Convivencia y resolución de conflictos, *Convivencia y resolución de conflictos* pretende contribuir significativamente tanto al debate académico como a la intervención social. Al reunir enfoques teóricos, metodológicos, experiencias y estrategias de acción, aspiramos a fortalecer el compromiso con una convivencia más respetuosa, inclusiva y solidaria que haga frente a las múltiples formas de violencia que persisten en nuestros entornos. La obra se sostiene en una perspectiva plural e integral que articula los saberes de la pedagogía, la psicología, la antropología, el derecho, la sociología, la ciencia política y otros campos afines, convencidos de que solo un abordaje interdisciplinario puede hacer justicia a la complejidad del fenómeno de la violencia y del conflicto. Cada capítulo ofrece un análisis crítico de situaciones concretas desde la convivencia universitaria hasta el acoso escolar, desde los conflictos laborales hasta la justicia restaurativa en el ámbito penal juvenil y brinda valiosas orientaciones de prevención y transformación. Este nuevo volumen incorpora marcos teóricos que iluminan la comprensión de fenómenos como la diversidad cultural y la interacción transcultural, ofrece claves para el diseño de políticas públicas, programas educativos y prácticas comunitarias encaminadas al fortalecimiento de la convivencia. En el mismo sentido, el libro sin perder rigor científico adopta una visión humanista que reivindica el poder de la educación, la comunicación, el diálogo y la participación como elementos fundamentales para la construcción de sociedades más justas, pacíficas e inclusivas. Se parte del reconocimiento de la dignidad inherente de toda persona, de la necesidad de fomentar la empatía y de asumir la corresponsabilidad en la construcción del

bien como se afirma asimismo la importancia de los marcos normativos tanto nacionales como internacionales que amparan los derechos humanos así como la necesidad de su efectiva implementación y de su permanente actualización ante los nuevos retos sociales

Caminando hacia la inclusión de las personas LGBTIQ+, Este libro surge de la profunda convicción de que la universidad no solo debe ser un reflejo de la sociedad sino también un motor de cambio y transformación hacia una convivencia más justa y equitativa en los derechos de las personas LGBTIQ y la igualdad de género. A lo largo de estas páginas que surge del proyecto GForce un proyecto de asociación estratégica Enforcing gender equality and contributing to sexual orientation respect in a Higher Education institutions alliance financiado por el programa Erasmus exploraremos las intersecciones entre la institución académica y las realidades de las personas LGBTIQ. Desentrañando los prejuicios arraigados, las ausencias en los currículos y las oportunidades desaprovechadas para construir entornos verdaderamente inclusivos. Examinaremos la urgencia de descolonizar el conocimiento cuestionando las narrativas endocisheteronormativas que han dominado disciplinas enteras y proponiendo enfoques más inclusivos y representativos. La universidad, pilar fundamental del conocimiento y la innovación ha sido tradicionalmente concebida como un espacio de mérito y excelencia. Sin embargo, esta visión idealizada a menudo ha invisibilizado las barreras y desafíos que enfrentan la igualdad de género y los derechos de las personas LGBTIQ. En un mundo cada vez más consciente de la riqueza que aporta la pluralidad se hace imperativo repensar el papel de la educación superior en la promoción de la igualdad y la diversidad sexogénica. Nos adentraremos en sus páginas en el análisis de las políticas y prácticas universitarias examinando cómo pueden y deben evolucionar para garantizar que toda la comunidad universitaria independientemente de su orientación sexual o identidad de género se sienta libre y con plenas posibilidades de desarrollo. En este viaje invitamos a cualquier persona comprometida con la construcción de una sociedad más justa con los derechos LGBTIQ y la igualdad de género a reflexionar, a disfrutar de su lectura y sobre todo a actuar. Porque solo a través de un compromiso colectivo y decidido podremos tejer ese futuro donde la igualdad y la diversidad sexogénica dejen de ser aspiraciones para convertirse en la vibrante y enriquecedora realidad que nos rodea.

Distant Relation Eoin S. Thomson, 2001-01-24. The Distant Relation breaks down the artificial division between philosophy and literature by weaving contemporary philosophic arguments through close readings of Carpentier, Rulfo, Paz and García Márquez. Thomson draws the reader into the largely uninhabited space between philosophy and literature providing new critical strategies that allow text and reader to respond to the very distance they share. These strategies involve a reconceptualization of distance that recognizes the productive and affirmative nature of separation. The Distant Relation will attract anyone interested in the ongoing struggle to overcome conventional interpretations of language, time and identity within the broader context of philosophical trends and Spanish American studies. *Alejo Carpentier and His Early Works* Frank Janney, 1981.
