Alcocer, 2023-02-01 Interpretaciones Experimental Criticism and the Metrics of Latin American Literature examines readers' reactions to short texts during crucial moments of the reading experience These readers are students at universities in the US and several Spanish speaking countries Far from reducing the reading experience to a series of numbers the data driven approaches in the study instead underline the startling complexity and elusiveness of seemingly basic literary processes and concepts including those pertaining to authorship titles conclusions and so on Simultaneously Interpretaciones suggests alternative methodologies for gaining new and unexpected knowledge about literary texts themselves whether from Latin America or elsewhere Interpretaciones is an ambitious interdisciplinary project geared toward those interested in literary theory Latin American and Caribbean literature and the nexus between literature and science *The Latin American Short Story* Margaret Sayers Peden, 1983 **The Publishers' Trade List Annual** , 1986 **Recording for the Blind & Dyslexic, ... Catalog of Books** , 1996 Index to Spanish language short stories in anthologies Iván E. Calimano, 1994 *Forthcoming Books* Rose Army, 1997 The Latin American Short Story Daniel Balderston, 1992-05-20 The enormous body of short story anthologies from the nineteen countries of Spanish America and Brazil testifies to their importance for writers editors readers and especially for schools and universities teachers and students The study of anthologies and their contents can be particularly

revealing for many of the questions looming large in critical discourse particularly those on canon formation and the relations between literature and cultural institutions but researching this corpus is difficult because it varies greatly in quality distribution and format The present volume for the first time gathers this mass of material and organizes it for systematic study The main section comprises annotated listings of 1302 short story anthologies those with stories from all or most of the countries grouped together including a section of English language anthologies those from countries of a region and those from individual nations For most entries a full listing of contents is provided along with brief commentary A second section comprises annotated bibliographies of criticism of the short story similarly arranged with materials for Latin America as a whole as well as regionally and nationally The volume ends with four indexes of authors of the stories of authors of essays introductions and other critical materials of titles of the critical works and of themes An essential tool for scholars working on Latin American narrative this bibliography will also serve as a practical finding aid for individual writers and stories
