El Anarquismo Espanol Y La Accion Revolucionaria 19611974:

Anarchist Ideology and the Working-Class Movement in Spain, 1868-1898 George R. Esenwein, 2023-11-15 This book delves into the rich history of Spanish anarchism tracing its development from its early roots in the late 19th century through the Spanish Civil War Often viewed through a lens of revolution violence and rural rebellion Spanish anarchism has long captivated historians and students of European history While much focus has been placed on the period from 1936 1939 this work turns its attention to the often overlooked earlier stages particularly the late 19th century By examining this complex movement the book challenges long standing interpretations that frame Spanish anarchism as merely a millenarian or pre political ideology offering instead a nuanced understanding of its evolution and ideological framework Drawing on both historical and ideological perspectives this study breaks new ground by questioning the prevailing millenarian thesis and providing a closer look at the intellectual and political dimensions of the movement From the influence of figures like Bakunin and the rise of syndicalism to the profound shifts in strategy and tactics within the anarchist movement the book explores how anarchism carved out a unique space in Spain s political landscape This comprehensive approach highlights the diversity of anarchism s adherents from landless laborers to middle class intellectuals and its lasting impact on Spain s political history This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989

Historical Dictionary of Spain Angel Smith, 2017-12-29 Following Spain's transition to democracy in the 1970s the country experienced rapid economic modernization the establishment of a functioning liberal democracy and a cultural renaissance Along with rising living standards over the following thirty years ordinary Spaniards experienced massive improvements in the road and rail networks in local amenities from sporting facilities to centers for the aged and in the public health system As a result by the start of the 20th century Spaniards had largely overcome any sense of inferiority in comparison with other major western European countries and the United States However Spain was hit by a severe economic recession between 2008 and 2011 and unemployment levels are still very high Moreover a large number of corruption cases have come to light and tensions between the central government and Catalan autonomous government have burst into open conflict Restructuring the Spanish economy ensuring probity in public life and accommodating Catalonia within the Spanish state are therefore key tasks in the decade the lies ahead This third edition of the Historical Dictionary of Spain contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has more than 700 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture The book is an excellent resource for students researchers and anyone wanting to know more about Spain

A People Betrayed: A History of Corruption, Political Incompetence and Social Division in Modern Spain Paul Preston, 2020-06-16 Nowhere does the ceaseless struggle to maintain democracy in the face of political corruption come more alive than in Paul Preston's magisterial history of modern Spain The culmination of a half century of historical investigation A People Betrayed is not only a definitive history of modern Spain but also a compelling narrative that becomes a lens for understanding the challenges that virtually all democracies have faced in the modern world Whereas so many twentieth century Spanish histories begin with Franco and the devastating Civil War Paul Preston's magisterial work begins in the late nineteenth century with Spain's collapse as a global power especially reflected in its humiliating defeat in 1898 at the hands of the United States and its loss of colonial territory This loss hung over Spain in the

early years of the twentieth century its agrarian economic base standing in stark contrast to the emergence of England Germany and France as industrial powers Looking back to the years prior to 1923 Preston demonstrates how electoral corruption infiltrated almost every sector of Spanish life thus excluding the masses from organized politics and giving them a bitter choice between apathetic acceptance of a decrepit government or violent revolution So ineffective was the Republic which had been launched in 1873 that it paved the way for a military coup and dictatorship led by Miguel Primo de Rivera in 1923 exacerbating widespread profiteering and fraud When Rivera was forced to resign in 1930 his fall brought forth a succession of feeble governments stoking rancorous tensions that culminated in the tragic Spanish Civil War With astonishing detail Preston describes the ravages that rent Spain in half between 1936 and 1939 Tracing the frightening rise of Francisco Franco Preston recounts how Franco grew into Spain's most powerful military leader during the Civil War and how after the war he became a fascistic dictator who not only terrorized the Spanish population through systematic oppression and murder but also enriched corrupt officials who profited from severe economic plunder of Spain's working class The dictatorship lasted through World War II during which Spain sided with Mussolini and Hitler and only ended decades later in 1975 when Franco's death was followed by a painful yet bloodless transition to republican democracy Yet as Preston reveals corruption and political incompetence continued to have a corrosive effect on social cohesion into the twenty first century as economic crises Catalan independence struggles and financial scandals persist in dividing the country Filled with vivid portraits of politicians and army officers revolutionaries and reformers and written in the absorbing Economist style for which Preston is so revered *A People Betrayed* is the first historical work to examine the continuities of political unrest and national anxiety in Spain up until the present providing a chilling reminder of just how fragile democracy remains in the twenty first century

En estas páginas el estudio de estos grupos se hace desde la perspectiva de los que siempre han permanecido en el olvido sus víctimas Una obra que intenta saldar una deuda pendiente con ellas Si en el caso de las víctimas de ETA la tendencia es al olvido en el caso de estas otras se suma el desconocimiento generalizado como mártires del terrorismo *Franco (edición actualizada)* Paul Preston, 2015-11-12 La biografía de referencia del dictador español ahora en una nueva edición conmemorativa en el cincuenta aniversario de su muerte Contra la visión de Franco como figura providencial una biografía completísima rigurosa y apasionante del hombre que rigió España durante tantos años donde se muestra al militar ambicioso e implacable al admirador de Hitler y Mussolini al dirigente político cada vez más pagado de su propio papel pero incapaz de comprender la complejidad de Estado y la economía modernas Queda el hombre visceralmente conservador tan cauto como ambicioso habil en el manejo de las personas y de los contrapesos del poder Un libro imprescindible para quien quiera comprender la historia reciente de España así como a uno de los personajes centrales de la misma La crítica ha dicho Paul Preston ha escrito y con gran diferencia la mejor biografía del dictador Franco L M Anson La biografía definitiva y apasionante del dictador español Francisco Franco Publishers Weekly Preston nos presenta un retrato de Franco muy diferente al que generalmente conocemos Kirkus Review **El terrorismo en España** Gaizka Fernández Soldevilla, 2021-04-22 El 27 de junio de 1960 la explosión de una bomba causó heridas a una niña Begoña Urroz que falleció al día siguiente Aquel atentado inauguraba la historia del terrorismo en España A lo largo de sus páginas se asoman el DRIL ETA el BVE los GRAPO los GAL Al Qaeda o Dersh Fueron organizaciones muy diferentes nacionalistas radicales de extrema izquierda ultraderechistas parapoliciales internacionales o yihadistas No obstante a todas les guiaba el mismo principio el fin justifica los medios sangrientos Además de analizar la trayectoria de las distintas bandas terroristas en la presente obra se presta especial atención a sus damnificados El Ministerio del Interior ha registrado 1 451 asesinatos y 4 983 heridos en atentados producidos desde 1960 hasta la actualidad Rescatando algunas de sus biografías se confiere a las víctimas del terrorismo un papel destacado en el relato Este libro nos permite comprender un fenómeno que no solo ha marcado nuestro pasado reciente sino que todavía hoy supone una de las mayores amenazas a las que nos enfrentamos *El maquis anarquista* Sánchez-Agustí, Ferran, 2006-01-01 Esta obra es un documento cuya publicación marca un antes y un después en la historia de la resistencia antifranquista armada catalana ya que este estudio está confeccionado con innumerables fuentes sumariales y enriquecido con testimonios supervivientes La línea pirenaica que separaba Cataluña de Francia se familiarizó con aquellos grupos confederales que partían de Toulouse esperanzados en una inminente intervención aliada contra el régimen franquista Dichos luchadores intentaron convertir aquella Barcelona comprimida entre collados y cercada de speros suburbios en su maquis entre 1946 y 1951 **Cuadernos para el diálogo, 1963-1976** Javier Muñoz Soro, 2006 Economía y posguerra desde el exilio José María Gómez Herráez, 2000 Most of the Spanish expatriates after Civil War were preoccupied by the reality they left and the desire to change it in spite of suffering from non communication The value and contribution of the

Es más, muchos de los elementos que jugaron un papel de protagonismo en el proceso de transición que dio lugar a la Monarquía Democrática habían jugado sus primeras armas políticas desde las aulas universitarias en los años sesenta y setenta del pasado siglo. La particularidad de este estudio es que su autor ha conseguido acceder a una documentación hasta ahora inédita y cuya consulta ha presentado no pocas dificultades. Además se ha entrevistado con muchos de los protagonistas de aquellos acontecimientos que le han proporcionado toda la información que la memoria de cada uno de ellos ha sido capaz de recomponer **Anarchism** Robert Goehlert, Claire Herczeg, 1982
