The Intellectual Roots of Independence Iris M. Zavala, 1980 In the late nineteenth century American teachers descended on the Philippines which had been newly purchased by the U S at the end of the Spanish American War Motivated by President McKinley's project of benevolent assimilation they established a school system that centered on English language and American literature to advance the superiority of the Anglo Saxon tradition which was held up as justification for the U S's civilizing mission and offered as a promise of moral uplift and political advancement Meanwhile on American soil the field of American literature was just being developed and fundamentally though invisibly defined by this new extraterritorial expansion Drawing on a wealth of material including historical records governmental documents from the War Department and the Bureau of Insular Affairs curriculum guides memoirs of American teachers in the Philippines and 19th century literature Meg Wesling not only links empire with education but also demonstrates that the rearticulation of American literary studies through the imperial occupation in the Philippines served to actually define and strengthen the field Empire's Proxy boldly argues that the practical and ideological work of colonial dominance figured into the emergence of the field of American literature and that the consolidation of a canon of American literature was intertwined with the administrative and intellectual tasks of colonial management Poesía y prosa de Bonifacio Byrne Bonifacio Byrne, Francisco Morán, 2011 In republishing Excéntricas 1893 not only will we recover Bonifacio Byrne's most important volume of poetry but also one of the most important titles of Cuban modernism and one which will certainly enrich the canon of Spanish American modernismo This is both a critical and carefully commented edition of Excéntricas and other selections of Byrne's poetry and prose which also includes an updated bibliography and a survey of critical approaches to his poetry The edition also features a rigorous introduction that introduces the author to the reader places the poet in the context of his time and brings to light his singularity as a modernista poet Francisco Morán professor of Spanish American literature at Southern Methodist University is the editor of this volume Prof Morán who has published extensively on the main figures of modernism was in charge of the edition of Juana Borrero o la obsesión del obstáculo also published by Stockcero Poesía y prosa Gabriela Mistral, Jaime Quezada, 1993 **Library resources for research in the Caribbean** Association of Caribbean University and Research Libraries, 1978 Concise Encyclopedia of Latin American Literature Verity Smith, 2014-01-14 The Concise Encyclopedia includes all entries on topics and countries cited by many reviewers as being among the best entries in the book entries on the 50 leading writers in Latin America from colonial times to the present and detailed articles on some 50 important works in this literature those who read and studied in the English speaking world

relatives in South America who covered his black face with white powder to look whiter to my brothers See a woman in love white tender bray submissive delicate and the tiny ray of sun awakening a baby which has opened in his eyes a magic and flowery garden that holds him bewitched Feel sadness at the death of a village girl empathy for the mother of a sailor lost at sea and compassion for an angry man who gets drunk for the first time The author creates an impressionistic landscape with subtle nuances of light and shadow leaving tantalizing ambiguities to be resolved only in the eye of the beholder As might be assumed from the title bestowed on this work Jimenez s prose and poetical observations of the world around him previously encountered in *Platero and I* take on a somewhat darker more transcendent hue in this further collection Gone is the unifying theme of itinerant man and donkey and the physical boundaries of time and space Here Jimenez allows his poetic vision to sweep far and wide distilling and concentrating his art into thumbnail sketches of such disparate characters among many are a beggar girl a grape harvester an elderly canary and even the moon itself Prefaced by a scholarly introduction from the translator this is a fine and sensitive translation which captures gloriously the sheer lyrical beauty of Jimenez s writing
