main point of the topic sentence and connect the paragraph's ideas directly to the thesis*

## Conclusion

*Use new words to restate original thesis*

*BRIEFLY remind readers of major points of the argument*

*Answer the "so what?" question by suggesting any consequences, recommendations, predictions, and/or calls to action that stem from the paper's overall argument*

*Provide a note of finality by touching back on the hook that started everything*
