

elephant gnosis

The painting is a complex, layered composition. The central figure is a large, reddish-brown elephant head, rendered with a textured, almost metallic or stone-like quality. It has several eyes: a large, dark, almond-shaped eye on the left, a smaller, lighter eye on the right, and a small, red, circular eye in the center of its forehead. The trunk is thick and segmented, with a lighter, almost white tip. The background is a dense, swirling mass of organic, cellular forms in shades of green, brown, and orange, creating a sense of depth and movement. The overall style is surreal and evocative, blending naturalistic elements with abstract, dreamlike imagery.
