Chapter 1

The Possibilities of Time

A fictional collage of dreams, *Einstein's Dreams* imagines how scientific genius Albert Einstein conceived of time and space. The vignettes are stitched together through the endless possibility of different worlds that Einstein might have envisioned connecting art, science, and humanity.

Time

Einstein constantly dreams about the nature of time, in which many of his dream characters become stuck—psychologically and physically.

Humanity

Most of the characters in *Einstein's Dreams* are stuck and unnamed, representing the scope of humanity.

Free Will

Many of Einstein's dreams ask how much control humans have when the passage of time is not in their control.
