 Perspective** Minoru Sawai, 2017-07-09 This is the first book to examine the process of railway development in Japan Korea
 Taiwan and China from historical and comparative perspectives Moreover it discusses and compares the East Asian
 experiences of railway development with cases in Germany which was a mainstay of railway development in Europe After the
 opening of Japan in the mid nineteenth century the country achieved import substitution of locomotives in half a century This
 book explores the social capability of Meiji Japan to overtake the advanced countries in railway technology Parallel with the
 expansion of the Japanese empire a large team of engineers constructed and operated the colonial government railways of
 Taiwan and Korea and the South Manchuria Railway The book clearly outlines the education and training of these engineers
 The management capabilities of the colonial railways and South Manchuria Railway were transferred to the postwar period
 and such expertise supported the economic development of each country and region These dramatic East Asian experiences
 of railway development are compared with European cases mainly German railways **Ulrich's International Periodicals

 capitalist world between 1920 and 1945 the Deutsche Reichsbahn German National Railway was at the centre of events in a
 period of great turmoil in Germany Alfred Mierzejewski reveals the history of the railway s operations throughout Hitler s
 regime showing that despite resisting efforts to politicise its internal functions it co operated with the government s anti
 Semitic policies The railway played a crucial role in the Holocaust not only did it support the construction and operation of
 the Nazi death camps but it transported 3 million Jews to them to be destroyed Back cover Jahrbuch der internationalen
